Notes

(forming part of the financial statements)

1 Profit and loss account

During the year and the preceding year the company did not trade and received no income and incurred no expenditure. Consequently during those years the company made neither a profit nor a loss.

Accordingly, no profit and loss account or statement of recognised gains and losses has been prepared.

2 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards, and under the historical cost accounting rules.

Group support

The financial statements have been prepared on the going concern basis, notwithstanding net liabilities of £193,301, which the directors believe to be appropriate for the following reasons. The company is dependent for its working capital on funds provided to it by adidas UK Limited, the company's parent. The current liabilities relate to amounts due to adidas (UK) Limited which has indicated that for at least 12 months from the date of approval it will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

3 Creditors: amounts falling due within one year
