FITZROVIA NEIGHBOURHOOD ASSOCIATION

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2022

The trustees present their annual report and financial statements for the year ended 31 March 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

Objectives and activities

Our objectives are set out in the charity's articles of association and are summarised below:

Our charity aims to improve the quality of life for those who live and work in Fitzrovia.

We set a number of objectives in order to realise this.

- to promote any charitable purpose for the benefit of people living and working in and around the area of Central London known as Fitzrovia ("the beneficiaries") by the advancement of education, the protection of health and the relief of sickness and distress;
- the promotion of recreation, leisure activities and a healthy environment in and around Fitzrovia in the interests of social welfare and in order to improve the quality of life of those who are in need by reason of their youth, age, infirmity or disablement, poverty or social and economic circumstances;
- to relieve poverty amongst the beneficiaries by the provision of advice and information about health, welfare, housing, social benefits and related matters.

How our activities bring public benefit

The charity carries out a wide range of activities in pursuance of its charitable aims. The trustees consider our work to bring direct benefit to those taking part in our activities and in receipt of our services and which are available to all residents of Fitzrovia and are free of any charge to the user. The trustees also consider the charity brings through its activities both direct and indirect benefit to our neighbourhood as a whole. The indirect benefit brought to the neighbourhood is incidental to the work of the charity. The trustees do not consider that the charity's activities cause any detriment or harm.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

Advice Service

Our advice service helps to meet our objective to relieve poverty. Users of the service are helped to understand their entitlements to welfare benefits and to help them stabilise and increase their income. We help those who are not able to fill in forms and to communicate with the welfare agencies. We give advice and assistance with welfare benefits, housing, disrepair and maintenance, fuel debt and poverty, employment and education.

We secured £80,000 funding providing a General Advice service for two years starting Jan 2021.

Unlike previous years, we now provide advice service by phone on three days a week; Starting in June 21, we offer by appointment only face to face advice services at the Chapel, Fitzroy Place.

FITZROVIA NEIGHBOURHOOD ASSOCIATION

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2022

We help Camden & Westminster residents in Fitzrovia; We provide service in English, Bengali, Sylheti, and Urdu.

In the year ending 30 Oct 22, we have seen 91 clients and dealt with 159 cases;
In the first 10 months of the service to 30 Oct 2021, there dealt with 95 clients and 171 cases;
While most of them were dealt with via the phone, we offered about 60 appointments on face-to-face basis.

As was the case in the previous year, the age profile of our clients remains at 33 percent in the 45-64 age range – reflecting problems with the rises in pension age for women, and the change in pension rules which means that it is now only granted when the youngest, not the oldest in a couple reaches pension age. There is slightly more demand from women than men. The ethnic mix stayed steady, with 75% of Bangladeshi origin and other South Asian areas. Many of our clients have only verbal skills and are unable to read or write in their native language or English. Most of our clients who are not Bangladeshi are also not native speakers of English, and/or are vulnerable because of physical or mental disabilities.

Post Covid, we mainly deal with disability benefits, and long-term health illness issues.
During lockdown, there was a rise in the number of landlord-tenant issues, mainly to do with maintenance and repair, as the Covid impact on staff and service availability continued to cause backlogs and slowing down landlord response time.

Our advisers continue to deal with Universal Benefit claims on behalf of clients- assisting with form filling, presentation of claims and dealing with some aspects of appeals against initial benefit decisions.

In the year ending 31 Oct 21, we successfully recovered £55,000 in "one off" payments for clients, and under £130,000 in ongoing benefit claims for clients.
In the period ending 30 Oct 20, we successfully recovered some £10,000 in "one off" and about £70,000 in ongoing claims for about 30 clients.

We continue to work with similar organisations in Camden and Westminster, we are one of the very few Bengali language speaking services in central London, and we offer bespoke support service over the phone and face to face; our services are highly demanded, but our resources are limited.

Fitzrovia Women Art Project

The project was run for many years at the FNA centre, with the support of the Mary Ward Centre.
The women group met once a week for about 25 sessions, creating artwork that was displayed at the British Museum and British Library over the years.

Thanks to a generous donation by Charlotte Street Association, we were able to resume the project in November 2021; there are 13-15 women meeting regularly during the year in 4 quarterly periods- about 25 meetings in total.

The project facilitates the group members to meet socially and work together on artwork, it provides an opportunity for some social interaction and support.

The project is currently supported by Camden's Adult Community Sourcing unit.

Fitzrovia News community newspaper

This is a volunteer-led project to deliver a free printed newspaper four times a year. It is led by two local journalists and editorial coverage is discussed at virtual online meetings.

Since the Covid pandemic Fitzrovia News is a smaller quarterly newspaper (2-3 pages equivalent of two-sides of a A4 sheet instead of a 16 page tabloid paper) with a regular monthly email newsletter sent to subscribers with the latest updates. Those are now digital advert free publications.

Fitzrovia News covers news about housing, planning and licensing, and also about the increasing commercialisation of the neighbourhood. It also features many stories about the history of the neighbourhood and the lives of the ordinary and less-ordinary people living here, and events and local culture. Fitzrovia News provides the facts, context, and strives to give a balanced view on issues affecting the residential community.

FitzroviaNews.com attracts around 8,000 page views every month. News articles are listed on Google News and Bing News. We have more than 3,500 followers on Twitter, and over 900 followers on Facebook, and over 400 followers on Instagram. We also send out an email newsletter every month to over 1,000 subscribers. Our readers are predominantly those who live and work in the neighbourhood but many are those who used to live here and now live in other countries but who like to keep in touch.

Over 30 people contribute to making the paper a success and help inform one another about our neighbourhood.

Environment, Planning and Licensing

This is a volunteer-led project helping to meet the objective of promoting a healthy built and social environment for people living in Fitzrovia.

We review planning and licensing applications and discuss local authority strategic plans. We are a recognised community group and amenity society for the London Borough of Camden and City of Westminster, and we help to shape local planning policy.

During 2021-2022 we commented on numerous licensing and planning applications as well as other consultations and encourage others to comment by providing a monthly list of local planning and licensing applications in partnership with Fitzrovia News – our community newspaper – at fitzroviaNews.com.

We continue to work with other community organisations on the ongoing discussions about the changes to Oxford Street and its surrounding districts to ensure that Westminster Council hear the voice of residents and people's concerns about pollution and congestion from road traffic. We successfully argued that air pollution and congestion should be reduced over the whole of the "Oxford Street District" and through motor traffic restricted and measures introduced to enable walking and cycling.

We work in partnership with FitzWest Business Neighbourhood Forum on planning and licensing matters.

We continue to engage with Camden Council and the progress of its West End Project, which is transforming the Tottenham Court Road area, affecting much of the residential community. We argued for improved safety for pedestrians and cyclists, and raised concerns about displacement of visitor parking and through motor traffic into Fitzrovia's side streets.

We also took part in zoom meetings about proposed large redevelopments and engaged directly with a number of landowners and developers in the neighbourhood. We work in partnership with the Charlotte Street Association who take a lead on planning and licensing issues on the Camden side of Fitzrovia.

Overall, Fitzrovia has not returned to its pre Covid status as far as business and employment are concerned. This is reflected in the number of planning and licensing we dealt with last year.

On the Westminster side, there was a notable reduction in those, but on the Camden side, there has been a slight increase in the number of applications we dealt with in 2021.

Membership

We have a core membership of around 200 people. Our email mailing list (shared with Fitzrovia News) has over 1,000 subscribers. Our annual general meeting and membership is open to all who live or work in Fitzrovia. Membership of the organisation is free. We serve a residential community of around 8,000 people many of whom have contact with the organisation through using our advice service, participating in our community development projects, or are readers of our printed community newspaper and news website. Residents also engage with the organisation through planning, licensing and environmental consultations.

Shafu Khanom, Chair of Trustees, Fitzrovia Neighbourhood Association, 04 Dec 2022.

Reserves policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The trustees considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

Risk management

The Trustees have considered the major risks to which the charity is exposed and have reviewed those risks and established systems and procedures to manage them. Procedures have been adopted to cover financial control procedures including being a member of an advisory services umbrella group.

Structure, governance and management

Fitzrovia Neighbourhood Association is a company limited by guarantee and not having a share capital and is governed by its Memorandum and Articles of Association. The company is a registered charity.

The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

1 Accounting policies

Charity information

Fitzrovia Neighbourhood Association is a private company limited by guarantee incorporated in England and Wales. The registered office is Fitzrovia Neighbourhood Centre, 39 Tottenham Street, London, W1T 4RX.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

These financial statements are prepared on the going concern basis. The trustees have a reasonable expectation that the charity will continue in operational existence for the foreseeable future, however, the trustees are aware of certain material uncertainties which may cause doubt on the charity's ability to continue as a going concern. The charity is grant funded, the Board note they currently have sufficient committed funds to continue delivering services until 31 March 2023, the charity are currently fundraising and will reconsider the financial position in January 2023.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Designated funds are unrestricted funds which have been set aside by the Trustees for specific purposes. The Trustees aim for the Sustainability Fund to hold between 3 and 6 months' operating costs for the charity to protect it against any future loss of funding. The Fitzrovia News Fund represents the Trustees' commitment to the continued production of this newspaper. Funds have also been designated for the Whitfield Gardens Mural Restoration.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

1.4 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

FITZROVIA NEIGHBOURHOOD ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2022

1 Accounting policies

(Continued)

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

1.5 Expenditure

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Plant and equipment	Office equipment 3years straight line
Fixtures and fittings	Furniture 10 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.8 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
