Amshold Limited

Strategic report

The directors present their Strategic report of Amshold Limited (the Group and Company) for the year ended 30 June 2022.

This strategic report has been prepared for the Group as a whole and therefore gives greater emphasis to those matters which are significant to Amshold Limited and its subsidiary undertakings when viewed as a whole.

Principal activities

Amshold Limited, a Company registered in England and Wales, is the ultimate parent company of the Amshold Group of companies.

The principal activity of the Group is property trading and investment together with the provision of management services.

Business review

In the year to 30 June 2022 the Group continued to look for property investment opportunities. The market for quality London freehold investment property remains extremely competitive with limited opportunities that meet our investment criteria. The Group took the opportunity to sell some investments during the year. During Covid, rent collections from some tenants have been challenging and with yields remaining low, it was felt that this was a good time to realise some profits. During the year, the Group sold 5 properties for a combined value of £102.0m. The original purchase price of the properties and additions was £43.6m.

After the year end revaluations there was a net revaluation loss of £0.2m (2021: £3.7m) bringing the revaluation surplus down to £43.3m.

Operating profit for the year prior to revaluations and disposals was £9.8m (2021: £39.8m).

The Group considers its key performance indicator of the business to be its net assets. Net assets of the Group fell from £108.6m to £33.1m. This reduction was principally due to the dividend payment of £90m in the year. Excluding the dividend, net assets increased by £14.5m.

Principal risks and uncertainties

Principal risks

The directors considered the risks attached to the Group's and Company's financial instruments and have taken a prudent approach in their consideration of the various risks attached to the financial instruments of the Group and Company. The Group's and Company's exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of assets, liabilities and the financial statements, as a whole.

The Group's property valuations at the year end date give consideration to both current rental levels and expected yields. These are susceptible to market forces and therefore liable to affect the net asset value of the Group. The Group mitigates its liquidity and cash flow risk by spreading its cash deposits amongst several financial institutions and balancing the terms of its deposits according to its requirements. The Group continues to take a long-term approach to its property investments and has no plans to sell any of its properties in the short term. It is therefore able to mitigate short term risk surrounding property valuations and take advantage of opportunities as they arise.

The directors' policy on hedging is to hedge all financial risks where it is feasible and cost effective to do so.

There were no hedging activities carried out in the year (2021: £nil).

Amshold Limited

Strategic report (continued)

Principal risks and uncertainties (continued)

Uncertainties

The risk of inflation is becoming a factor in the short term, however the Group's exposure to inflation is mitigated by its customers. The aircraft chartering business is able to increase its prices to reflect the additional cost of flights. The property business recharges direct costs to its tenants, indirect costs remain a risk in the short term, but due to their magnitude are not significant.

The COVID-19 pandemic arising during 2020 & 2021 has been a source of new risk for the Group, and as a result of this, the directors of the business have considered the potential impact to the business both now and moving forward, including the revision of cash flow forecasts and extended considerations. The main impact identified has been the potential restrictions on trading, recoverability of tenancy amounts from customers and potential voids within properties, all leading to a reduced cash inflow. It is believed to have a limited effect given the cash reserves available to the Group and the cost basis. The directors will continue to monitor and adapt as the situation evolves and will work alongside its customer base to help reduce the overall risk to the business.

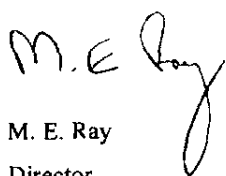

The property market has come under increasing pressure in the last twelve months. Although this provides opportunities for investment, it also puts pressure on the existing portfolio. Any increases in interest rates in the future will generate further pressure on valuations.

Future developments

The Group remains committed to enhancing its current portfolio of real estate assets by means of diligent active management of stock whilst at the same time aggressively endeavouring to acquire new quality real estate asset opportunities that would complement our existing Real Estate portfolio strategy. With fixed long term funding we remain extremely well placed to do this.

With a strong and stable management team the Group is extremely well positioned to continue to actively acquire viable real estate propositions that it feels will further enhance its portfolio.

Approved by the Board and signed on its behalf by:

M. E. Ray
Director

25 November 2022

Amshold Limited

Directors' report

The directors present their annual report on the affairs of the Group and the audited financial statements for the year ended 30 June 2022.

Future developments together with both financial risk exposure and financial risk management are included within the Strategic report.

Dividends

The Company distributed £90m of dividends in the year (2021: £390m), and no dividends have been proposed since the year end date.

Going concern

As disclosed in the accounting policies, the directors have reviewed the current and projected financial position of both the Group and the Company, making reasonable assumptions about future trading prospects.

The Group's business activities, together with the factors likely to affect its future development, performance and financial position are set out in the Strategic report. This describes the financial position of the Group; its cash flows and liquidity position; and its exposure to credit risk and liquidity risk. In addition to the considerations above, the directors have assessed the ongoing Covid-19 pandemic, and believe the company has the necessary resources to overcome any potential downturns in business as a result of the pandemic. The ongoing conflict in Ukraine continues to be a concern but the directors are confident that this will not impact on the long term value of the properties in the Group.

The Group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group will be able to operate within the level of its current cash resources. The Group has prepared sensitised forecasts that could result from a downturn in revenue. The Group continues to have adequate cash flow and liquidity notwithstanding any potential downturn during the 12 month period from the point of signing.

After making enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Employees

Details of the number of employees and related costs can be found in note 3 to the financial statements.

It is the Group's policy to promote equal opportunities in employment for both existing employees and applicants for employment. Every effort is made to ensure that applications for employment from disabled persons are fully and fairly considered having regard to their particular aptitudes and abilities and that disabled employees have equal opportunities in career development. In the event of an existing employee becoming disabled, every effort is made to ensure that their employment by the Group continues and that appropriate adjustments are made to their work environment.

The Group has continued its practice of keeping employees informed of matters affecting them as employees and the financial and economic factors affecting the performance of the Group.

Directors

The directors who held office for the Company since the 1 July 2021 to the end of the financial year and up to the signing of the financial statements are listed on page 1.

Directors' Indemnity

Appropriate directors' and officers' liability insurance cover is in place in respect of all of the Group's directors.

Political donations

During the year the Group made no political donations (2021: nil).

Amshold Limited

Directors' report (continued)

Post balance sheet events

On 15 July 2022, the Group completed on the purchase of 169 W Coconut Palm Road, Boca Raton, Florida, USA 33432 for \$8,200,000.

On 31 October 2022, the Group completed on the purchase of 191 W Coconut Palm Road, Boca Raton, Florida, USA 33432 for \$8,200,000.

Disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this report confirms that:

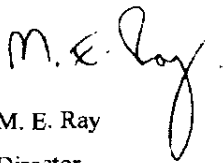

- so far as the director is aware, there is no relevant audit information of which the Group and Company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the Group and Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006.

Auditor

Deloitte LLP have expressed their willingness to continue in office as auditor.

Approved by the Board and signed on its behalf by:

M. E. Ray

Amshold Limited

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Amshold Limited

Independent auditor's report to the members of Amshold Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Amshold Limited (the 'parent company') and its subsidiaries (the 'group'):

- give a true and fair view of the state of the group's and of the parent company's affairs as at 30 June 2022 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the consolidated profit and loss account;
- the consolidated and parent company balance sheets;
- the consolidated and parent company statements of changes in equity;
- the consolidated cash flow statement; and
- the related notes 1 to 28.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Amshold Limited

Independent auditor's report to the members of Amshold Limited (continued)

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the group's industry and its control environment, and reviewed the group's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory frameworks that the group operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act 2006 and UK tax legislation; and -
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the group's ability to operate or to avoid a material penalty. These included Health and Safety Regulations, General Data Protection Regulation and the Landlord and Tenant Act.

Amshold Limited

Independent auditor's report to the members of Amshold Limited (continued)

We discussed among the audit engagement team including the Real Estate Specialist regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

As a result of performing the above, we identified the greatest potential for fraud in the following areas, and our specific procedures performed to address it are described below:

Our significant risk in respect of fraud has been pinpointed to the valuation of investment properties at the year end. The process for valuing the properties is a combination of internal and external, therefore the risk has been pinpointed to the key assumptions used when determining the valuations.

- We obtained and documented an understanding of relevant controls in the valuation process and in particular the information provided to the valuers; and
- We have challenged the key assumptions used by both the internal and external valuation team, including those in respect of yields and expected rental values. In doing so, we have sought to benchmark against relative comparatives, evaluated contradictory evidence and obtained documentation and understanding in respect of key properties.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and external legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance and reviewing correspondence with HMRC.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and of the parent company and their environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Amshold Limited

Independent auditor's report to the members of Amshold Limited (continued)

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

There are no cash equivalents at the beginning or the end of the year.

Amshold Limited

Notes to the financial statements For the year ended 30 June 2022

1. Accounting policies

The particular accounting policies adopted by the directors are described below and have been applied consistently in the current and preceding years.

General information and basis of accounting

Amshold Limited (the Company) is a company incorporated in the United Kingdom under the Companies Act. The Company is a private company limited by shares and is registered in England and Wales. The address of the Company's registered office is shown on page 1.

The principal activities of the Company and its subsidiaries (the Group) and the nature of the Group's operations are set out on the Strategic report on pages 2 to 3.

The financial statements are prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

The Group has applied the amendments to FRS 102 issued by the FRC for the first time during the year:

- The amendments issued by the FRC in June 2021. The amendments extend the requirements introduced by the October 2020 amendments so that they apply to rent concessions for which any reduction in lease receivables affects only payments originally due on or before 30 June 2022, provided the conditions are met.
- The amendments issued by the FRC in December 2020. The amendments enable the Group to reflect the effect of transitioning from LIBOR to SONIA without giving rise to accounting impacts that would not provide useful information to users of financial statements. The Group is exposed to in respect of its loan note funding. Further information on the effects of interest rate benchmark reform can be found in note 19.

The functional currency of the Company is considered to be pounds sterling because that is the currency of the primary economic environment in which the Company operates. The consolidated financial statements are also presented in pounds sterling. Foreign operations are included in accordance with the policies set out below.

Amshold Limited meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its separate financial statements, which are presented alongside these consolidated financial statements. Exemptions have been taken in relation to the parent company cash flow statement.

For the year ended 30 June 2022, under Section 479A or Section 480 of the Companies Act 2006, all subsidiaries of the Group were entitled to exemption from audit. This is fully disclosed in note 15.

Going concern

The Group's business activities, together with the factors likely to affect its future development, performance and financial position are set out in the Strategic report. This describes the financial position of the Group; its cash flows and liquidity position; and its exposure to credit risk and liquidity risk. In addition to the considerations above, the directors have assessed the ongoing Covid-19 pandemic, and believe the company has the necessary resources to overcome any potential downturns in business as a result of the pandemic. The ongoing conflict in Ukraine continues to be a concern but the directors are confident that this will not impact on the long term value of the properties in the Group.

The Group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group will be able to operate within the level of its current cash resources. The Group has prepared sensitised forecasts that could result from a downturn in revenue. The Group continues to have adequate cash flow and liquidity notwithstanding any potential downturn during the 12 month period from the point of signing.

After making enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Amshold Limited

Notes to the financial statements (continued) **For the year ended 30 June 2022**

1. Accounting policies (continued)

Consolidation

The Group financial statements consolidate those of the parent company and all its subsidiary undertakings drawn up to 30 June each year.

Negative goodwill

Negative goodwill arising on acquisition is credited to the balance sheet and released through the profit and loss account as the underlying assets are realised. The underlying assets are investment properties and properties held for resale. The Group considers it more appropriate to release the negative goodwill when these properties are sold and in proportion to their values at the time the negative goodwill arose.

Turnover

Turnover comprises the value of goods and services supplied by the Group, rental income, properties held for resale, aircraft chartering and management charges, all excluding sales taxes, value added tax and trade discounts.

Income is recognised as it accrues and sales of properties are recognised on completion. Rent increases arising from rent reviews are taken into account when such reviews have been agreed with tenants. Incentives on leases are similarly spread on a straight-line basis over the lease term up to the earliest possible break. In accordance with the transitional provisions of FRS 102, incentives on leases which were in existence prior to the date of transition on 1 July 2013 have been spread over the shorter of the lease term and the period to the first break clause.

Investment properties

Investment properties for which fair value can be measured reliably without undue cost of effort on an ongoing basis are measured at fair value annually with any change recognised in the profit and loss account.

When contracts to purchase or sell investment properties are exchanged before the balance sheet date, the whole transaction will be reflected in the financial statements if the Directors believe that there are no significant obstacles in preventing the contract from completing and as a result of exchange, significant risk has passed to the buyer

Properties held for resale

Properties held as dealing stocks and other stocks and work in progress are included in the balance sheet at the lower of cost and net realisable value. Cost includes appropriate property purchase expenses.

Operating leases

Rental income from operating leases are charged to the profit and loss account on a straight-line basis over the lease term.

Other tangible fixed assets

Other tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives. The annual depreciation rates generally applicable are as follows:

Freehold Land and Buildings	Not depreciated
Motor Vehicles	25% on a reducing balance basis
Leasehold improvements	Over the shorter of the life of the lease and the useful life
Aircraft	Straight-line basis 15 years
Office equipment	20% - 33% on a straight line basis
Fixtures & Fittings	20% - 25% on a straight line basis

Residual value represents the estimated amount which would currently be obtained from disposal of an asset, after deducting estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

1. Accounting policies (continued)

Other tangible fixed assets (continued)

The directors have aligned the accounting policy of the aircraft to the deemed useful economic life and that there were no material impacts as a result.

Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

i. Investments

Investments held as fixed assets by the Company, which entirely represent investments in group companies are stated at cost, less any provision for impairment in value.

ii. Financing costs

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount.

iii. Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into.

Taxation

Current tax, including UK corporation and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference. Deferred tax relating to investment property is measured using the tax rates and allowances that apply to the sale of the asset.

The tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Foreign currencies

Transactions in foreign currencies are translated at the exchange rates ruling at the dates of the transactions. All monetary assets and liabilities are translated at the rates of exchange ruling at the balance sheet date. Properties held for resale are valued at cost and translated at the rate whenever the transaction prevailed. All exchange differences are dealt with through the profit and loss account.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

1. Accounting policies (continued)

Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Group's accounting policies

There were no critical judgements made during the financial year to June 2022

Key sources of estimation uncertainty

The directors consider the key source of estimation uncertainty to relate to the carrying value of the Group's investment property. In estimating the fair value of investment properties and properties held for resale, the directors make a number of assumptions including future rental income, future development costs and an appropriate discount rate. The primary source of evidence for property valuations should be recent, comparable market transactions conducted on an arm's-length basis. During the year, the directors undertook a valuation exercise in accordance with RICS Valuation Standards see note 12 through an internal qualified valuation expert. This was supplemented by a number of properties also being externally valued. However, the valuation of the Group's investment property is still inherently subjective. Assumptions are made with regards to capitalisation yields, market conditions and estimated future rental streams net of income voids arising from vacancies and rent-free periods and associated running costs, alongside comparable market data.

The valuation of our portfolio at 30 June 2022 as detailed in note 12 and valued at £176m (2021: £271m). There have been no other significant changes in accounting estimates in the period.

2. Turnover and segmental analysis

The turnover, operating profit and net assets of the Group are solely attributable to Property Trading and Investment, aircraft chartering and management services.

An analysis of Group Turnover is as follows:

	2022 £'000	2021 £'000
Turnover		
Rent	10,266	16,526
Sale of property held for resale	6,250	61,127
Other income	1,973	1,477
	<u>18,489</u>	<u>79,130</u>

Other than where the Group sold properties in USA £nil (2021: £17.9m), all turnover arose predominantly in the United Kingdom.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

3. Information regarding directors and employees of the Group and Company

Directors' emoluments

	2022 £'000	2021 £'000
Directors' remuneration	260	1,109
Pensions contribution	-	20
	<u>260</u>	<u>1,129</u>

The emoluments of the highest paid director were £213,318 (2021: £502,418). There were no defined contribution scheme amounts contributed in the current year. No directors were a member of a defined contribution pension scheme to which the Group contributed in the current year (2021: one director). There are no share option schemes in the Group.

	2022 £'000	2021 £'000
Staff costs during the year (including directors)		
Wages and salaries	1,230	2,209
Social security costs	159	272
Pension costs	104	109
	<u>1,493</u>	<u>2,590</u>

	2022 No	2021 No
Average staff numbers during the year		
Directors	4	5
Administrative staff	20	21
	<u>24</u>	<u>26</u>

Employment contracts held by the company only were nil (2021: nil)

4. Operating costs/(credits)

	2022 £'000	2021 £'000
Cost of property sales	5,400	36,337
Staff costs	1,493	2,590
Depreciation	617	880
Amortisation of goodwill	(1,685)	(2,774)
Other operating charges	2,829	2,278
Total operating costs	<u>8,654</u>	<u>39,311</u>

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

5. Interest receivable and similar income

Interest receivable and similar income can be split as follows:

	2022 £'000	2021 £'000
Bank and other interest	10	166
Exchange gains on foreign currency balances	647	-
	<u>657</u>	<u>166</u>

6. Interest payable and similar charges

Interest payable and similar charges can be split as follows:

	2022 £'000	2021 £'000
Bank loans, other interest and overdrafts	1,030	239
Exchange losses on foreign currency balances	-	76
	<u>1,030</u>	<u>315</u>

7. Profit is after charging

	2022 £'000	2021 £'000
Fees payable to the Company's auditor for Audit of the Company's financial statements	94	75
Depreciation	617	880
Profit on disposal of investment properties	<u>5,981</u>	<u>11,254</u>

To the year to June 2022 (2021 £nil), there were no non-audit fees paid to the auditors of these accounts.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

8. Tax charge on profit

(i) Analysis of tax charge on profit

	2022 £'000	2021 £'000
Current tax		
UK corporation tax on profit	10,090	12,696
Adjustments in respect of prior years	(37)	-
Overseas tax	-	1,216
Total current tax charge	10,053	13,912
Deferred tax		
Capital allowances in excess of depreciation	188	85
Movement in property revaluation	(9,403)	(5,644)
Effects of indexation	(38)	-
Effects of increase in tax rates on opening liability	-	7,366
Total deferred tax (credit)/charge	(9,253)	1,807
Total tax charge on profit	800	15,719

(ii) Factors affecting tax (credit)/charge for the current year

The standard rate of tax for the year, based on the UK standard rate of corporation tax is 19% (2021: 19%). The actual tax charge for the current and the previous year differs from the standard rate for the reasons set out in the following reconciliation:

	2022 £'000	2021 £'000
Profit before taxation	15,285	47,222
Tax charge at 19% (2021: 19%):	2,904	8,972
Factors affecting charge:		
Non taxable income/expenses not deductible for tax purposes	(436)	(658)
Adjustment in respect of prior years	(37)	-
Overseas tax higher rate	-	322
Effects of indexation	(36)	-
Effects of changes in tax rates	(1,400)	7,083
Allowances claimed	(200)	-
Utilisation tax losses	5	-
Total tax charge for year	800	15,719

Finance Act 2021 which was Substantively Enacted on 24 May 2021 included provisions to increase the rate to 25% effective from 1 April 2023. In valuing the deferred tax balances at the year-end, a rate of 25% has been used based on the expected periods of reversals.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

9. Profit attributable to the Company

As permitted by Section 408 of the Companies Act 2006, the profit or loss of the parent company is not presented as part of these financial statements. The profit before tax for the year accounted for in the books of the parent company was £14,491,000 (2021: £28,560,000).

10. Dividends on equity shares

The Company distributed £90,000,000 of dividends in the year (2021: £390m), which equated to 19p (2021: 83p) per share.

11. Intangible fixed assets

	Group Negative Goodwill £'000
Cost:	
At 1 July 2021	(13,038)
	<hr/>
At 30 June 2022	(13,038)
	<hr/>

	<hr/>
Net book value	
At 30 June 2022	(848)
	<hr/>
At 30 June 2021	(2,533)
	<hr/>

Negative goodwill arising on acquisition is credited to the balance sheet and released through the profit and loss account as the underlying assets are realised.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

12. Investment properties

	Group Land & Buildings Investment Property £'000
At valuation:	
At 1 July 2021	270,619
Disposals	(94,366)
Deficit on revaluation in the year	(158)
	<hr/>
At 30 June 2022	176,095
	<hr/>
Representing properties at cost	132,792
Plus net valuation surplus	43,303
	<hr/>
	176,095
	<hr/>

During the year the Group sold 5 investment properties that had a cost value of £43,648,000 and a brought forward valuation of £94,366,000. They were sold for a combined £101,989,000, with selling costs of £1,642,000, bringing a profit on disposal of investment property of £5,981,000 in the year.

Investment properties were revalued to fair value at 30 June 2022 based on a valuation undertaken by directors with recent experience in the location and class of investment property being valued.

The directors' valuation has been based upon an internal valuation for which the key assumptions and judgements are reviewed and amended to reflect the property and market conditions at 30 June 2022. The valuations were prepared by an internal qualified valuation expert on the basis of market value in accordance with the RICS Valuation – Global Standards 2020 incorporating the IVSC International Valuation Standards issued June 2017 (the "RICS Red Book").

Included in the portfolio are a number of investment properties with a carrying value £77,410,000 (2021 - £870,000) which was valued at fair value at 30 June 2022, based on a valuation undertaken and prepared by external valuation experts on the basis of market value, in accordance with the RICS Valuation – Global Standards, effective from 31 January 2020, incorporating the IVSC International Valuation Standards, issued June 2017, and UK National Supplement, effective 14 January 2019 (the "RICS Red Book"). The business employs a rotation policy on external valuations each period and thus a number of properties were valued through this method.

The valuation is based on the comparable method which involves the use of various assumptions and qualifications with regards to valuations of similar properties, rental incomes and rental yields. The significant assumptions cover the adequacy of the comparable property.

The revaluation gain on the property is included in the Consolidated Profit & Loss Account in accordance with FRS 102. In accordance with FRS 102, the investment property was not depreciated. It was not possible to quantify the depreciation which otherwise would have been charged. The historic cost of investment properties at 30 June 2022 was £132,792,000 (2021: £176,439,000).

The investment properties were valued at £176,095,000 as at 30 June 2022 (2021: £270,619,000). The valuation split as, freehold £152,273,000 (2021: 246,819,000) and leasehold £23,822,000 (2021: £23,800,000). The revaluation surplus at 30 June 2022 was £43,303,000 (2021: £94,180,000).

Amshold Limited

14. Investments held as fixed assets

Company

	Investment £'000
At July 2021	122,732
Investment write down	(25,007)
At 30 June 2022	97,725

During the year, the Company wrote down its investments in its subsidiaries by £25,007,000 leaving its Investments held as fixed assets of £97,725,000 (2021: £122,732,000) represent shares in subsidiary undertakings and represent the cost of its investment in Amshold Group Limited. Additional information in respect of subsidiary undertakings is given in note 15.

The impairment arose due to inter-company dividends being paid up to its parent company and the subsequent cessation of trade of the subsidiary.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

15. Additional disclosure in respect of subsidiary undertakings

The Groups subsidiary undertakings, which are all registered at Amshold House, Goldings Hill, Loughton, Essex, IG10 2RW are as follows:

	Country of incorporation	Activity	UK company registration number	Portion of ordinary shares held and voting rights %

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

19. Creditors:

(a) amounts falling due within one year

	Company		Group	
	2022	2021	2022	2021
	£'000	£'000	£'000	£'000
Trade creditors	-	-	542	251
Corporation tax	-	-	-	3,268
Other taxes and social security costs	-	-	185	157
Other creditors	-	116	789	2,849
Accruals	-	-	809	775
Deferred income	-	-	2,936	3,794
	-	116	5,261	11,094

Within the Group other creditors are outstanding director loans of £nil (2021: £1.5m), which are unsecured, bear no interest and is repayable on demand.

(b) amounts falling due after more than one year

	Company		Group	
	2022	2021	2022	2021
	£'000	£'000	£'000	£'000
Loan notes	70,000	80,000	70,000	80,000
Amounts due to associated companies	-	-	64,506	63,994
	70,000	80,000	134,506	143,994

Interest paid in the year on loan notes held were paid at 0.5% above LIBOR, which gave a fixed rate between 1.1% - 1.5%. From 31 December 2021, LIBOR has discontinued as a benchmark rate for loans due to regulatory changes and the Group has transitioned to SONIA.

During the year, the Group agreed to transition its GBP LIBOR linked loans to compounding SONIA with an additional fixed spread added of 50 bps from 1 January 2022. No other terms were amended. The Group accounted for the change to SONIA using the practical expedient in FRS 102.11.20C, which allows the Group to change the basis for determining the contractual cash flows prospectively by revising the effective interest rate.

On 23 September 2022 the loan notes issued by the Company were refinanced in order to give certainty to the Group over its long-term finances. At the time of the refinancing a sum of £70,000,000 was outstanding on the loan notes. The existing loan notes were all redeemed and new 8 year 364 day loan notes were issued with a fixed 2.93% fixed rate coupon totalling £70m. The loan notes are repayable on 22 September 2031.

The amount due to the associate company is repayable on 31 December 2026 or by receiving one years notice from the lender. Interest is payable on the loan at 1% fixed until 31 December 2026, paid annually and is unsecured.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

20. Provisions for liabilities

Deferred tax can be split as follows as follows:

	Group Deferred tax	
	2022	2021
	£'000	£'000
At 1 July	(33,429)	(31,622)
Credit/(charge) to the profit and loss account – current year	9,253	(1,807)
At 30 June	<u>(24,176)</u>	<u>(33,429)</u>

Analysis of deferred tax provision:

	2022	2021
	£'000	£'000
Company and Group		
Capital allowances that are less than depreciation	(5,895)	(5,889)
Timing differences	179	95
Potential gain on fixed asset investment	(12,194)	(12,194)
Deferred tax on retained surplus on revaluation of property	(6,266)	(15,441)
	<u>(24,176)</u>	<u>(33,429)</u>

21. Called up share capital

	2022	2021
	£'000	£'000
Called up, allotted and fully paid:		
235,000,000 A shares of 1p each	2,350	2,350
235,000,002 B shares of 1p each	2,350	2,350
	<u>4,700</u>	<u>4,700</u>

The A shares and B shares rank pari passu and both carry voting rights in the Company.

22. Reserves

The profit and loss reserve represents cumulative profits or losses, including unrealised profit on the remeasurement of investment properties, net of dividends paid and other adjustments.

The revaluation reserve is calculated on the investment valuation gain on cost less deferred tax calculation on the surplus/deficit.

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022

23. Operating lease income

The future minimum lease rentals receivable under non-cancellable operating leases in respect of the Group are as follows:

	2022 £'000	2021 £'000
Receivable in not later than one year	8,909	11,583
Receivable in later than one year but not later than five years	33,037	37,039
Receivable in later than five years	82,973	92,945
	<u>124,919</u>	<u>141,567</u>

The Group enters into operating leases for the occupation of its properties. Some of the income from these is contingent on publicly quoted inflationary indexes. The amount of rent changes in any one year due to these indexes is immaterial. During the year, £971,945 (2021: £1,882,203) of rental income was recognised based on a contingent basis.

24. Notes to the consolidated cash flow statement

Reconciliation of operating profit to net cash inflow from operating activities

	2022 £'000	2021 £'000
Group operating profit	15,658	47,371
Depreciation charge	617	880
Fair value movement on investment property	158	3,702
Profit on sale of investment properties	(5,981)	(11,254)
Interest paid and similar charges	(1,030)	(240)
Sale of subsidiary	5	-
Amortisation of negative goodwill	(1,685)	(2,774)
Decrease in properties held for resale	5,313	35,725
Decrease in debtors	90	1,704
Decrease in creditors	(2,224)	(2,840)
Corporation tax paid	(13,662)	(12,865)
Net cash (outflow)/inflow from operating activities	<u>(2,741)</u>	<u>59,409</u>

Analysis and reconciliation of net funds

	At 1 July 2021 £'000	Cash flow £'000	At 30 June 2022 £'000
Cash and cash equivalents	8,380	2,107	10,487
Debt due within 1 year	-	-	-
Net funds	<u>8,380</u>	<u>2,107</u>	<u>10,487</u>

Amshold Limited

Notes to the financial statements (continued) For the year ended 30 June 2022
