## **Chartered Accountants' Report to the Board of Directors on the Preparation of the Unaudited Financial Statements of Eric Dines Contract Flooring Limited for the year ended 31 October 2020**

---

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the financial statements of Eric Dines Contract Flooring Limited for the year ended 31 October 2020 which comprise the statement of financial position, the statement of changes in equity and the related notes from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at <https://www.icaew.com/regulation/a-z>.

It is your duty to ensure that Eric Dines Contract Flooring Limited has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and results of Eric Dines Contract Flooring Limited. You consider that Eric Dines Contract Flooring Limited is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the financial statements of Eric Dines Contract Flooring Limited. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

### **Use of our report**

This report is made solely to the board of directors of Eric Dines Contract Flooring Limited, as a body, in accordance with the terms of our engagement letter dated 9 March 2020. Our work has been undertaken solely to prepare for your approval the accounts of Eric Dines Contract Flooring Limited and state those matters that we have agreed to state to the board of directors of Eric Dines Contract Flooring Limited, as a body, in this report in accordance with ICAEW Technical Release TECH07/16AAF. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Eric Dines Contract Flooring Limited and its board of directors as a body for our work or for this report.

## Notes to the Financial Statements For the Year Ended 31 October 2020

---

### 1. General information

Eric Dines Contract Flooring Limited is a company limited by shares incorporated in England and Wales under the Companies Act. The address of the registered office is given on the company information page.

### 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

#### 2.2 Going concern

The directors have considered the impact of COVID-19 and concluded that the company has access to sufficient resourcing, to allow the company to continue to trade for a period of at least twelve months. The directors therefore believes that the going concern basis is an appropriate basis for these financial statements.

#### 2.3 Turnover

Turnover comprises revenue recognised by the company in respect of carpets and flooring supplied during the year, exclusive of Value Added Tax.

#### 2.4 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Profit and Loss Account in the same period as the related expenditure.

#### 2.5 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

# Eric Dines Contract Flooring Limited

## Notes to the Financial Statements For the Year Ended 31 October 2020

---

### 2. Accounting policies (continued)

#### 2.6 Share based payments

Where share options are awarded to employees, the fair value of the options at the date of grant is charged to profit or loss over the vesting period. Non-market vesting conditions are taken into account by adjusting the number of equity instruments expected to vest at each Statement of Financial Position date so that, ultimately, the cumulative amount recognised over the vesting period is based on the number of options that eventually vest. Market vesting conditions are factored into the fair value of the options granted. The cumulative expense is not adjusted for failure to achieve a market vesting condition.

The fair value of the award also takes into account non-vesting conditions. These are either factors beyond the control of either party (such as a target based on an index) or factors which are within the control of one or other of the parties (such as the Company keeping the scheme open or the employee maintaining any contributions required by the scheme).

Where the terms and conditions of options are modified before they vest, the increase in the fair value of the options, measured immediately before and after the modification, is also charged to profit or loss over the remaining vesting period.

Where equity instruments are granted to persons other than employees, profit or loss is charged with fair value of goods and services received.

#### 2.7 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

#### 2.8 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

# Eric Dines Contract Flooring Limited

## Notes to the Financial Statements For the Year Ended 31 October 2020

---

### 2. Accounting policies (continued)

#### 2.8 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Motor vehicles	- 25% reducing balance
Fixtures & fittings	- 25% reducing balance

#### 2.9 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

- Provision is made for work in progress being the cost of work carried out but uninvoiced at the year end.

#### 2.10 Financial instruments

Financial assets including cash at bank and trade and other debtors are measured initially at transaction price (including transaction costs) and subsequently held at cost, less any impairment.

Financial liabilities and equity are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form. Financial liabilities including trade and other creditors are measured initially at transaction price (including transaction costs) and subsequently held at amortised cost.

Debt instruments that are payable or receivable within one year are measured at an undiscounted amount of cash or other consideration expected to be paid or received.

### 3. Judgments in applying accounting policies and key sources of estimation uncertainty

Preparation of financial statements requires management to exercise judgement in applying the company's accounting policies. Estimates and assumptions used in the preparation of the financial statements are continually reviewed and revised as necessary.

In preparing these financial statements, the directors have made no judgements that could have a material effect on the result or shareholders funds.

### 4. Employees

The average monthly number of employees, including directors, during the year was 11 (2019 - 10).

# Eric Dines Contract Flooring Limited

## Notes to the Financial Statements For the Year Ended 31 October 2020

### 5. Tangible fixed assets

### 8. Share capital

	2020 £	2019 £
<b>Allotted, called up and fully paid</b>		
103 (2019 - 99) ordinary shares of £1.00 each	<u>103</u>	<u>99</u>

During the year 4 Ordinary B Shares were issued at £1 each as a result of share options being exercised.

# Eric Dines Contract Flooring Limited

## Notes to the Financial Statements For the Year Ended 31 October 2020

### 9. Share based payments

The company operates a share option plan, under which senior management and other qualifying staff have been granted options to subscribe for Ordinary B Shares in Eric Dines Contract Flooring Limited. All options are settled by the issue of Ordinary B Shares. At 31 October 2020, the number of company employees participating was 1.

Share options outstanding at 31 October 2020 had a weighted average exercise price of £1 and a weighted average contractual life of 5 years. Four share options were exercised during the year. There are no performance conditions attached to any of the share options granted up to the balance sheet date, other than continued employment up to the exercise date.

As at 31 October 2020, the total number of options outstanding over the Ordinary B Shares and the dates on which they were granted was as follows:

	Weighted average exercise price (pence) 2020	Number 2020
Granted on 26 November 2019	1100	11
Exercised during the year	(400)	(4)
<b>Outstanding at the end of the year</b>	<b>700</b>	<b>7</b>

### 10. Pension commitments

The company operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension cost charge represents contributions payable by the company to the fund and amounted to £21,486 (2019 - £19,970).
