Alchemy Limited

Notes to the Abbreviated Accounts For the Year Ended 31 March 2009

1 Accounting policies

1.1 Basis of preparation

The accounts have been prepared under the historical cost convention.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Turnover

Turnover represents the invoiced value of services provided net of VAT.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided on all tangible fixed assets other than freehold buildings which are held for investment, at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Freehold buildings	No depreciation
Leasehold property	Over the life of the lease
Plant and machinery	15% Reducing Balance
Fixtures, fittings & equipment	15% Reducing Balance
Motor vehicles	25% Reducing balance

Investment properties are revalued annually and the aggregate surplus or deficit is transferred to the revaluation reserve. No depreciation is provided. This is a departure from the requirements of the Companies Act 1985 which requires all properties to be depreciated. As the properties are held for the investment potential, the directors consider that this accounting policy results in the accounts giving a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be identified or quantified.

1.4 Investments

Fixed asset investments are stated at cost less any provision for permanent diminution in value.

1.5 Foreign currency translation

Transactions denominated in foreign currencies are recorded at the rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. All differences are taken to profit and loss account.

1.6 Pensions

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.
