1 Accounting Policies

Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents rents receivable.

Deferred taxation

Deferred taxation arises when items are charged or credited in accounts in different periods to those in which they are included in the company's tax computations. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date. Deferred tax is calculated at the average rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. The resulting deferred tax asset or liability is not discounted.

Dividends

Proposed dividends are only included as liabilities in the financial statements when their payment has been approved by the shareholders prior to the balance sheet date.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

The company's freehold properties are revalued in full every five years. Interim valuations are carried out when it is likely that there has been a material change in value.

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of these properties.

Current asset investments

Current asset investments are stated at the lower of cost and net realisable value.

Chua & Young Limited
Notes to the Abbreviated Financial Statements
For the year ended 31 March 2013

6 Tangible fixed assets

	Tangible fixed assets	£
Cost or valuation		
At 01 April 2012		340,000
At 31 March 2013		340,000
Net book values		
At 31 March 2013		340,000
At 31 March 2012		340,000

The freehold land and buildings were revalued at the year end by the directors on the basis of open market value. The historical cost of freehold land and buildings, included above at a valuation of £340,000 was £218,546 (2012: £218,546).

10 Share capital

Authorised

120,000 Ordinary shares of £1.00 each
