1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention

At the balance sheet date, total liabilities exceeded total assets by £92,323 (2005 £91,323) The company continues to rely on the support of its parent undertaking, Sensotec Holdings Plc which has offered its continuing support for a period of at least twelve months from the director's approval of these financial statements and on this basis, the director considers it appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the parent undertaking's support

Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is small

Fixed assets

All fixed assets are initially recorded at cost

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments.
