Patrick Johnson - Director

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 29 FEBRUARY 2020**

**1. STATUTORY INFORMATION**

Johnson Group Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the provisions of section 1A of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Turnover**

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

**Tangible fixed assets**

Depreciation is provided at 25% of the reducing balance in order to write off each asset over its estimated useful life.

**Investment property**

Investment properties are accounted for in accordance with the provisions of section 16 of FRS 102. They are valued annually by the directors, and from time to time by an independent professional valuer, on a fair value basis. The surplus or deficit on revaluation is transferred to the income statement. Deferred tax is provided on revaluation gains at the rate expected to apply when the property is sold.

**Financial instruments**

Basic financial assets and liabilities, including trade debtors and creditors, other debtors and creditors and amounts with related parties are initially recognised at transaction price and are subsequently carried at amortised cost using the effective interest method unless the arrangements constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets and liabilities classified as receivable or payable within one year are not amortised.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. Current or deferred taxation assets and liabilities are not discounted. Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**3. EMPLOYEES AND DIRECTORS**

The average number of employees during the year was NIL (2019 - NIL).
