### TRAVELREST SERVICES LIMITED (formerly Forte (UK) Limited) DIRECTORS' REPORT

The Directors present their Report and Accounts for the 15 month period ended 25 December 2002

#### PRINCIPAL ACTIVITY AND REVIEW OF THE YEAR

The Company is a hotel and restaurant operator.

On 28 June 2002 the Board of Compass Group PLC announced the proposed sale of Travelodge and Little Chef following a strategic review of roadside operations in line with the Group's continuing strategic focus on contract foodservice, vending and selected foodservice concessions. The sale of the Company was completed on 4 February 2003.

As a result of this decision, management undertook a series of steps in order to prepare the Company for disposal. On 18 November 2002 certain hotels, other properties and a number of subsidiary companies were distributed as a dividend in specie to Waseley Roadside Restaurants Limited (see Note 9). The distribution amounted to £218,863,000 and was based on the net book value of the assets at that date. During the year, management conducted a revaluation of the hotels which resulted in a charge to the profit and loss account for the period of £134,196,000 (see Note 3).

During the period the Company sold, at open market value, the beneficial interest in certain property interests to newly incorporated wholly-owned subsidiaries, the consideration for which was left outstanding as an inter-company debt. The profit made on the sale amounted to £30,690,000 (see Note 5).

### CHANGE OF NAME

The Company changed its name to Travelrest Services Limited on 5 December 2001.

### TRADING RESULTS

The loss on ordinary activities before taxation for the period was £65,523,000 (Year ended 30 September 2001: loss of £233,721,000).

#### DIVIDENDS

The directors recommended the payment of an interim dividend in specie for the period on the Ordinary shares of £218,862,511 (72.95417 pence per share) (Year ended 30 September 2001: £Nil) which was paid on 18 November 2002. The directors do not recommend the payment of a further dividend for the period.

### TRAVELREST SERVICES LIMITED (formerly Forte (UK) Limited) STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

### REPORT OF THE INDEPENDENT AUDITORS, KPMG LLP, TO THE MEMBERS OF TRAVELREST SERVICES LIMITED

(formerly Forte (UK) Limited)

We have audited the financial statements on pages 6 to 24.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 4, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board, and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors remuneration and transactions with the company is not disclosed.

### Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the Company's affairs as at 25 December 2002 and of its loss for the 15 month period then ended and have been properly prepared in accordance with the Companies Act 1985.

### 1 ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's accounts.

### (a) Basis of preparation

The accounts have been prepared in accordance with applicable Accounting Standards, and under the historical cost convention, modified to include the revaluations of certain fixed assets. The Company adopted FRS19 "Deferred Tax" in these financial statements. The comparative figures have been restated accordingly. The financial effect of this adoption is disclosed in Note 7.

The company is exempt by virtue of Section 228 of the Companies Act 1985 from the requirement to prepare consolidated accounts.

Under Financial Reporting Standard 1 (Revised), the Company is exempt from the requirement to prepare a cash flow statement on the grounds that its ultimate parent company includes the Company's cash flows in its own published consolidated accounts.

#### (b) Turnover

Turnover represents the amounts receivable for goods sold and services provided, excluding VAT and similar sales taxes.

#### (c) Depreciation

Depreciable fixed assets are written off on a straight line basis over their estimated useful lives as follows:

- Freehold and long leasehold land is not depreciated.
- Freehold buildings are depreciated to their estimated residual values over periods up to fifty years.
- Leasehold buildings are depreciated to their estimated residual values over the shorter of fifty years and their remaining lease periods.
- Building surface finishes and services are depreciated over twenty five years.
- All other assets are depreciated over ten to fifteen years for plant and machinery, four to ten years for furniture and equipment, and up to five years for information technology software and hardware.

#### (d) Leases

Finance leases are those which transfer substantially all the risks and rewards of ownership to the lessee. Assets held under such leases are capitalised as tangible fixed assets and depreciation is provided where appropriate. Outstanding finance lease obligations, which comprise principal plus accrued interest, are included within creditors falling due after more than one year. The finance element of the agreements is charged to the profit and loss account over the term of the lease on a systematic basis. All other leases are operating leases. The rentals on such leases are charged to the profit and loss account as incurred.

#### (e) Stocks

Stocks are stated at the lower of cost and net realisable value.

#### (f) Taxation

The charge for taxation is based on the result for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatement of certain items fortaxation and accounting purposes which have arisen but not reversed by the balance sheet date, except asotherwise required by FRS19.

### 1 ACCOUNTING POLICIES (CONTINUED)

### (g) Foreign currencies

Overseas trading results are translated into sterling at the average rates of exchange during the financial year. Overseas net assets and UK loans denominated in foreign currencies are translated into sterling at period end rates of exchange. Exchange differences arising on the Company's net investments in overseas subsidiary undertakings and on borrowings in foreign currencies specifically taken out to hedge those investments are dealt with through reserves. Other exchange differences are taken to the profit and loss account.

### (h) Subsidiary undertakings

Shares in subsidiary undertakings are revalued periodically on the basis of the Company's share of the net assets of these undertakings. Any diminution in carrying value below historical cost is charged to the profit and loss account.

### (i) Intellectual Property

Intellectual Property arose on the purchase of rights in relation to use of the Travelodge name from another Compass Group fellow subsidiary undertaking. This is amortised over a period of twenty years.

#### (i) Retirement Benefits

The transitional requirements of FRS 17 "Retirement Benefits" have been adopted in the financial statements for the period ended 25 December 2002. The Company operates a pension scheme providing benefits based on final pensionable pay. The assets of the scheme are held separately from the Company. Contributions to the scheme are charged to the profit and loss account so as to spread the cost of pensions over the employees working lives with the Company.

Discontinued operations for the year ended 30 September 2001 include the comparatives for the activities discontinued in the current period, together with the results of the former Forte Hotels Division operations that were disposed of during that year.

The provision against tangible fixed assets have arisen following a revaluation and impairment review of certain hotels. The review was based on a multiple of earnings. The hotels subject to impairment were distributed at net book value as part of the dividend in specie (see Note 9).

The provisions against tangible fixed assets in the year ended 30 September 2001 arose following a review of asset values as a result of the merger between Granada and Former Compass and the subsequent demerger that was completed on 2 February 2001. In addition, following the disposal of the Forte Hotels Division, provisions were made against central tangible fixed assets that were not sold to the various hotel purchasers and did not retain any value to the on-going business.

Deferred tax asset (note 14)	-	9,694
Deferred tax liability (as above)		(10,134)
Total		(440)

As noted above, the Company has identified a deferred tax asset of £15,931,000 relating to accelerated capital allowances and other timing differences. As a result of the group tax position it is considered that the availability of sufficient taxable profits in the future against which the underlying timing differences can be deducted cannot be seen with reasonable certainty. Therefore, the deferred tax asset has not been recognised. An appropriate asset will be recognised when there is a reasonable expectation that taxable profits will be available to utilise the timing difference which will be dependent upon the group tax position.

The estimated potential taxation if company properties were disposed of at their net book amounts is £6,947,000 (2001: £87,585,000).

#### 22 PENSION COMMITMENTS

The Company participates in the Compass Pension Scheme and the Compass Group Final Salary Pension Plan. Both plans are defined benefit arrangements operated on a prefunded basis. The funding policy is to contribute such variable amounts, on the advice of the Actuary, as achieves a 100% funding level on a projected salary basis. The actuarial assessments covering expense and contributions are carried out by independent qualified actuaries. The latest actuarial valuations of the Compass Pension Scheme and the Compass Group Final Salary Pension Plan were made on 31 December 2001 and 6 April 2001 respectively. Details are set out in the Report and Accounts of Compass Group PLC, the ultimate holding company.

The Compass Pension Scheme was set up from 1 February 2001 to mirror the Granada Pension Scheme and accept the seamless transfer of pension rights for the former Granada Group PLC employees who transferred to Compass Group PLC. New employees join the Compass Group Final Salary Pension Plan.

It was agreed that, after 1 February 2001, all accrued rights in respect of the Granada Pension Scheme of and in respect of the employees and former employees (including pensioners) of, or who are attributed to the hospitality businesses formerly owned by Granada Compass plc, should be transferred to the Compass Pension Scheme, together with an agreed share of all the assets of the Granada Pension Scheme. This transfer is to be effected under the terms of a specific agreement, the Pension Demerger Deed. The share of assets is to be determined on a "share of fund" basis, whereby the assets to be transferred are to be in the same proportion of all the relevant assets of the Granada Pension Scheme as the liabilities to be transferred to the Compass Pension Scheme bear to the whole of the relevant liabilities of the Granada Pension Scheme.

It is estimated by the Actuary to the Granada Pension Scheme, on the basis of values derived from the most recent formal actuarial valuation of the Granada Pension Scheme that approximately one-third of the assets and liabilities of the Granada Pension Scheme will be transferred to the Compass Pension Scheme under the arrangements set out in the Pension Demerger Deed.

The transfer of assets and liabilities from the Granada Pension scheme to the Compass Pension Scheme is subject to agreement between the respective actuaries to those schemes and to all applicable legal and Inland Revenue requirements being met. An interim transfer was made at the end of October 2001.

The total pension cost for the Company was £814,000 (2001: £Nil). Employers contributions due in respect of the Company's employees have not been charged but have been borne by other Compass group companies.

### FRS 17 "Retirement Benefits" - Multi employer exemption

On 30 November 2000, the Accounting Standards Board introduced a new standard, FRS17 "Retirement Benefits" replacing SSAP24 "Accounting for Pension Costs". FRS17 is fully effective for periods ending on or after 22 June 2003, though disclosures are required in the transitional period commencing with the year ended 30 September 2001.

As explained above, the Company is a member of pension schemes providing benefits based on final pensionable pay. Because the Company is unable to identify its share of the schemes assets and liabilities on a consistent and reasonable basis, as permitted by FRS 17, the schemes will be accounted for by the Company when the accounting standard is fully adopted by the Company, as if the schemes were defined contribution schemes.
