## WARWICK CAR COMPANY LIMITED

### NOTES TO THE ABBREVIATED ACCOUNTS

AT 31 MAY 2016

#### 1. ACCOUNTING POLICIES

##### Basis of Preparation of Accounts

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), amended to reflect the non depreciation of freehold property.

##### Stock and Work in Progress

Stock and work in progress is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving stocks.

##### Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost or valuation less depreciation.

Depreciation is provided on all tangible fixed assets on a straight line basis at rates calculated to write-off the cost of each asset over its expected useful life as follow:

Plant and equipment	:	15%
Fixtures and fittings	:	15%
Motor vehicles	:	25%
Freehold property	:	0% - property is expected to increase in value

##### Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rate that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

##### Operating Leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.

##### Turnover

Turnover comprises the value of services and vehicles sold by the company, net of Value Added Tax.

##### Hire Purchase

Assets obtained under hire purchase contracts are capitalised as tangible fixed assets, and depreciated in accordance with the rates shown above. Obligations under such agreements are included in creditors net of the finance charge, which is charged to profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.
