Principal activity

The Company's principal activity is to act as a nominee company for the holding of securities to enable the Northern Trust group to service assets on behalf of clients. There has been no significant change in the activities during the financial year.

Operational and financial review

The Company did not trade during the year, and there was no income or expenditure. Any expenses have been met by the London branch of the parent company, The Northern Trust Company. As no trading activity was undertaken, and no profits or gains were made in 2012, or the previous year (2011), no Profit and Loss Account, or Statement of Total Recognised Gains and Losses has been included within these financial statements.

Financial risk management

The Company's activities expose it to some financial risks and those activities involve the analysis, evaluation, acceptance and management of some degree of risk or combination of risks. The Company aims to minimise risk to the Company in the holding of assets on behalf of Northern Trust clients.

The Directors have overall responsibility for establishing risk management policies and the risk appetite of the Company, ensuring there is a sound system of risk management, internal compliance and control across the Company. Risk management is facilitated by the Business Risk Committees of the ultimate parent company. The Audit Committee of the ultimate parent company, Northern Trust Corporation, also assists the Directors by monitoring and evaluating the effectiveness of the Company's risk management and internal control environment.

At 31st December 2012, the Company had net funds of £250,000 (2011: £250,000). Having assessed the future funding requirements of the Company, the Directors are of the opinion that it is appropriate for the accounts to be prepared on a going concern basis.
