**Statement of financial position (continued)**

**As at 31 July 2021**

---

The director of the company has elected not to include a copy of the income statement within the financial statements.

For the financial year ended 31 July 2021 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The director acknowledges his responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements were approved and signed by the director and authorised for issue on 14 February 2022

Grenville Chamberlain

## **Cecil Instruments Limited**

### **Notes to the financial statements For the year ended 31 July 2021**

---

#### **1 Accounting policies**

##### **Company information**

Cecil Instruments Limited is a private company limited by shares incorporated in England and Wales. The registered office is Suite 12, Westpoint, Peterborough Business Park, Lynch Wood, Peterborough, PE2 6FZ.

##### **1.1 Accounting convention**

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include investment properties at fair value. The principal accounting policies adopted are set out below.

##### **1.2 Going concern**

The company is financed through a shareholder loan of £696k, held by the CSC Tarbet Will Trust. The loan is repayable on demand and has been included within current liabilities. The trustees have confirmed that they will not demand repayment for a period of at least 12 months from the date of signing of the accounts. In addition to the loan there is an unpaid balance of accrued interest of £547k (2020: £517k) which is included in current liabilities. Accordingly the financial statements have been prepared on a going concern basis.

##### **1.3 Turnover**

Turnover represents amounts receivable for goods and services net of VAT and trade discounts. Revenue arising from sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, this is in accordance with the contract and delivery conditions. Revenue from services is recognised at the point at which the service is performed.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer (usually on dispatch of the goods), the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from service contracts is recognised on a straight line basis over the period of the contract.

Rental turnover represents rental receipts and recharges excluding VAT. Rental turnover is recognised on an accruals basis over the term of the lease.

**1 Accounting policies (continued)**

**1.4 Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land and buildings	2% straight line
Plant and machinery	10% straight line
Fixtures, fittings & equipment	20% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

**1.5 Investment properties**

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value at the reporting end date. Changes in fair value are recognised in profit or loss.

**1.6 Cash at bank and in hand**

Cash and cash equivalents are basic financial assets and include cash in hand and deposits held at call with banks.

**1.7 Financial instruments**

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

***Basic financial assets***

Basic financial assets, which include debtors, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

**1 Accounting policies (continued)**

***Classification of financial liabilities***

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

***Basic financial liabilities***

Basic financial liabilities, including creditors, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

**1.8 Equity instruments**

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

**1.9 Taxation**

The tax expense represents the sum of the tax currently payable and deferred tax.

***Current tax***

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

***Deferred tax***

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

**Cecil Instruments Limited**

**Notes to the financial statements (continued)**

**For the year ended 31 July 2021**

---

**1 Accounting policies (continued)**

**1.10 Employee benefits**

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

**1.11 Government grants**

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

**2 Employees**

The average monthly number of persons (including directors) employed by the company during the year was:

	<b>2021</b>	<b>2020</b>
	<b>Number</b>	<b>Number</b>
Total	1	1

**3 Investment property**

	<b>2021</b>
	<b>£</b>
<b>Fair value</b>	
At 1 August 2020	3,750,000
Revaluations	250,000
At 31 July 2021	4,000,000

The fair value of the investment property at 31 July 2021 has been determined by the director based on a valuation given by an independent valuer at 31 May 2017 by reference to market evidence of expected rental yields for similar properties. The director has updated the valuation this year using local market knowledge.

**Cecil Instruments Limited**

**Notes to the financial statements (continued)**

**For the year ended 31 July 2021**

**4 Debtors**

	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
<b>Amounts falling due within one year:</b>		
Trade debtors	54,352	26,149
Other debtors	64,546	94,947
	<u>118,898</u>	<u>121,096</u>

**5 Creditors: amounts falling due within one year**

	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
Trade creditors	49,342	47,405
Corporation tax	35,311	-
Other taxation and social security	13,642	7,494
Other creditors	214,072	415,577
Debtenture loans	500,000	500,000
Accruals and deferred income	599,908	575,419
	<u>1,412,275</u>	<u>1,545,895</u>

The debtenture loan is secured by a charge on the freehold property and other assets of the company.

Included in other creditors is a loan with a fixed and floating charge over the assets of the company amounting to £195,520 (2020: £397,025).

**6 Deferred taxation**

The following are the major deferred tax liabilities and assets recognised by the company and movements thereon:

	<b>Liabilities</b>	<b>Liabilities</b>
	<b>2021</b>	<b>2020</b>
<b>Balances:</b>	<b>£</b>	<b>£</b>
Investment property	<u>461,129</u>	<u>413,629</u>

**Cecil Instruments Limited**

**Notes to the financial statements (continued)**

**For the year ended 31 July 2021**

**6 Deferred taxation (continued)**

	<b>2021</b>
<b>Movements in the year:</b>	<b>£</b>
Liability at 1 August 2020	413,629
Charge to profit or loss	47,500
	<hr/>
Liability at 31 July 2021	461,129
	<hr/> <hr/>

The deferred tax liability set out above is not expected to reverse within 12 months and relates to the revaluation of investment properties that are not expected to be sold within 12 months.

**7 Called up share capital**

	<b>2021</b>	<b>2020</b>
	<b>£</b>	<b>£</b>
<b>Ordinary share capital</b>		
<b>Issued and fully paid</b>		
30,400 Ordinary 'A' shares of 50p each	15,200	15,200
100 Ordinary 'B' shares of £1 each	100	100
	<hr/>	<hr/>
	15,300	15,300
	<hr/> <hr/>	<hr/> <hr/>

Each share of both classes is entitled to one vote and to rank pari passu as regards dividends irrespective of the nominal value of the shares but on winding up each issued fully paid up share shall be repaid at its nominal value.
