Notes to the financial statements

1 Accounting policies

Basis of accounting

The financial statements have been prepared in accordance with the Companies Act 1985 and in accordance with applicable Accounting Standards in the United Kingdom. Accounting policies have been consistently applied and the accounts have been prepared on a going concern basis under the historical cost accounting convention.

Going concern

As shown in the balance sheet, the company has net current liabilities. These principally relate to amounts due to group undertakings. An intermediate parent company, TNT Fashion Group BV, has indicated that it will continue to provide financial support. Amounts due will not be called in without alternative finance being made available to the company. Consequently the directors believe that it is appropriate for these accounts to be drawn up on a going concern basis.

Cash flow statement

The company is exempt from the requirement of Financial Reporting Standard 1 (revised) to prepare a cash flow statement as 90 percent or more of the voting rights of the company's shares are controlled by TNT NV. The consolidated financial statements of TNT NV, which include the company, are publicly available.
