#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MAY 2021

#### 1. STATUTORY INFORMATION

Alistair Burroughs Design Partnership Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

#### 2. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

#### **Turnover**

Turnover represents the fair value of services provided during the year on client assignments. Turnover is recognised as contract activity progresses and the right to consideration earned.

In respect of long-term contracts and contracts for ongoing services, turnover represents the value of work done in the year, including estimates of amounts not invoiced and adjusted for those invoiced but relating to next year, and is recognised by reference to the stage of project completion.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery - 33% on cost and 25% on cost

Fixtures and fittings - 10% on cost

#### **Government grants**

Government grants that relate to revenue are recognised in other income over the period in which the related costs are incurred. Grants related to expenses and covid-19 support are recognised in other income as the grant becomes receivable. Such grants occur as a re-imbursement for expenses already incurred and as a result of local authority and government covid-19 support measures

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Corporation tax due is recognised as the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### NOTES TO THE FINANCIAL STATEMENTS - continued FOR THE YEAR ENDED 31 MAY 2021

#### 2. ACCOUNTING POLICIES - continued

#### **Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted at the balance sheet date and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

#### Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rentals payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

#### Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

#### 3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 32 (2020 - 34).
