ABBREVIATED BALANCE SHEET (continued)
AS AT 30 JUNE 2014

The abbreviated accounts, which have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006, were approved and authorised for issue by the board and were signed on its behalf on 31 March 2015.

R A H Wainright-Lee

Director

The notes on pages 4 to 7 form part of these financial statements.

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 JUNE 2014**

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of plant and machinery and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Going concern

The company meets its day to day working capital requirements through an overdraft facility which is repayable on demand, in addition to the use of invoice financing. The directors are therefore reliant upon the support of the company's bankers and are confident that this support will continue for the foreseeable future. They also expect to operate within the facilities currently agreed and within that expected to be agreed when the company's bankers consider the renewal of the facility.

The directors are therefore satisfied that the company will continue to trade for a period of at least 12 months from the date of which these financial statements have been approved and consider it appropriate to prepare the financial statements on a going concern basis.

1.3 Cash flow

The financial statements do not include a Cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.4 Turnover

Turnover comprises revenue recognised by the company in respect of the sale of such goods outlined in the company's principal activities during the year, exclusive of Value Added Tax and trade discounts.

Turnover is recognised upon delivery of these goods to the customer.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and machinery	-	10% straight line
Fixtures and fittings	-	10% straight line
Computer equipment	-	33% straight line

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2014

1. ACCOUNTING POLICIES (continued)

1.6 Revaluation of tangible fixed assets

Individual freehold and leasehold properties are carried at current year value at the balance sheet date. A full valuation is obtained from a qualified valuer for each property every five years, with an interim valuation three years after the previous full valuation, and in any year where it is likely that there has been a material change in value.

Revaluation gains and losses are recognised in the statement of total recognised gains and losses unless losses exceed the previously recognised gains or reflect a clear consumption of economic benefits, in which case the losses are recognised in the Profit and loss account.

1.7 Operating leases

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

1.8 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

1.9 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.10 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.
