The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 4 March 2021 and were signed on its behalf by:

B Harrison - Director

Notes to the Financial Statements  
for the Year Ended 31 December 2020

1. **ACCOUNTING POLICIES**

**BASIS OF PREPARING THE FINANCIAL STATEMENTS**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

**TURNOVER**

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

**TANGIBLE FIXED ASSETS**

Tangible fixed assets are stated at cost or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings Over the remaining life of the lease

Plant and equipment 12.5% to 33.3% straight line

Fixtures and fittings 20% to 33.3% straight line

Motor vehicles 25% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to the Income statement.

**STOCKS**

Stocks are valued at the lower of cost and net realisable value, where cost comprises expenditure which has been incurred in the normal course of business in bringing the product to its present location and condition, after making due allowance for obsolete and slow moving items.

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

**TAXATION**

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the Statement of financial position date.

Notes to the Financial Statements - continued  
for the Year Ended 31 December 2020

1. **ACCOUNTING POLICIES - continued**

**DEFERRED TAX**

Deferred tax represents the future tax consequences of transactions and events recognised in the financial statements of current and previous periods. It is recognised in respect of all timing differences, with certain exceptions. Timing differences are differences between taxable profits and total comprehensive income as stated in the financial statements that arise from the inclusion of income and expense in tax assessments in periods different from those in which they are recognised in the financial statements. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the Statement of financial position date that are expected to apply to the reversal of timing differences. Deferred tax on revalued non-depreciable tangible fixed assets and investment properties is measured using the rates and allowances that apply to the sale of the asset.

**FOREIGN EXCHANGE**

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

**HIRE PURCHASE AND LEASING COMMITMENTS**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**PENSION COSTS AND OTHER POST-RETIREMENT BENEFITS**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

The assets of the scheme are held separately from those of the company.

**PROVISIONS**

Provisions are set up only where it is possible that a present obligation exists as a result of an event prior to the Statement of financial position date and that a payment will be required in settlement that can be estimated reliably. Where material, provisions are calculated on a discounted basis.

2. **EMPLOYEES AND DIRECTORS**

The average number of employees during the year was 9 (2019 - 10) .

Notes to the Financial Statements - continued
