STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

Introduction

The principal activity of the Company ("HISL") during the year was the design, manufacture, assembly, testing and marketing of protective headgear for military and civilian aircrew, the emergency and law enforcement services, together with respiratory equipment for use in a variety of industrial applications.

Where appropriate HISL provides associated equipment such as radio communication systems, active noise reduction, microphones (including bone conductive), earphones and consumables such as filters and battery packs. HISL also undertakes funded research and design engineering as a subcontractor to a number of major international corporations to meet their specific requirements. In other areas research and development is undertaken, either as new initiatives for additional products, or to update and improve existing products.

During 2017 the Company also initiated a service business offering, with the first customer signed up in Q4 of 2017.

Business review

Turnover for the year showed an 8% increase on the previous year, primarily due to the award of a long-term contract with the UK MOD.

Operating profit before tax was £115,463 (2016 £592,783) with an after tax a loss of £18,047 (2016 loss-£1,357,788). The 2016 loss included a £1,880,140 to reduce the value of ISPI, a subsidiary to £nil.

Considerable investment continues to be made in new products, specifically in the Air and Ground segments, which will start to see launch in the middle of 2018.

Principal risks and uncertainties

The directors are of the opinion that the budget approved for 2018 is realistic and is based only on existing certified and approved products, with product upgrades and improvements providing the only internal risk area. External risks encompass parts obsolescence and the general political and economic risks and uncertainties.

HISL constantly monitors its supply chain relationships and the potential risks associated with parts obsolescence (mainly, but not limited to, electronic components). Working closely with suppliers, HISL's purchasing departments identify items that are due to be made obsolete, and, if necessary instigate "last time buys" to ensure stock availability while alternatives can be sourced, evaluated and approved.

As a more general point, the worldwide political and economic uncertainties (in particular Brexit) has required the board to carefully balance:

- the need to control inflationary pressures on employee and overhead costs, as well as raw materials;
- capital expenditure, and research and development costs;
- new products and the updating of existing products;
- control of working capital requirements.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2017

Financial key performance indicators

A number of KPIs are used by the company:

- orders by customer and product group are measured against budget on a weekly basis;
- sales by product group and customer are compared to budget on a monthly basis and deliveries to customers are the subject of weekly production meetings to enable any remedial action to be taken;
- cash is closely monitored and revised projections are completed quarterly in parallel with profit forecasts;
- customer satisfaction a system has now been established to review on a monthly basis and to take remedial action where appropriate;
- departmental overheads are monitored on a monthly basis as part of the management accounting package.

This report was approved by the board and signed on its behalf.

Richard Dellar

R Dellar Director

Date: 24th September 2018

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

The directors present their report and the financial statements for the year ended 31 December 2017.

Directors' responsibilities statement

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2017

Results and dividends

The loss for the year, after taxation, amounted to £18,047 (2016 - loss £1,357,788).

The statement of comprehensive income is set out on page 10 and shows the company's loss for the period.

The payment of dividends is decided by Gentex Corporation. The scenarios outlined in the heading "Future developments" will require, over the ensuing 2 to 3 years, additional working capital to finance higher levels of turnover, stock and work in progress and trade debtors. The board continues to consider that this expansion should be self-financing from within the company, and accordingly no dividends have been declared for the period.

Financial controls

Annual budgets, phased by month are agreed by the board, and, monthly, management accounts are compared with budget to highlight variances enabling remedial action to be taken when necessary. All balance sheet items are reconciled monthly, with the exception of stock which is verified at each year end by physical count and ongoing via perpetual inventory. Quarterly cash flow forecasts are produced and are monitored against the actual cash flows.

Capital expenditure is controlled by requiring all proposals for expenditure to be approved by the board. Research and development private venture expenditure is only undertaken after a rigorous cost justification process has been undertaken, and the board is satisfied that a satisfactory return on investment will be achieved.

Financial risk management policies

The board regularly reviews the financial requirements of the Group and the risks associated therewith. HISL's operations historically have primarily been financed from retained earnings and bank borrowings and does not use complex or derivative financial instruments for trading purposes other than forward exchange contracts. The principal financial risks arising from HISL's activities are credit risk and exchange rate risk. These are monitored closely by the board. Credit risk is managed by obtaining credit checks on new commercial customers, using credit insurance wherever available and by monitoring payments against contractual agreements.

HISL's exchange rate exposure arises from transactions with overseas customers denominated in foreign currency. The board will take steps to protect its anticipated foreign exchange cash inflows for the coming year by entering into forward exchange contracts and options with its bankers, as required.

Directors

The directors who served during the year were:

R Dellar

L Frieder III

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2017

Future developments

During 2017, significant progress was made, developing the range of new Industrial safety products, which are planned to launch towards the back end of 2018. These new product developments are broadly proceeding to schedule, which once launched will provide increased sales opportunities across the global Personal Protection Markets.

A number of Aircrew products finished development during the year, being launched in Q4 of 2017. These new products include a new Search and Rescue (SAR) helmet, aimed specifically at the global helicopter-based rescue teams, such as the national Coast Guards placed around the worlds coastlines. A new and updated range of hearing protection products was launched in Q4, with first sales also made in the year.

Much attention is being given to protection against illegal use of laser markers and pens, which can cause both temporary and permanent loss of eyesight to Aircrew if exposed to even short durations. As a leading supplier of above the neck protection we have, in conjunction with the US parent started developing Laser eye protection technologies, specifically for Aircrew. We forecast completion of the first phase in the middle of next year.

Financial instruments

The board regularly reviews the financial requirements of the company and the risks associated therewith. HISL's operations historically have primarily been financed from retained earnings and bank borrowings and the company does not use complex or derivative financial instruments for trading purposes other than forward foreign exchange contracts.

Charitable donations

During the year, the Group made charitable donations of £395 (2016: £415).

Qualifying third party indemnity provisions

During the period and up to the date of this report, the Group maintained liability insurance and third-party indemnification provisions for its directors, under which the Group has agreed to indemnify the directors to the extent permitted by law in respect of all liabilities to third parties arising out of, or in connection with, the execution of their powers, duties and responsibilities as directors of the Group.

Disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2017

Post balance sheet events

There have been no significant events affecting the Company since the year end.

Auditors

The auditors, MHA MacIntyre Hudson, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on

24/09/2018

and signed on its behalf.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF HELMET INTEGRATED SYSTEMS LIMITED

Opinion

We have audited the financial statements of Helmet Integrated Systems Limited (the 'Company') for the year ended 31 December 2017, which comprise the Statement of Income and Retained Earnings, the Balance Sheet and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2017 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may
 cast significant doubt about the Company's ability to continue to adopt the going concern basis of
 accounting for a period of at least twelve months from the date when the financial statements are
 authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditors' Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF HELMET INTEGRATED SYSTEMS LIMITED (CONTINUED)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF HELMET INTEGRATED SYSTEMS LIMITED (CONTINUED)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1. General information

Helmet Integrated Systems Limited is a private company limited by shares, incorporated in England and Wales, registration number 02766754. The address of its principal place of business is Unit 3 Focus 4, Fourth Avenue, Letchworth, SG6 2TU.

The Company's principal activity is the manufacture and sale of protective headgear.

2. Accounting policies

2.1 Basis of preparation of financial statements

These financial statements are for the single entity, Helmet Integrated Systems Limited. Consolidated financial statements have not been prepared for Helmet Integrated Systems Limited as the numbers are consolidated in Gentex Europe Limited.

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company accounting policies (note 3).

The following principal accounting policies have been applied:

2.2 Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 4 Statement of Financial Position paragraph 4.12(a)(iv);
- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 11 Financial Instruments paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Gentex Europe Limited as at 31 December 2017 and these financial statements may be obtained from Suite 1, 3rd Floor, 11-12 St James's Square, London, SW17 4LB.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Company has transferred the significant risks and rewards of ownership to the buyer;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

2.4 Intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

The estimated useful lives range as follows:

Development costs 5 - 10 years
Computer software 4 years

Amortisation of intangible fixed assets is included in administrative expenses.

2.5 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.5 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold property 2% p.a. on buildings
Short-term leasehold property 10% p.a.
Plant and machinery 10% p.a.
Motor vehicles 25% p.a.
Computer equipment 25% p.a.

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Income and Retained Earnings.

2.6 Impairment of fixed assets and goodwill

Assets that are subject to depreciation or amortisation are assessed at each balance sheet date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit to which the asset has been allocated) is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or CGU's) fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (CGUs). Non-financial assets that have been previously impaired are reviewed at each balance sheet date to assess whether there is any indication that the impairment losses recognised in prior periods may no longer exist or may have decreased.

2.7 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.8 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.9 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments-that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.11 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in the case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Income and Retained Earnings.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.12 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.13 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the Statement of Income and Retained Earnings at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of Income and Retained Earnings in the same period as the related expenditure.

2.14 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP:

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Income and Retained Earnings except when deferred in other comprehensive income as qualifying cash flow hedges.

All foreign exchange gains and losses are presented in the Statement of Income and Retained Earnings within 'administrative expenses'.

2.15 Finance costs

Finance costs are charged to the Statement of Income and Retained Earnings over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.16 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to the Statement of Income and Retained Earnings on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

The Company has taken advantage of the optional exemption available on transition to FRS 102 which allows lease incentives on leases entered into before the date of transition to the standard 01 January 2016 to continue to be charged over the period to the first market rent review rather than the term of the lease.

2.17 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Statement of Income and Retained Earnings when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.18 Interest income

Interest income is recognised in the Statement of Income and Retained Earnings using the effective interest method.

2.19 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the Statement of Income and Retained Earnings in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the balance sheet.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.20 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will
 be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.21 Research and development

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives, which range from 5 to 10 years.

If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

The preparation of the financial statements requires management to make significant judgments and estimates. The items in the financial statements where the judgments and estimates have been made include revenue recognition, considering potential impairments within stock and trade debtors and the useful economic life of goodwill, intangible fixed assets and tangible fixed assets.

Corporation tax		1997
Current tax on profits for the year	* <u>*</u>	123,698
Adjustments in respect of previous periods	-	(50,953)
Total current tax	<u> </u>	72,745
Deferred tax	TELL TO LIVE AND THE	7
Origination and reversal of timing differences		(1,689)
Adjustments in respect of prior year	₩.	52
Total deferred tax		(1,637)
		Action of the second
Taxation on profit on ordinary activities		71,108

Factors affecting tax charge for the year

The tax assessed for the year is lower than (2016 - higher than) the standard rate of corporation tax in the UK of 19.25% (2016 - 20%). The differences are explained below:

	2017 £	2016 £
Loss on ordinary activities before tax	(18,047)	(1,286,680)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 19.25% (2016 - 20%) Effects of:	(3,474)	(257,336)
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment		376,112
Adjustments to tax charge in respect of prior periods	<u>;</u>	(50,901)
Other differences leading to an increase (decrease) in the tax charge	3,474	3,233
Total tax charge for the year		71,108

Factors that may affect future tax charges

- X

Reduction in the UK corporation tax rate from 19% to 17% is effective from 1 April 2020

This will reduce the company's future current tax charge accordingly.
