#### 1. Accounting policies

##### Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

The financial statements have been prepared under the historical costs convention as modified by the revaluation of certain assets.

##### Revenue recognition

Turnover represents rents receivable.

##### Investment property

Investment properties are included in the balance sheet at their open market value at the balance sheet date. The resulting aggregate surplus or deficit is transferred to a revaluation reserve. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years. Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

#### 2. Property, plant and equipment

In respect of certain fixed assets stated at valuations, the comparable historical cost and depreciation values are as follows:

At 24 December 2017	2,283,510
<b>Net historical cost value:</b>
