Accounting policies for the year ended 31 December 2021

The principal accounting policies applied in the preparation of the financial statements of the Company are set out below. These policies have been applied consistently to all the years presented, unless otherwise stated.

Basis of preparation

These financial statements have been prepared in accordance with Financial Reporting Standard 102 – 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102'), and with the Companies Act 2006. As the company is dormant, the accounting policies prior to the transition to FRS 102 have been retained, as allowed under FRS102.35.10.

The Company has elected to adapt the statutory formats prescribed in the Accounting Regulations for the primary financial statements as permitted by FRS 102 and the Accounting Regulations, allowing for a consistent format to be applied in line with the presentation of the consolidated accounts.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

Going concern

The Directors have prepared the financial statements on a going concern basis which requires the Directors to have a reasonable expectation that the Company, as part of the Heathrow Airport Holdings Limited group, has adequate resources to continue in operational existence for the foreseeable future.

Whilst the Company is in a net liability position, as a result of the review and having made appropriate enquiries of management, the directors have a reasonable expectation that sufficient funds will be available to meet the Company's funding requirement for the next twelve months from the balance sheet signing date.

Amounts owed to group undertakings

Amounts owed to group undertakings are recognised initially at fair value, net of transaction costs incurred. Any difference between the amount initially recognised (net of transaction costs) and the redemption value is recognised in the profit and loss account over the period of the borrowings using the effective interest rate method.

Share capital

Ordinary shares are classified as equity and are recorded at the fair value of proceeds received, net of direct issue costs.
