## CHARTERED ACCOUNTANTS' REPORT TO THE BOARD OF DIRECTORS ON THE UNAUDITED ACCOUNTS OF FILM AND TELEVISION FINANCIAL SERVICES GROUP LTD

YEAR ENDED 31 MARCH 2009

### 1. ACCOUNTING POLICIES

#### Basis of accounting

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

#### Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

#### Going concern

The accounts have been prepared on a going concern basis as the directors have indicated herewith to support the company for the foreseeable future.
