

**SPECIAL RESOLUTION OF POSITIVE EAST (02546750)**

It has been agreed that the charity changes the name of the company (#02546750) on the memorandum and articles of association from The Globe Centre (City and East London) to Positive East to reflect the fact that The Globe Centre (City and East London) changed its name to Positive East in 2009

The reason for the update is for the governing documents of the charity to represent its actual name. This eliminates risk to funding, in an increasingly competitive environment, from queries concerning inconsistency in governing documentation from existing and future funders
