**1. General information**

J Sainsbury Common Investment Fund Limited (the 'Company') is a private limited company, incorporated and domiciled in England and Wales. The Company's registered address is 33 Holborn, London EC1N 2HT.

The Company is part of the J Sainsbury plc group ('the Group'). The ultimate parent company and controlling party of the Company is J Sainsbury plc, which is registered in England and Wales, and forms the only group into which the financial statements of the Company are consolidated. Copies of the parent company's financial statements may be obtained from [www.j-sainsbury.co.uk](http://www.j-sainsbury.co.uk)

The Company's financial year represents the 52 weeks to 9 March 2019 and the prior financial year represents the 52 weeks to 10 March 2018.

**2. Summary of significant accounting policies**

**a) Statement of compliance**

The financial statements have been prepared in accordance with International Financial Reporting Standards ('IFRSs') as adopted by the European Union and International Financial Reporting Interpretations Committee ('IFRIC') interpretations and with those parts of the Companies Act 2006 applicable to companies reporting under IFRSs.

**b) Basis of preparation**

The financial statements are presented in sterling rounded to the nearest pound (£) unless otherwise stated and have been prepared on a going concern basis under the historical cost convention.

The preparation of financial statements in conformity with IFRS requires the use of judgments, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2c.

The accounting policies have been applied consistently to all periods presented in the financial statements.

**Financial instruments**

*Financial assets*

Loans and receivables are non-derivative financial assets, initially recognised at fair value, then subsequently carried at amortised cost, less provision for impairment.

**Impairment**

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss. Any impairment charge is recognised in the income statement in the year it occurs.

**Share capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**c) Judgements and estimates**

The Company makes judgements and assumptions concerning the future that impact the application of policies and reported amounts. The resulting accounting estimates calculated using these judgements and assumptions will, by definition, seldom equal the related actual results but are based on historical experience and expectations of future events.

**for the 52 weeks to 9 March 2019**

**2 Accounting policies**

**c) Judgements and estimates (continued)**

The judgements and key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are discussed below:

*Impairment of assets*

Financial and non-financial assets are subject to impairment reviews based on whether current or future events and circumstances suggest that their recoverable amount may be less than their carrying value. Recoverable amount is based on a calculation of expected future cash flows which includes management assumptions and estimates of future performance.

**3. Administrative expenses**

The Company has not traded during the financial year and any expenses incurred for the current and prior year have been borne by Group companies or by the Sainsbury Pension Scheme.

**4. Employees and Directors' remuneration**

The average monthly number of persons (including Directors) employed by the Company during the financial year was nil (2018: nil).

All of the Directors, except for the Chair (John Preston) and The Law Debenture Pension Trust Corporation p.l.c, are employees or ex-employees of the ultimate parent company, J Sainsbury plc, or other Group companies. However, the Directors do not believe it is possible to meaningfully allocate these emoluments between their respective duties. The Directors do not receive any remuneration from the Company (2018: £nil).

John Preston and The Law Debenture Pension Trust Corporation p.l.c received remuneration from the Sainsbury's Pension Scheme for their services as Directors. It is not possible to make an accurate apportionment of the Directors' emoluments as they serve as Directors to a number of Group companies.

**5. Other receivables**

	2019	2018
	£	£
Amounts due from parent companies	2	2

Amounts due from the parent companies are non-interest bearing and are repayable on demand. The carrying amounts are denominated in sterling.

**6. Called up share capital**

The authorised share capital comprises 100 ordinary shares of £1 each (2018: 100 shares of £1 each). The allotted and fully paid share capital comprises 2 ordinary shares of £1 each (2018: 2 ordinary shares of £1 each).

**7. Related party transactions**

The immediate parent companies are J Sainsbury Trustees Limited and J Sainsbury Pension Scheme Trustees Limited which each hold 50% of the called up share capital. The ultimate parent undertaking and controlling party is J Sainsbury plc, which is registered in England and Wales and forms the only group into which the financial statements of the Company are consolidated. Copies of the ultimate parent's consolidated financial statements may be obtained from [www.aboutsainsburys.co.uk](http://www.aboutsainsburys.co.uk).

*(a) Key management personnel*

The key management personnel of the Company comprise members of the Board of Directors. The Directors do not receive any remuneration from the Company as their emoluments are borne by Group companies. The Company did not have any transactions with the Directors during the financial year.
