### Strategic report for the year ended 30 June 2019

The directors present their Strategic report for the Company for the year ended 30 June 2019.

#### **Business review**

The Club competed in the Championship in the 2018/19 season. The Club marginally missed out on a play-off position in the 2018/19 season, finishing 7<sup>th</sup> in the League. Promotion to the Premier League was therefore not achieved.

After taxation the results for the year show a profit of £1,857,000 (2018: loss of £6,648,000).

Total comprehensive income for the year was £1,857,000 (2018: £160,000). Prior year includes a revaluation of the stadium and training ground properties.

#### Principal risks and uncertainties

The management of the business and the execution of the Company's strategy are subject to a number of risks which principally occur around football, employees and finance related matters.

#### Football

The biggest risk to the Club is failing to perform competitively in the league in which it competes. This is managed by developing and recruiting a first team squad suited to the relevant league and employing a management team and support team with the requisite knowledge and experience.

#### Finance

The Company operates in a challenging business environment and market sector where revenue streams can fluctuate significantly depending upon team performance on the pitch and costs can be unrelated to income being generated. The Company continuously reviews the level of fixed costs incurred with a view to restricting unnecessary expense and matching costs to revenue streams.

#### Key performance indicators

Given the nature of the business the Company is of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

By order of the Board

S Gibson

Chairman 9 December 2019

## Directors' report for the year ended 30 June 2019

The directors present their report and the audited financial statements of the Company for the year ended 30 June 2019. The Company's registered number is 1947851.

#### Principal activities

The principal activity of the Company is the operation of a professional football club.

#### Directors

The directors of the Company during the year, and up to the date of signing the financial statements, are listed below:

S Gibson

(Chairman)

K Lamb

(Non-executive)

#### Dividends

The directors do not recommend payment of a dividend (2018: £nil).

#### Future outlook

The Club continues to compete in the EFL Championship in the 2019-2020 season. It will continue to keep control of operating costs and make as much income as possible available to invest in the football team. The Club will continue to strive for progression and promotion to the Premier League.

#### Going concern

The going concern basis of the company depends on the continuing support from The Gibson O'Neill Company Limited, the ultimate parent undertaking, who will continue to provide that support, if required, to the Company for the foreseeable future.

#### Post balance sheet events

Player transfer activity in respect of senior professionals after 30 June 2019 has resulted in the following:

- Four player acquisitions/registrations
- Two players transferred out of the Club

#### Financial risk management

The Company's operations expose it to a variety of financial risks that include the effects of changes in liquidity risk, foreign exchange risk and credit risk.

#### Liquidity risk

The Company manages its liquidity risk on a daily basis through cash monitoring and cash flow forecasting to ensure that it operates within the parameters of its financial plan.

#### Foreign exchange risk

The Company is exposed to foreign exchange risk as a result of acquisition and disposal of player registrations. Post balance sheet use of forward exchange contracts is used to manage this risk.

#### Credit risk

The Company's credit risk is primarily attributable to its trade debtors. The amounts presented in the balance sheet are shown net of provisions for impairment where it is considered the Company will not be able to collect all amounts due. The Company considers it has no significant concentration of credit risk as its exposure is spread over a large number of customers. The largest sums will be due from other football clubs as instalments for player transfer sales and these sums are protected by the Football Creditor rules.

### Directors' report for the year ended 30 June 2019 (continued)

#### Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

On behalf of the board

S Gibson

Chairman 9 December 2019

# Independent auditors' report to the members of Middlesbrough Football & Athletic Company (1986) Limited

### Report on the audit of the financial statements

#### **Opinion**

In our opinion, Middlesbrough Football & Athletic Company (1986) Limited's financial statements:

give a true and fair view of the state of the company's affairs as at 30 June 2019 and of its profit for the year then ended;

have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and

have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the Balance Sheet as at 30 June 2019; the Statement of Comprehensive Income, the Statement of Changes in Equity for the year then ended; the Statement of accounting policies; and the notes to the financial statements.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

#### Conclusions relating to going concern

ISAs (UK) require us to report to you when:

the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or

the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of the above matters.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern. For example, the terms on which the United Kingdom may withdraw from the European Union are not clear, and it is difficult to evaluate all of the potential implications on the company's trade, customers, suppliers and the wider economy.

#### Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

# Independent auditors' report to the members of Middlesbrough Football & Athletic Company (1986) Limited (continued)

#### Reporting on other information (continued)

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

#### Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 30 June 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

#### Responsibilities for the financial statements and the audit

#### Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

#### Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

# Independent auditors' report to the members of Middlesbrough Football & Athletic Company (1986) Limited (continued)

## Other required reporting

#### Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

we have not received all the information and explanations we require for our audit; or

adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or

certain disclosures of directors' remuneration specified by law are not made; or

the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Jonathan Greenaway (Senior Statutory Auditor) for and on behalf of PricewaterhouseCoopers LLP

## Statement of accounting policies for the year ended 30 June 2019

#### General information

Middlesbrough Football & Athletic Company (1986) Limited is a company limited by share capital. Incorporated and domiciled in England, registration number 1947851.

#### **Basis of accounting**

The Financial Statements have been prepared on the going concern basis under the historical cost convention modified for the revaluation of certain fixed assets, and in accordance with Financial Reporting Standard 102 (FRS 102). The Company is deemed a qualifying entity under FRS 102. On this basis its ultimate parent company has approved its eligibility for disclosure exemptions, this report excludes a cash flow statement, key management compensation disclosure and related party disclosures.

The Company has taken advantage of the following exemptions:

- from preparing a statement of cash flows, on the basis that it is a qualifying entity and the consolidated statement of cash flows, included in these financial statements, includes the Company's cash flows;
- from the requirement to present a reconciliation of the number of shares outstanding at the beginning and end of the year as required by paragraph 4.12(a)(iv); and
- The requirements of Section 11 paragraphs 11.41 (b), 11.41 (c), 11.41 (e), 11.41 (f), 11.42, 11.44, 11.45, 11.47, 11.48 (a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c) and Section 12 paragraphs 12.26 (in relation to those cross referenced paragraphs from which a disclosure exemption is available), 12.27, 12.29 (a), 12.29(b) and 12.29A providing disclosures equivalent to those required by this FRS are included in the consolidated financial statements of the group in which the entity is consolidated.

The going concern basis of the Company depends on continued support from The Gibson O'Neill Company Limited, the ultimate parent undertaking. The company has received a letter of support from The Gibson O'Neill Company affording the support necessary and covering at least the next 12 months.

A summary of the more important accounting policies, which have been applied consistently, is set out below.

#### Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost, which is their purchase cost, together with any incidental costs of acquisition, or at valuation, less accumulated depreciation. Leasehold Properties are revalued on a depreciated replacement cost basis every five years with an interim valuation in the third year of the cycle.

Depreciation is calculated so as to write off the cost or valuation of tangible fixed assets less their estimated residual values on a straight line basis, over the expected useful economic lives of the assets concerned. The principal annual rates used for this purpose are:

Long leasehold buildings 2% - 10% Motor vehicles 25% Fixtures, fittings, plant and machinery 2% - 20%

Land is not depreciated.

#### Finance leases

Leasing agreements which transfer to the Company substantially all the benefits and risks of ownership of an asset are treated as if the asset had been purchased outright. The assets are included in fixed assets and the capital element of the leasing commitment is shown as obligations under finance leases. The lease rentals are treated as consisting of capital and interest elements. The capital element is applied to reduce the outstanding obligations and the interest element is charged to the profit and loss account so as to give a constant periodic rate of charge on the remaining balance outstanding at each accounting year. Assets held under finance leases are depreciated over the shorter of the lease terms and the useful lives of equivalent owned assets.

# Statement of accounting policies for the year ended 30 June 2019 (continued)

#### Stocks

Stocks are stated at the lower of cost and net realisable value. Cost is determined on a first-in first-out basis. Net realisable value is the price at which stocks can be sold in the normal course of business after allowing for the costs of realisation. Provision is made where necessary for obsolete, slow moving and defective stocks.

#### Grants

Grants that relate to specific projects are treated as deferred income which is then credited to the profit and loss account over the related project's useful life. Other grants are credited to the profit and loss account when received.

#### Foreign currencies

Transactions in foreign currencies are translated at the rate ruling at the date of the transaction except where the rate of exchange is fixed by a relevant matching forward exchange contract. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All exchange differences are taken to the profit and loss account in the year in which they arise.

#### **Turnover**

Turnover represents income receivable from the Company's principal activities, and is exclusive of value added tax and transfer fees in relation to registrations and contracts of employment. Matchday and Season ticket receipts are recognised over the year of the football season as games are played. The fixed element of broadcasting revenue is recognised over the duration of the football season whilst facility fees for additional live coverage are taken when earned. Merit awards are accounted for only when known at the end of the football season. Sponsorship and similar commercial income is recognised over the duration of the respective contracts.

#### **Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date, except for certain exemptions which under FRS 19 "Deferred taxation" should not be recognised.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the year in which timing differences reverse, based on taxation rates and law enacted or substantially enacted at the balance sheet date.

#### **Exceptional Items**

Exceptional costs incurred by the Company are separately identified in the notes to the financial statements. Exceptional items are one off costs or incomes which are material both in size and nature.

# Statement of accounting policies for the year ended 30 June 2019 (continued)

#### Compensation and loan fees

The costs associated with the acquisition of players' registrations are capitalised as intangible fixed assets. These costs are fully amortised over the length of the respective players' initial contract. Where a playing contract is extended, the unamortised balance at the date of the amendment, together with any new costs associated with the extension is amortised over the remaining revised contract life. Provision is made for any impairment and player registrations are written down for impairment when the carrying value exceeds the amount recoverable through use or sale of the relevant income generating unit. Provision is also made for the onerous element of players' contracts where a player's registration is impaired.

Where a part of the consideration payable on acquiring a player's registration is contingent upon a future event, the amount of the consideration is recognised once the event occurs and is amortised from the date of the event. The total amount which is currently considered possible is disclosed in note 21.

Profit or losses on the sale of registrations represent the compensation or loan fees receivable, net of any transaction costs, less the amortised cost of the registrations.

#### Pension costs

The Company is making contributions in respect of its share of the defined benefit section of the Football League Pension and Life Assurance Scheme (the "Scheme").

Under FRS102 the Scheme is a funded multi-employer defined benefit scheme and the defined benefit obligation is to be recorded at its present value set by the scheme actuary discounted at appropriate rates. The change in present value not due to contributions paid is taken to the profit and loss account in the year.

The Company also provides access to stakeholder pension plans for employees. The employer's contributions are charged to the profit and loss account in the year in which the liability to pay arises.

Critical estimates in applying accounting policies and key sources of estimation uncertainty
The preparation of the financial statement requires management to make judgements, estimates and
assumptions that affect the amounts reported for assets and liabilities at the reporting date and the amounts
reported for revenues and expenses during the year. However, the nature of estimation means that actual
outcomes could differ from those estimates. The following critical estimates have been applied in preparing
these financial statements:

- Players' registrations the cost of obtaining players' registrations are amortised evenly over the period of
  the representative players' contracts. The market value of a player could differ significantly from its net
  book value in the financial statements.
- Property valuation Leasehold properties were revalued at 30 June 2018 by Montagu Evans, Chartered
  Surveyors, in accordance with the Appraisal and Valuation Manual of the Royal Institution of Chartered
  Surveyors in the United Kingdom. The Riverside Stadium and the training headquarters were valued on a
  depreciated replacement cost basis and other properties were valued on an open market value basis.
- Depreciation of Fixed assets Fixed assets are depreciated over their useful life. The useful life is based on management's estimate of the period that the assets will generate revenue and will be reviewed annually for continued appropriateness. The carrying values will be tested for impairment where there is an indication that the value of an asset might be impaired.

There were no key accounting judgements in the preparation of these financial statements.

# Notes to the financial statements for the year ended 30 June 2019

#### 1 Turnover

Turnover is generated entirely from the Company's principal activity in the United Kingdom and is analysed as follows:

	30 June 2019	30 June 2018
	£'000	£'000
Gate receipts	6,075	7,138
Cup competitions	354	286
Sponsorship & commercial	6,236	5,652
Broadcasting	40,648	46,300
Merchandising	2,330	2,620
Total turnover	55,643	61,996

### 2 Directors' emoluments

	30 June 2019	30 June 2018
	£'000	£,000
Aggregate emoluments	5	5

All emoluments relate to one (2018: one) director. The other director of the entity was remunerated through another group entity and received no emoluments in respect of this entity. None of the directors are accruing benefits under the defined contribution scheme (2018: None).

Closing shareholders' deficit	. (55,070)	(56,927)

### 19 Related party transactions

The company has taken advantage of the exemption in Section 33.1A of FRS 102 from the requirement to disclose transactions with its parents and fellow subsidiaries on the grounds that it is a wholly owned subsidiary of a group headed by Gibson O'Neill Group Limited, whose financial statements are publicly available.

There are no further related party transactions which fall to be disclosed under the Financial Reporting Standards (FRS 102 paragraph 33.1).

The company considers all members of key management to be the directors. Their remuneration is disclosed in note 2.

# Notes to the financial statements for the year ended 30 June 2019 (continued)

#### 20 Pensions

Middlesbrough Football Club ('the Club') participates in the Football League Pension and Life Assurance Scheme ('the Scheme'). The Scheme is a funded multi-employer defined benefit scheme, with 92 participating employers, and where members may have periods of service attributable to several participating employers. The Scheme's actuary has advised that the participating employer's share of the underlying assets and liabilities of the Scheme cannot be identified on a reasonable and consistent basis and, accordingly, it has been accounted for by the company as if they were paid to a defined contribution scheme.

The last actuarial valuation was carried out at 31 August 2017. The results of the 2017 valuation demonstrated an overall increase in scheme deficit, to be shared across its members. On the basis of this valuation and contributions thereafter, the Club's notional share of the deficit was £356,000 as at 30 June 2019 (£414,000 as at 30 June 2018). The Club pays total contributions of £58,000 per annum which increases at 5.0% per annum, which will be sufficient to pay off the deficit by 2025.

The Company also provides access to stakeholder pension plans for employees. The employer's contributions are charged to the profit and loss account in the year in which the liability to pay arises.

The total pension cost for the Company for the year, across all schemes, was £129,000 (2018: £261,000).

### 21 Contingent liabilities and assets

Under the terms of certain contracts for the purchase of players' registrations, future payments may be due to third parties, dependent upon the success of the team or individual players. At the balance sheet date, the maximum contingent liability was £7,400,00 (2018: £6,200,000).

Any additional fees which may become payable or receivable under these agreements will be accounted for in the year that the event occurs.

#### 22 Post balance sheet events

Player transfer activity in respect of senior professionals after 30 June 2019 has resulted in the following:

- Four player acquisitions/registrations
- Two players transferred out of the Club

In respect of transfer fees payable/receivable for senior professionals (including loan fees, agent fees and transfer fee levy), the activity after 30 June 2019 has resulted in net income of £4.4m, some of which is paid/received immediately and some of which is deferred over a number of years.

# Notes to the financial statements for the year ended 30 June 2019 (continued)

## 23 Immediate and ultimate parent undertaking

The immediate parent undertaking is Middlesbrough Football & Athletic Company Holdings Limited.

The ultimate parent undertaking is The Gibson O'Neill Company Limited, a private company registered in Middlesbrough, England.
