DIRECTORS' REPORT

The directors present their annual report and the audited financial statements for the year ended 31 July 2010

INCORPORATION

The Trinity College Carmarthen Foundation (incorporated under the Further and Higher Education Act 1992) was registered by the Charity Commission as a new incorporated charity on 25 August 1995. The new Company Limited by Guarantee (Charity Number 1048771) commenced trading on 1 August 1997. The existing Charity (Registration Number 525786), based on the previous 1981 scheme and representing the permanent endowment, is now vested in the Charity Commission's scheme dated 12 June 1997, which governs the charity known as Trinity College. In essence the incorporated Governing Body, which operates the College, also functions as the trustee holding the permanent endowment. The existence of the two charities with separate registration numbers will require that both the endowment in Trinity College and the assets in the Foundation will be accounted for separately

OPERATING AND FINANCIAL REVIEW

Scope of the Financial Statements

The accounts of Trinity College Carmarthen Foundation Ltd comprise the following elements

Trinity College, Carmarthen Foundation Limited ("the Company")
Farm Account (division of the Company)
Trinity College Library and Ancillary Services (Carmarthen) Limited
Eclectica Drindod Ltd

The Company Account is the Income and Expenditure Revenue Account and is derived from public funding provided by the Higher Education Funding Council for Wales and fee income A subsidiary of the Company is Trinity College Library and Ancillary Services (Carmarthen) Limited

The Farm Account forms part of the Company Account, but is treated separately to produce a full and fair view of the operation of the commercial aspects of the enterprise

For the purposes of these financial statements Trinity College Carmarthen Foundation Limited ("The Company") is treated as the holding company

Eclectica Drindod is a private company limited by guarantee with no share capital, initiated to undertake a role that more effectively delivers Third Mission activity for Trinity College

Principles Underlying the Operating and Financial Review

Within the context of Wales, Trinity University College has had a distinct role to play within higher education. Its mission, educational character and academic portfolio attest to its strategic importance in furthering bilingualism and supporting the enhancement of the Welsh language and culture

As a community university, the institution has been acutely aware of its role as a key agent for lifelong learning. The current strategic plan confirms the role of the institution as it develops a range of strategies to support various Welsh Assembly Government policies. In doing so, it articulates the core raison d'être of the institution as a community university institution, that makes an effective contribution to the economic, social, cultural and spiritual prosperity of Wales. As a teaching led institution underpinned by scholarship, it has developed a clear niche for itself. The confidence of the institution in its academic provision and its strategic relevance for Wales is based upon an evolving programme of change, ever refining the purpose and significance of its educational provision. Its role within the life of Wales, as a central hub promoting the arts, education and the Welsh language, places it on a par with other specialist university and conservatoires within the sector.

The University's vision is to develop a high quality, distinctive higher education provision. Both teaching and applied research will be of national significance, attracting students and staff as a result of the acknowledged

DIRECTORS' REPORT

expertise within subject areas Programmes at undergraduate and postgraduate level will be responsive to and reflective of current specialist areas of cultural and professional development in west Wales

Public Benefit

The objectives of Trinity University College are in full alignment with the new University – the University of Wales Trinity Saint David that has been established from the joining of the University of Wales, Lampeter and Trinity University College, Carmarthen The University's Mission Statement is

"excellence in education - delivered with distinction"

The priority aims for the University are to be an institution

- which delivers high quality higher education and research and contributes to the economic, social
 and cultural prosperity of its region and the UK more broadly through offering a distinctive and
 progressive portfolio of strong academic activity,
- which is regarded as a hub for the development of higher level skills and workforce re-skilling within south west and mid-Wales,
- which has a clear international profile as it develops international excellence in research and teaching networks,
- that is committed to the bilingual agenda and
- that celebrates its strong and vibrant academic and cultural heritage

Key Future Activities

Future activities are focused on the following areas

Achieving excellence in learning & teaching

Providing distinctive, relevant research, learning, and employment led opportunities that are based upon academic excellence

Achieving excellence in research

To be recognised as a research centred university that offers added value across a specific range of subject areas

Providing a high quality student experience

To be recognised as a student centred university that offers high quality educational experiences

Investing in its Staff

Providing an environment where staff are valued and their professional and personal development is supported

Establishing an international profile

Providing a distinctive international character to the University through the establishment of a range of strategic partnerships in the UK and overseas

Developing the Knowledge Economy

To be recognised as a regional university that offers a distinctive range of professional skills that enhances innovation and promotes the knowledge based economy

Promoting social justice, inclusion and access

To be recognised as a distinctive university that offers relevant opportunities to promote social justice, inclusion and access

Promoting bilingualism and cultural distinctiveness

To be recognised as a national university of Wales offering bilingual opportunities to celebrate linguistic and cultural distinctiveness

DIRECTORS' REPORT

Promoting regionalism and institutional sustainability

To establish a regional Higher Education confederation in South West Wales that delivers a sustainable future for the provision of higher education through Trinity Saint David

Support is provided to a range of cultural and community organisations through a range of activity – the sporting facilities, including sports centre, playing fields and swimming pool are open to the community. The institution organises cultural events throughout the year, the major festival - Gwyl y Drindod is the annual festival that is now recognised as a major cultural event in Wales, providing additional opportunities for young people and enhancing the artistic life of a number of communities.

Financial Health

The designation of financial health by HEFCW no longer applies, however Trinity University College defines itself as an institution with low risk in relation to its financial status. However, there will be continuing challenges to financial health and the following areas continue to present a challenge to financial sustainability.

- maintaining a sufficient level of surplus to facilitate investment in the University estate, in order to both ensure fitness for purpose and to meet the increasing demands of its clients,
- being pro-active in responding to potential reduction in core funding from HEFCW,
- responding to the changing context in Wales in terms of the Reaching For Our Future Agenda,
- further diversification of income streams and
- expanding its community and part-time provision

Results for the year

The financial statements are produced in accordance with the Statement of Recommended Practice (SORP) on Accounting for Further and Higher Education

The University's Consolidated Income and Expenditure Account for 2009/10 is summarised as follows

	2009/10	2008/09	
	£k	£k	
Income	16,187	15,144	
Expenditure	15,492	15,299	
Operating Surplus	695	(155)	

It is pleasing to report that Trinity University College recorded a surplus for the year retained within General Reserves of £695,024. This is an improvement on the small operating deficit made in the previous year.

The results for the year are consistent with management's expectations and the University's strategic aims to deliver operational surpluses and an improved cash position to allow further capital investment over the strategic planning cycle

Income

During the year the University's total income increased by 6 9%, income received from HEFCW increased by 2 7% to £7 5 million. This represents 46% of total income in 2010, which reduced from 48% during 2008/09.

Tuition Fees increased by 10 3% to £4 3 million, due to the continued strong recruitment of full time Home & EU students

No research income was generated during the year to replace contracts that ended in 2008/09 due to a reduced level of externally funded contracts available to the sector

DIRECTORS' REPORT

Other income increased by 18 6% to £4 3 million, with Catering & Residence achieving a 5% increase to £2 2 million. The University experienced strong growth in EU grants of 98% to £303,000 due to increased awards of external contracts. Other income generating activities also experienced an increase of 31% to £1 7 million as the University continued to acquire external non EU contracts.

Expenditure

Total expenditure increased by 1 3% during the year which was below the growth in income

Staff costs expressed as a percentage of income represents a key performance indicator and in 2009/10 represented 60 9% down from the level of 64 2% in 2008/09

Other operating costs increased by 2.9% during the year to £5.2 million. This increase was due to increased external project expenditure but offset by a reduction to core operating costs.

Balance Sheet

The balance sheet discloses a net current assets position of £1 3 million as compared with £0 5 million in 2009. This follows a strong income and expenditure account result for the year.

Expenditure of £1 0 million was incurred on capital projects in 2009/10 and was financed through a combination of capital grants of £0 9 million and cash balances

The University had a net cash inflow from operating activities of £8 1 million and a total cash inflow of £7 7 million which had been boosted by the receipt of funds of £6 5 million from HEFCW to meet merger and capital investment in the University of Wales Trinity St David

In accordance with the University's Treasury Management Policy, the investment objective is to achieve the best possible return while minimising risk. The University's short term deposits are managed by Tradition UK Ltd, the performance of which is monitored by the Finance Committee. At 31 July 2010, the University held short term deposits and cash of £9.1 million.

The level of external borrowing continues to reduce with the level of indebtedness at 31 July 2010 standing at £1 2 million a reduction of £308,000 in the year. This is in accord with University policy of reducing indebtedness and not undertaking any capital investment of the estate, unless it can be funded from sources other than external borrowing

Creditors due within one year have increased overall by 54%. This is due to unspent grant from HEFCW to meet merger and capital investment in the University of Wales Trinity St David

The FRS17 deficit in the Dyfed Pension Scheme decreased during the year from £4 9 million to £4 6 million. The decrease in the deficit has principally been driven by a change in the calculation of benefits to be based on the Consumer Price Index as opposed to the Retail Price Index.

Particular Matters of Disclosure

Eclectica Drindod Ltd

Eclectica has been established as a private company limited by guarantee, with no share capital

The company has a board of directors with an independent chair. The objects of the company are to

- support the Learning and Teaching and Third Mission activities of Trinity University,
- enhance University estate through collaborative initiatives with local and national bodies,
- develop and further the careers of graduates from Trinity University Coilege and other educational establishments, by assisting them in the creation of new and innovative enterprise activities, particularly in the cultural, community and social context,
- provide a mechanism for engaging with public bodies and voluntary organisations to initiate culturally orientated activities, education and training provision, including conferences, events, festivals and concerts and
- undertake such activity as is beneficial to the aims and activities of Trinity University College Carmarthen

Eclectica is responsible for managing 'Y Llwyfan' and will have a key role in developing the new campus and attracting appropriate partners and clients to ensure viability and sustainability

DIRECTORS' REPORT

Creation of a new University

In October 2009, the University of Wales Lampeter and Trinity University College welcomed news that Education Minister Jane Hutt had approved a £143 million funding package in support of the creation of a brand new university in South West Wales

The University of Wales Trinity Saint David will build upon the heritage and strengths of Wales's two oldest institutions, and will go towards providing enhanced facilities and resources for students and communities in the region. The £14.3 million funding award from the Higher Education Funding Council for Wales (HEFCW) will ensure that the new university can respond to the economic and social needs of Wales.

In particular the funding will enable the University to address skills needs through the creation of a number of initiatives and will enhance and strengthen existing academic areas. The University of Wales Trinity Saint David will build upon existing partnerships with key agencies including further education colleges and schools to transform the provision of education and training across the region

A programme of investment will now see the development of enhanced facilities at both campuses, and staff at both Lampeter and Carmarthen are already working closely together following the granting of a Supplemental Charter by Her Majesty's Privy Council

A New Vision to Transform Education in South West Wales

On Wednesday, 2 June 2010 a new vision for post-16 education in South West Wales was unveiled at the Urdd Eisteddfod in Llanerchaeron, Ceredigion

The vision is to establish a regional educational group comprising two universities and three FE colleges in South West Wales to create a dual sector group structure providing meaningful educational pathways, enhancing student choice and developing joint educational provision which responds to the needs of employers

A declaration of intent was announced between the University of Wales Trinity Saint David, Swansea Metropolitan University, Pembrokeshire College, Coleg Sir Gâr and Coleg Ceredigion. The Statement of Intent proposes to establish a new Post-16 regional strategic alliance for the South West within a collegiate structure.

Payment of Creditors

The University's payment policy requires the University to aim to pay all undisputed invoices by the due date or within 30 days of receipt of goods or a valid invoice, whichever is the later

Trinity's Employees

The University is explicit in its commitment to further best practice in corporate governance and establish effective structures to support human capital within the institution. It aims to recruit, retain and develop staff that are well-informed and enjoy high morale, job satisfaction and a culture of commitment and engagement with the University's mission whilst meeting the needs of a changing institution and a changing curriculum. The University has retained its IiP status following a re-assessment during the year.

Environmental Impact

The University is a pro-active member of the South West Wales Higher Education Partnership and has implemented a series of measures to minimise the University's adverse impact on the environment

Key elements of this activity include

- Monitoring utility usages
- · Operating an environmentally friendly and approved waste management system
- Implementing an environmental management system (ISO 14001)
- Developing an environmental policy
- Develop and implement a travel plan

DIRECTORS' REPORT

- Establish an environmental committee / forum
- Meeting sustainability pledge targets

Risks and Uncertainties

The process of risk management has now been fully integrated with strategic planning. Institutional risks and contingencies are identified at the beginning of the academic year. The consultation process for defining the strategic plan has incorporated an identification of key risks in academic and support areas. These have then been incorporated in the University risk register and approved by audit committee. The process has been fully evaluated and become a formal part of the institutional planning process.

This risk and contingency management policy forms part of the Trinity University's internal control and corporate governance arrangements. The policy explains the institution's underlying approach to risk management, documents the roles and responsibilities of the board of governors, the senior management team, and other key parties. It also outlines key aspects of the risk management process, and identifies the main reporting procedures. In addition, it describes the process the board of governors will use to evaluate the effectiveness of the institution's internal control procedures. A contingency element has been included in the risk register to address potential, major incidents or issues that although unlikely, could create severe difficulties for the institution.

The principal risks are identified as

- Loss of institutional character and integrity
- Failure to attract students
- Lack of compliance
- Loss of capacity to deliver the University's Mission

Conclusion

The financial challenges of 2009/10 are likely to continue into 2010/11 given the dynamic changes in economic stability and future levels of public sector funding. Significant progress has already been made in developing robust management structures for the new University which will build upon a healthy financial position to meet its future challenges.

CONSTITUTIONAL CHANGES

The incorporated Governing Body, which operates the University through a Company Limited by Guarantee (Charity Registration Number 1048771), also functions as the trustee of the charity holding the permanent endowment (Charity Registration Number 525786) The existence of the two charities with separate registration numbers requires that both the endowment in Trinity College and the assets in the company are accounted for separately

DIRECTORS

The membership of the Board is set out at page 1

EMPLOYMENT OF DISABLED PERSONS

The University has a policy of employing disabled individuals in suitable posts and for making arrangements whenever possible to encourage employees who develop a disability to continue working for the institution

AUDITORS

A resolution to re-appoint Mazars LLP as auditors to the company will be proposed at the Annual General Meeting

DIRECTORS' REPORT

Approved by the Board of Directors and signed on behalf of the Board

Dr M Hughes

Director

Date 17-12-2010

CORPORATE GOVERNANCE STATEMENT

The College is committed to exhibiting best practice in all aspects of corporate governance. This summary describes the manner in which the College has applied the principles set out in Section 1 of the Combined Code on Corporate Governance issued by the London Stock Exchange in June 1998. Its purpose is to help the reader of the financial statements understand how the principles have been applied.

The College's Governing Body, the College Council, comprises lay members, employees and a student representative. The roles of Chairman and Vice-Chairman of the Governing Body are separated from the role of the College's Chief Executive, the Principal. The matters specially reserved to the Council for decision are set out in the Articles of Government of the College, by custom and under the Financial Memorandum with the Higher Education Funding Council for Wales. The Governing Body holds the responsibilities for the ongoing strategic direction of the College, approval of major developments and the receipt of regular reports from Executive Officers on the day-to-day operations of its business and its subsidiary company.

The College Council considers that, throughout the year ended 31 July 2010, the College has been in compliance with all the provisions set out in Section 1 of the Combined Code on Corporate Governance insofar as they relate to Colleges The College also complies with the Guide for Members of Governing Bodies of Universities and Colleges in England and Wales that was issued by the Committee of University Chairmen in 1998

The College Council is of the view that appropriate processes are applied for identifying, evaluating and managing the significant risks which relate to the institution, and that these processes are being continually refined and developed in terms of their scope and sensitivity. The overall processes are designed to manage rather than eliminate the risk of failure to achieve business objectives and it is recognised that they can provide reasonable but not absolute assurances.

The approach to risk management includes the systematic identification of key risks and of appropriate institutional responses to these, with continual review arrangements also being in place. The risk register is reviewed regularly by the senior management team and reported to the College Council

The full Governing Body normally meets on three occasions during an annual cycle and has several Committees, including a Finance and Strategic Planning Committee, a Human Resources Committee, a Nominations Committee, an Estates Committee, a Senior Staff Remuneration Committee and an Audit Committee All of these committees are formally constituted with terms of reference

In respect of its strategic and development responsibilities, the Governing Body receives recommendations and advice from the Finance and Strategic Planning Committee and from the Senate Academic Board, a committee of academic staff members chaired by the Principal which is responsible for the College's academic affairs

The Finance and Strategic Planning Committee inter alia recommends to the Governing Body the College's annual revenue and capital budgets and monitors performance in relation to the approved budgets

The Human Resources Committee addresses strategic matters relating to human resources, and takes an overview of policies and procedures relating to staffing

The Nominations Committee considers nominations for co-opted vacancies in the Governing Body membership. A majority of lay members is appointed by external bodies, being eligible for re-appointment by the relevant bodies when they retire by rotation

The Estates Committee advises the Governing Body on strategic and operational matters relating to the residential and academic estate

The Senior Staff Remuneration Committee determines the remuneration of the most senior staff, including the Principal

CORPORATE GOVERNANCE STATEMENT (continued)

The Audit Committee meets at least three times a year with the College's internal and external auditors in attendance, as appropriate The Committee considers detailed reports together with recommendations for the improvement of the College's systems of internal control and management's responses and implementation plans. It also receives and considers reports from the Welsh Funding Council's Audit Service as they affect the College's business and monitors adherence to the regulatory requirements. Whilst senior executives attend meetings of the Audit Committee as necessary, they are not members of the Committee and when necessary the Committee meets the internal and external auditors on their own for independent discussions.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

United Kingdom company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and the group as at the end of the financial year and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for the system of internal control, for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The key elements of the College's system of internal financial control, which is designed to discharge the responsibilities set out above, include the following

- clear definitions of the responsibilities of, and the authority delegated to, heads of academic and administrative departments,
- a comprehensive medium and short-term planning process, supplemented by detailed annual income, expenditure, capital and cash flow budgets,
- regular reviews of key performance indicators and business risks, and quarterly reviews of financial results involving variance reporting and updates of forecast outturns,
- clearly defined and formalised requirements for approval and control of expenditure, with investment decisions
 involving capital or revenue expenditure being subject to formal detailed appraisal and review according to
 approval levels set by the Governing Body,
- comprehensive Financial Regulations, detailing financial controls and procedures, approved by the Audit Committee and Finance and Strategic Planning Committee,
- a professional internal audit team whose annual programme is approved by the Audit Committee and endorsed
 by the Governing Body and whose head provides the Governing Body with a report on internal audit activity
 within the College and an opinion on the adequacy and effectiveness of the College's system of internal control,
 including internal financial control

It is recognised that any system of internal financial control can, however, only provide reasonable, but not absolute, assurance against material misstatement or loss

So far as each of the directors at the time the report is approved are aware there is no relevant audit information of which the auditors are unaware and the directors have taken all the steps they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF TRINITY COLLEGE CARMARTHEN FOUNDATION LIMITED (Limited by Guarantee)

We have audited the financial statements for the year ended 31 July 2010 which comprise the consolidated income and expenditure account, the consolidated balance sheet, the University's balance sheet, the consolidated cash flow statement, the consolidated statement of total recognised gains and losses and the related notes. These financial statements have been prepared under the historical cost convention include as required - as modified by the revaluation of certain fixed assets and the accounting policies set out therein

This report is made solely to the University's Governing body. Our audit work has been undertaken so that we might state to the University's governors those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the College and the College's governors as a body, for our audit work, for this report, or for the opinions we have formed

Respective Responsibilities of the members and Auditors

As described in the Statement of Corporate Governance, the Governing body is responsible for the preparation of financial statements in accordance with the Accounts Direction issued by the Higher Education Funding Council for Wales, the Statement of Recommended Practice – Accounting for Further and Higher Education Institutions, applicable law and United Kingdom Accounting Standards

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements, International Standards of Auditing (UK and Ireland) and the Audit Code of Practice issued by the Higher Education Funding Council for Wales

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Statement of Recommended Practice – Accounting for Further and Higher Education Institutions. We also report to you whether in our opinion, income from funding bodies, grants and income for specific purposes and from other restricted funds administered by the University, have been properly applied in all material respects for the purposes for which they were received, and whether income has been applied in all material respects in accordance with the University's statutes and where appropriate with the Financial Memorandum dated June 2000 with the Higher Education Funding Council for Wales and with the Funding Agreement with the Teacher Training Agency

We also report to you if, in our opinion, the University has not kept proper accounting records, the accounting records do not agree with the financial statements, or if we have not received all the information and explanations we require for our audit

We read the other information contained in the Financial Statements and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises the Report of the Treasurer and the Statement of Corporate Governance. Our responsibilities do not extend to any other information.

Basis of Audit Opinion

We conducted our audit in accordance with International Standards of Auditing (UK and Ireland) and the Audit Code of Practice issued by the Higher Education Funding Council for Wales. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Governing body in the preparation of the financial statements, and of whether the accounting policies are appropriate to the University's circumstances, consistently applied and adequately disclosed

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF TRINITY COLLEGE CARMARTHEN FOUNDATION LIMITED (Limited by Guarantee) (continued)

Opinion

In our opinion

- the financial statements give a true and fair view of the state of affairs of the University and the group at 31 July 2010, and of the group's surplus of income over expenditure, recognised gains and losses and cash flows for the year then ended and have been properly prepared in accordance with the Statement of Recommended Practice -Accounting for Further and Higher Education Institutions,
- 11) In all material respects, income from the Higher Education Funding Council for Wales, the Learning & Skills Council and the Teacher Training Agency, grants and income for specific purposes and from other restricted funds administered by the University have been applied for the purposes for which they were received,
- 111) in all material respects, income has been applied in accordance with the University's statutes and where appropriate in accordance with the Financial Memorandum dated June 2000 with the Higher Education Funding Council for England and with the Funding Agreement with the Teacher Training Agency covering the period 1 August 2009 to 31 July 2010

(Decrease)/increase in cash in the year	24	7,682,761	24,164

NOTES TO THE ACCOUNTS Year ended 31 July 2010

1. ACCOUNTING POLICIES

Accounting convention

The financial statements are prepared in accordance with the Statement of Recommended Practice "Accounting in Further and Higher Education Institutions" approved by the Accounting Standards Board and with the requirements of the Companies Act 2006

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements

Basis of consolidation

The consolidated financial statements include the College, the Farm and Library Intra entity transactions and balances are eliminated fully on consolidation. Trinity College Carmarthen Foundation Limited has one subsidiary – Trinity College Library and Ancillary Services (Carmarthen) Limited, which runs the College library and acts as a general commercial company.

Recognition of income

Income from contracts and services is included to the extent of the completion of the contract or services concerned. Income in respect of capital items is deferred and amortised over the same period as the assets to which they relate.

Fixed assets

Prior to 1 April 1992, fixed assets were written off on acquisition. From 1 April 1992, items costing over £1,000 were capitalised and depreciated. This limit was raised to £5,000 from 1 August 1995.

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost represents the invoiced price of stocks

Investments

Fixed asset investments are carried at historical cost less any provision for impairment in their value

Depreciation

Depreciation is provided on a straight line basis, so as to write off the cost of fixed assets over the expected useful economic lives of the assets. The carrying value of the assets is considered on a regular basis. The specific rates applied are as follows.

i)	Freehold land	nıl
iı)	Buildings	2-5%
iii)	Refurbishment	5%
ıv)	Motor Vehicles	25%
v)	Equipment, fixture and fittings	10-33 1/3%

Pensions

College academic staff are members of the Teachers' Pension Agency or the Universities Superannuation Scheme. The College contributed 14.1% of academic employees' gross pay for TPA and 14% for USS until September and 16% thereafter. Employees' own contributions to this scheme are deducted from their salaries and paid over to the fund by the College. Administrative non-academic staff are members of the Dyfed Pension Fund. The College contributed 13.2% of their gross pay until March and 15.3% thereafter. Contributions to the scheme are charged to the income and expenditure account so as to spread the cost of pensions over employees' working lives with the College in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. Pension payments are made by the College to staff who have taken early retirement. Full provision for the expected costs of such payments is made in the year of retirement.

NOTES TO THE ACCOUNTS Year ended 31 July 2010

Leases

Rental costs under operating leases are charged to expenditure in equal annual amounts over the periods of the leases

ACCOUNTING POLICIES (continued)

Taxation

As an exempt charity, the College benefits by being broadly exempt from corporation tax on income it receives from tuition fees, interest and rents

Hardship funds

Funding Council grants are available solely for students The College acts only as paying agents The grants and related disbursements are therefore excluded from the income and expenditure account

Grant Disbursed to Swansea Metropolitan University	(2,751,889)	-
	-	-

The Hefew grant received was for delivery of ITT provision in partnership with Swansea Metropolitan University. The College acts only as paying agents. The grant and related disbursements are therefore excluded from the income and expenditure account.

During the year, the College received £2,751,889 (2009 - £0) from the Higher Education funding Council for Wales as earmarked ITT grant. The funds were administered in accordance with the terms and conditions specified by the Council and paid out in the year.

32. PARENT COMPANY

As permitted by section 408 of the Companies Act 2006, the income and expenditure of the parent company is not presented as part of the financial statements. The parent company's surplus for the financial year amounted to £550,265 (2009 – loss of £126,292)

33. RELATED PARTY TRANSACTION

Expenditure for the year included £458,141 (2009 £416,716) which was charged by Trinity College Library & Ancillary Services Ltd to the parent company in respect of the provision of library and ancillary services

NOTES TO THE ACCOUNTS Year ended 31 July 2010

34. PENSION SCHEMES

There are three pension schemes in operation via the College for its staff the Teachers' Pension Scheme and Universities Superannuation Scheme for academic staff, and the Dyfed Pension Fund (LGSS) for support staff

LGSS

A full actuarial valuation of the scheme was carried out as at 31 March 2007 and updated to 31 July 2010 by a qualified independent actuary. The major assumptions used by the actuary were

	2010	2009	2008	
	%	%	%	
Rate of increase in salaries	4 95	5 45	5 55	
Rate of increase in pensions	2 7	3 7	3 8	
Discount rate	5 5	63	5 9	
Rate of inflation	2 7	3 7	3 8	

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement at age 65 are

	31 July 2010	31 July 2009	
Retiring today			
Males	21 2	21 2	
Females	24 1	24 0	
Retiring in 20 years			
Males	22 2	22 2	
Females	25 0 24	4 0 25 0	

At the last actuarial valuation date, the market value of the assets of the scheme was £9,234,000 and the present value of the scheme liabilities was £13,836,000

Fair value of assets and expected rates of return as at 31 July 2010, 31 July 2009 and 31 July 2008 were:

	Long-term expected return at 31 July 2010	Fair value at 31 July 2010 £'000	Long-term expected return at 31 July 2009	Fair value at 31 July 2009 £'000	Long-term expected return at 31 July 2008	Fair value at 31 July 2008 £'000

NOTES TO THE ACCOUNTS Year ended 31 July 2010

34. PENSION SCHEMES (continued)

The tax credits associated with UK equity dividends were abolished with effect from 2 July 1997. This has the effect of reducing the overall expected investment return in the long term. The actuary of the LGSS has reported that to allow for this reduction in return would require an increase in the Common Contribution of 1.2% of pensionable pay.

Teachers' Pension Scheme

The College is a member of the Teachers' Pension Scheme (TPS) which is a defined benefit scheme. The TPS is an unfunded scheme. Contributions on a "pay-as-you-go" basis are credited to the exchequer under arrangements governed by the Superannuation Act 1972. Actuarial valuations are carried out on a notional set of investments. Under the definitions set out in the Financial Reporting Standard 17 Retirement Benefits, the TPS is a multi-employer pension scheme. The TPS is unable to provide for the College an identification of its share of the underlying (notional) assets and liabilities of the scheme. Accordingly, the College has taken advantage of the exemption in FRS 17 and has accounted for its contribution to the scheme as if it were a defined contribution scheme. Set out below is the information available on the deficit in the scheme and the implications for the College in terms of the anticipated contribution rates.

The pensions cost is assessed every five years in accordance with the advice of the government actuary. The assumptions and other data that have the most significant effect on the determination of contribution levels are as follows.

Latest actuarial valuation

31 March 2004

Actuarial method

prospective benefits

Real rate of return

3 5% in excess of prices and 2% in excess of earnings per annum

34. PENSION SCHEMES (continued)

Rate of real earnings growth

1 5% per annum

Gross rate of return

6 5% per annum

The value of the notional assets at 31 March 2010 was £163,240 million (estimated future contributions together with the proceeds from the notional investments held at the valuation date)

Following implementation of Teachers' Pensions (Employers' Supplementary Contributions) Regulations 2001, the government actuary carried out a further review on the level of employer's contributions. For the period from 1 August 2009 to July 2010, the employer contribution was 14 1%

USS

The institution participates in the Universities Superannuation Scheme (USS), a defined benefit scheme which is contracted out of the State Second Pension (S2P). The assets of the scheme are held in a separate fund administered by the trustee, Universities Superannuation Scheme Limited. Under the scheme trust deed and rules, the employer contribution rate is determined by the trustee, acting on actuarial advice.

Because of the mutual nature of the scheme, the institution is unable to identify its share of the underlying asset and liabilities of the scheme on a consistent and reasonable basis and therefore, as required by the FRS 17 "retirement benefits", accounts for the scheme as if it were a defined contribution scheme. As a result, the amount charged to the income and expenditure account represents the contributions payable to the scheme in respect of the accounting period

The latest actuarial valuation of the scheme was at 31 March 2008. The assumptions which have the most significant effect on the result of the valuation are those relating to the rate of return on investments (ie the valuation rate of interest), the rates of increase in salary and pensions and the assumed rates of mortality. In relation to the past service liabilities the financial assumptions were derived from market yields prevailing at the valuation date. It was assumed that the valuation rate of interest would be 4.4% per annum, salary increases would be 4.3% per annum (plus an additional allowance for increases in salaries due to age and promotion and a further amount of £1.35bn of liabilities to reflect recent experience) and pensions would

NOTES TO THE ACCOUNTS Year ended 31 July 2010

34. PENSION SCHEMES (continued)

increase by 3 3% per annum. In relation to the future service liabilities it was assumed that the valuation rate of interest would be 6 1% per annum, including an additional investment return assumption of 1 7% per annum, salary increases would be 4 3% per annum (also plus an allowance for increases in salaries due to age and promotion) and pensions would increase by 3 3% per annum

At the valuation date, the value of the assets of the scheme was £28,843 million and the value of the past service liabilities was £40,619 million indicating a deficit of £11,776 million. The assets therefore were sufficient to cover 71% of the benefits which had accrued to members after allowing for expected future increases in earning.

The employer contribution rate paid by the Institution to USS for the period 1 August 2009 to 30 September was 14% of pensionable salaries and 16% for the period 1 October to 31 July 2010

The next formal triennial actuarial valuation is due as at 31 March 2011. The contribution rate will be reviewed as part of each valuation.

The total pension cost for the institution was £40,035 (2008/09 £26,440)
