Amshold Group Limited

Directors' report

The directors present their annual report and the audited financial statements for the year ended 30 June 2013

Incorporation of company

The Company was incorporated on 5 June 2013

Principal activities

Amshold Group Limited, a Company registered in England and Wales, is the ultimate parent company of the Amshold Group of companies

The Company was incorporated on 5 June 2013 in the name of Amshold Holdings Limited. On 19 July 2013 the Company changed its name to Amshold Group Limited

The Group is engaged in property trading and investment together with the provision of management services. The directors do not anticipate any significant changes to the Group's activities in the foreseeable future.

Reorganisation of business

During June 2013 the groups of companies ultimately controlled by Lord Sugar were restructured to form three new separate groups. As a result of this restructuring Amshold Group Limited became the new ultimate parent company of one of these three new groups, "the property group".

A subsidiary of this new property group, Amshold International Limited (co reg 3710962), changed its name from Amshold Group Limited, on 19 July 2013. Prior to restructuring Amshold International Limited was one of the ultimate parent companies of these groups.

As a result of this group restructuring this new property group has adopted merger accounting. The results of the Group for the current and prior year as reported in the financial statements include the full year's results of each subsidiary of the Company irrespective of the period for which they were a subsidiary in the Group. Those subsidiaries that were not part of the new property group at 30 June 2013 are disclosed as discontinued operations in the financial statements.

The focus of the restructuring was to transfer out the trading companies to leave a group concentrating on property.

The discontinued operations sold in the period were Amscreen PLC, Viglen Technology Limited, Amsair Limited, Amstar Media Limited together with their respective subsidiaries.

Amshold Group Limited was incorporated on 5 June 2013 with the issue of 1 ordinary share and on 18 June 2013 this share was designated an A share. On 18 June 2013 the Company issued a further 5,991,885 £1 ordinary A shares, 35,522,513 £1 ordinary B shares and 1 £1 ordinary C share. In total on 18 June 2013 there were 41,514,400 ordinary shares in issue. On 28 June 2013 5,991,886 ordinary A shares were cancelled as part of the reorganisation. On 28 June 2013 the 1 ordinary C share was also cancelled as part of the reorganisation. The cancellation of these shares represents the disposal of the discontinued operations to their new holding companies.

At 30 June 2013 there were 35,522,513 ordinary B shares in issue.

Directors' report (continued)

Business review & future outlook

The Group had a very strong performance in this period growing its net assets by £44.5m to £448.9m. This reflects an 11% increase on the previous year.

At 30 June 2013 the Group has only £16.5m of debt which equates to approximately 3.7% of net assets. Since 30 June 2013 the Group has generated over £196.0m of surplus cash principally from the sales of two properties.

Since that time the Group has re-invested £85.7m on seven individual properties in Central London which it believes will offer mid and long term growth opportunities both in terms of capital values and investment income.

The Group intends to deploy £35.0m of its current cash reserves to fund the refurbishment, conversion and redevelopment of three prime iconic freehold sites that it has historically owned in Central London. This capital investment injection into these properties will significantly lift both the revenue streams and net asset value of the Group. We expect the first of these projects to come to fruition in September 2014 with the others running through to August 2017.

With a strong and stable management team and with its considerable internal cash resources the Group is very well positioned to continue to actively acquire viable real estate propositions that it feels will further enhance its portfolio.

Post balance sheet events

Since 30 June 2013 the Group has been active in the property market together with the sale of Amsprop Southbank Limited. This activity is detailed in note 31 to the financial statements.

Going concern

The directors have reviewed the current and projected financial position of the Company, making reasonable assumptions about future trading prospects.

On the basis of this review, and after making due enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the report and financial statements.

Financial risks

The directors considered the risks attached to the Group's and Company's financial instruments and have taken a prudent approach in their consideration of the various risks attached to the financial instruments of the Group and Company. The Group's and Company's exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of assets, liabilities and the financial statements.

The director's policy on hedging is to hedge all financial risks where it is feasible and cost effective to do so.

Dividends

The directors do not propose the payment of a dividend (2012: £nil).

Employees

Details of the number of employees and related costs can be found in note 3 to the financial statements

It is the Group's policy to promote equal opportunities in employment for both existing employees and applicants for employment. Every effort is made to ensure that applications for employment from disabled persons are fully and fairly considered having regard to their particular aptitudes and abilities and that disabled employees have equal opportunities in career development. In the event of an existing employee becoming disabled, every effort is made to ensure that their employment by the Group continues and that appropriate adjustments are made to their work environment.

The Group has continued its practice of keeping employees informed of matters affecting them as employees and the financial and economic factors affecting the performance of the Group.

Directors

The directors who held office for the Company since the date of incorporation to the end of the financial year are listed on page 1.

Directors' indemnities

The directors and officers of the Company are covered by a Group wide indemnity insurance policy taken out by Amshold International Limited a subsidiary of the Company.

Fixed assets

There are no significant differences between the book value of fixed assets and their net realisable value at the balance sheet date.

Donations

During the year the Group made political donations of £47,446 (2012 £53,244).

Auditor

Each of the persons who is a director at the date of approval of this report confirms that

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006.

A resolution to re-appoint Deloitte LLP as the Company's auditor will be proposed at the forthcoming Annual General Meeting.

Amshold Group Limited

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Amshold Group Limited

We have audited the Group and parent company financial statements of Amshold Group Limited for the year ended 30 June 2013 which comprise the consolidated profit and loss account, the consolidated statement of total recognised gains and losses, the consolidated note of historical cost profits and losses, the consolidated and parent company balance sheets, the consolidated cash flow statement and the related notes 1 to 31. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the directors' responsibility statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Group's and parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Group's and parent company's affairs as at 30 June 2013 and of the Group's profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Amshold Group Limited (continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company's financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Amshold Group Limited

Notes to the financial statements For the year ended 30 June 2013

1. Accounting policies

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. Compliance with the Statement of Standard Accounting Practice 19 "Accounting for investment properties" requires departure from the requirements of the Companies Act 2006 relating to depreciation and an explanation of the departure is given below. The particular accounting policies adopted by the directors are described below, and have been applied consistently in the current and preceding years.

Accounting convention

The financial statements are prepared under the historical cost convention, as modified by the revaluation of certain freehold properties.

Going concern

The Group's business activities, together with the factors likely to affect its future development, performance and financial position are set out in the director's report. This describes the financial position of the Group, its cash flows, liquidity position and borrowing facilities, and its exposure to credit risk and liquidity risk.

The Group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group should be able to operate within the level of its current facility.

After making enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Consolidation

The Group financial statements consolidate those of the parent company and all its subsidiary undertakings drawn up to 30 June each year. Investments in associates and joint ventures are accounted for using the equity method. The consolidated profit and loss account includes the Group's share of the joint ventures' profits less losses while the Group's share of net assets of the joint ventures is shown in the consolidated balance sheet. The results of associates sold in the period are equity accounted for the period up to disposal.

Merger accounting

During June 2013 the groups of companies ultimately controlled by Lord Sugar were restructured to form three new separate groups. As a result of this restructuring Amshold Group Limited became the new ultimate parent company of one of these three new groups, "the property group".

As a result of this group restructuring this new property group has adopted merger accounting. The results of the Group for the current and prior year as reported in the financial statements include the full year's results of each subsidiary of the Company irrespective of the period for which they were a subsidiary in the Group. Those subsidiaries that were not part of the new property group at 30 June 2013 are disclosed as discontinued operations in the financial statements and are accounted for as if they had been owned throughout the current and prior years but disposed before the year end.

Goodwill

Purchased goodwill arising on acquisition is capitalised and amortised through the profit and loss account on a straight line basis over its estimated useful life. In respect of all existing goodwill, this is estimated to be 20 years. Provision is made for any impairment. Negative goodwill arising on acquisition is credited to the balance sheet and released through the profit and loss account as the underlying assets are realised.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the Group, rental income and the value of property sales, dilapidation receipts, insurance recoveries, media activities and management charges, all excluding sales taxes, value added tax and trade discounts.

Amshold Group Limited

Notes to the financial statements For the year ended 30 June 2013

1. Accounting policies (continued)

Revenue

Income is recognised as it accrues and sales of properties held for resale are recognised on completion. Rent increases arising from rent reviews are taken into account when such reviews have been agreed with tenants. Rent free periods are similarly spread on a straight line basis over the lease term.

Investment properties

In accordance with SSAP 19, investment properties are revalued annually and the aggregate surplus net of tax or deficit is transferred to revaluation reserve. No depreciation is provided in respect of investment properties.

The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with the generally accepted accounting principles set out in SSAP 19. The directors consider that, as these properties are held not for consumption but for their investment potential, to depreciate them would not give a true and fair view, and that it is necessary to adopt SSAP 19 in order to give a true and fair view.

If this departure from the Act had not been made, the profit for the financial year and the preceding financial year would have been reduced by depreciation. However, the amount of depreciation cannot reasonably be quantified because depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified. Sales of investment properties are recognised on exchange of contract.

Investment property under development

Development properties are recognised at cost less provision for any impairment and are not valued at the year end.

Other tangible fixed assets

Other tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives. The annual depreciation rates generally applicable are as follows:

Motor Vehicles	25% on a straight line basis
Leasehold improvements	Over the shorter of the life of the lease and the useful life
Aircraft	Straight line basis over 20 years
Office equipment	20% - 25% on a straight line basis

Investments

Investments held as fixed assets by the Company are stated at cost, less any provision for impairment in value. Investments in associated undertakings and joint ventures are accounted for under the equity method. Current asset investments are included in the balance sheet at the lower of cost and net realisable value.

Properties held for resale

Properties held as dealing stocks and other stocks and work in progress are included in the balance sheet at the lower of cost and net realisable value. Cost includes appropriate property purchase expenses.

Operating leases

Rentals payable under operating lease rentals are charged to the profit and loss account on a straight-line basis over the lease term.

Amshold Group Limited

Notes to the financial statements For the year ended 30 June 2013

1. Accounting policies (continued)

Taxation

The Finance Act 2013, which provides for a reduction in the main rate of corporation tax from 23% to 21% effective from 1 April 2014 and from 21% to 20% effective from 1 April 2015, was substantively enacted on 2 July 2013. As it was not substantively enacted at the balance sheet date, this rate reduction is not yet reflected in these financial statements in accordance with FRS 21, as it is a non-adjusting event occurring after the reporting period.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is not discounted.

Foreign currencies

Transactions in foreign currencies are translated at the exchange rates ruling at the dates of the transactions. Monetary assets and liabilities are translated at the rates of exchange ruling at the balance sheet date. All exchange differences are dealt with through the profit and loss account.

Finance Costs

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount. Finance costs which are directly attributable to the construction of tangible fixed assets are capitalised as part of the costs and expenditure of the asset. Capitalisation ceases when substantially all the activities that are necessary to get the asset ready for use are complete.

Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into.

Bank borrowings

Interest bearing bank loans are recorded as the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are accounted for on an accruals basis in profit and loss account using the effective rate of interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period which they arise.
