Directors' report

The directors present their annual report and the audited financial statements for the year ended 31 December 2010

Principal activities

The principal activity of Lionbridge (UK) Limited is the provision of technical writing services

Review of the business and future prospects

Turnover for the year increased to £8 663 000 (2009 £8 416,000) and profitability also improved on the previous period. This was encouraging given current economic and trading conditions which remain challenging for all businesses. With new projects coming on stream in 2011 and the growth potential for our key accounts, the directors remain optimistic about future prospects.

Business performance monitors

Key Performance Indicators (KPIs) are used throughout the business to monitor, control and optimise performance. KPIs include turnover, growth, gross profit and operating profit. The company also analyses non-financial information such as customer feedback.

Risks and uncertainties

The company operates in a global market and therefore is exposed to competitive, general commercial and currency fluctuations risks. The company manages such risks by seeking to build long-term relationships with large customer organisations and by staying focused on market conditions.

Dividends

The directors do not propose the payment of a dividend (2009 £Nil).

Directors

The directors who served during the year were as follows:

I Middlemiss
CJ Wedgwood
P Doherty (resigned 3 May 2011)
R Cowan

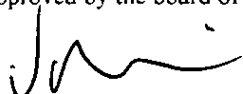

Disclosure of information to the auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware, and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be re-appointed and KPMG LLP will, therefore, continue in office.

Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements the directors are required to

- select suitable accounting policies and then apply them consistently
- make judgments and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Lionbridge (UK) Limited

We have audited the financial statements of Lionbridge (UK) Limited for the year ended 31 December 2010 set out on pages 5 to 14. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the directors' responsibilities statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's web-site at www.frc.org.uk/apb/scope/private.cfm.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2010 and of its result for the year then ended,
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Lionbridge (UK) Limited *(continued)*

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost convention

The company has financial resources together with long term contracts with a number of customers and suppliers across different geographic areas and industries. As a consequence, the directors believe that the company is well placed to manage its business risks successfully despite the current uncertain economic outlook.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Further information regarding the company's business activities, together with the factors likely to affect its future development, performance and position, is set out in the directors' report on page 1.

Turnover

Turnover represents the sales value of work done and is recorded net of value added tax.

Long term contracts

The amount of profit attributable to the stage of completion of long term contracts is recognised when the outcome of the contract can be foreseen with reasonable certainty. Turnover for such contracts is stated at the cost appropriate to their stage of completion plus attributable profits, less amounts recognised in previous years. Provision is made for any losses as soon as they are foreseen.

Contract work in progress is stated at costs incurred, less those transferred to the profit and loss account, after deducting foreseeable losses and payments on account not matched with turnover.

Amounts recoverable on contracts are included in debtors and represent turnover recognised in excess of payments on account.

Tangible fixed assets and depreciation

Depreciation is provided on tangible fixed assets at rates calculated to write off the cost, less estimated residual value, of each asset on a straight line basis over the expected useful life as follows:

Computer equipment	-	3-5 years
Plant and machinery	-	3-5 years
Fixtures and fittings	-	3-5 years

Research and development

All development expenditure is written off to the profit and loss account in the period in which it is incurred.

Pension costs

The company operates a contributory money purchase personal pension scheme. The assets of the scheme are held separately from those of the company in a separately administered fund. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

Notes (continued)

1 Accounting policies (continued)

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains and losses on translation are included in the profit and loss account.

Taxation

The charge for taxation is based on the result for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

Leased assets

Operating lease rentals are charged to the profit and loss account on a straight line basis over the lease term.

Related party transactions

As the company is a wholly owned subsidiary of Lionbridge Technologies Inc, the company has taken advantage of the exemption contained in FRS 8 'Related party disclosures' and has therefore not disclosed transactions or balances with other wholly owned entities which form part of the group. The consolidated financial statements of Lionbridge Technologies Inc, within which this company is included, can be obtained from the address given in note 18.

Cash flow statement

Under FRS 1 'Cash flow statements' the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements.

2 Turnover

The analysis of turnover by geographical area is as follows:

	2010 £000	2009 £000
United Kingdom	3,182	4,095
Africa and Asia	130	95
Rest of Europe	1,523	1,609
United States of America	3,828	2,617
	<hr/> 8,663 <hr/>	<hr/> 8,416 <hr/>

The directors consider that the company operates in one business segment.

	<hr/>	<hr/>
Total current tax charge (see above)	-	(14)
	<hr/>	<hr/>

Deferred tax asset

The directors believe sufficient profits will be generated in future periods to utilise the deferred tax asset in full

Factors that may affect future charges

The 2011 Budget on 23 March 2011 announced that the UK corporation tax rate will reduce to 23% by 1 April 2014. The first reduction in the UK corporation tax rate from 28% to 27% (effective from 1 April 2011) was substantively enacted on 20 July 2010, and further reductions to 26% (effective from 1 April 2011) and 25% (effective from 1 April 2012) were substantively enacted on 29 March 2011 and 5 July 2011 respectively.

This will reduce the company's future current tax charge accordingly and further reduce the deferred tax asset at 31 December 2010 (which has been calculated based on the rate of 27% substantively enacted at the balance sheet date) by £18,000.

It has not yet been possible to quantify the full anticipated effect of the announced further 2% rate reduction, although this will further reduce the company's future current tax charge and reduce the company's deferred tax asset accordingly.
