In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 30 September 2020 and were signed on its behalf by:

G N Davies OBE - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

1. STATUTORY INFORMATION

Tower Colliery Limited is a private company, limited by shares, registered in England and Wales. The company's registered number, registered office and principal place of business address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Turnover

Turnover represents net invoiced sales of goods and services, and management fees excluding value added tax.

Revenue recognition

Revenue from the provision of services and management fee income is recognised evenly over the period to which it relates. Revenue from the sale of goods is recognised on despatch.

Tangible fixed assets

Tangible fixed assets are stated at cost or valuation net of depreciation and any provision for impairment.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or if held under finance lease, over the lease term, whichever is the shorter.

Plant and machinery - 20% reducing balance

Motor vehicles - 25% reducing balance

No depreciation is provided on land.

Revaluation of land and buildings

Individual land and buildings are held at valuation, with the surplus or deficit in book value being transferred to the revaluation reserve, except that a deficit which is in excess of any previously recognised surplus or reversal of a deficit, over depreciated cost relating to the same property, is charged (credited) to the income statement.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost less impairment.

2. ACCOUNTING POLICIES - continued

Financial instruments

Basic financial assets

Basic financial assets, which include trade debtors, other debtors and cash and bank balances, are initially measured at transaction price, including transaction costs. They are subsequently carried at amortised cost using the effective interest rate method, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including other creditors, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Going concern

In preparing the financial statements, the directors have considered the current financial position of the company and likely future cashflows. The company has made a loss in the year and has both net current liabilities and net liabilities at the balance sheet date. However the company has a cash balance of £600,659 at the balance sheet date.

The directors have assessed the impact of the Covid-19 pandemic on the company's going concern position. While considerable uncertainty remains, in the opinion of the directors Covid-19 will not adversely affect the ability of the company to continue trading for the foreseeable future.

The directors are confident that the company is well placed to manage its business risks successfully, despite the uncertain economic outlook.

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

The Report of the Auditors was unqualified.

Brian Garland (Senior Statutory Auditor)
for and on behalf of Gerald Thomas

10. CONTINGENT LIABILITIES

The company has provided an unlimited guarantee in respect of the joint venture undertaking Tower Regeneration Limited.

The guarantee is secured on the stocks and shares of the company.

11. RELATED PARTY DISCLOSURES

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Amounts owed by related parties £29,253 (2018 - £25,000) were due from Tower Regeneration Limited, a company in which Tower Colliery Limited owns 50% of the shares. The balance was received in full subsequent to the balance sheet date. £20,000 (2018 - £25,000) owing from Tower Regeneration Limited as at 30 June 2019 was in respect of management fees.

A balance of £2,546,054 (2018 - £2,546,054) has been fully provided for at the balance sheet date.

12. ULTIMATE CONTROLLING PARTY

The company's immediate and ultimate parent company is Goitre Tower Anthracite Limited, a company registered in England and Wales. The directors do not believe there to be an ultimate controlling party. Copies of the financial statements of Goitre Tower Anthracite Limited are available from Companies House, Crown Way, Maindy, Cardiff, CF14 3UZ.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
