## Notes to the abbreviated financial statements For the period ended 30 June 2014

---

### 1. Accounting policies

#### 1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### 1.2 Going concern

The company ceased trading with effect from 30 June 2014. For this reason, it is not appropriate to prepare the financial statements on the going concern basis and accordingly assets and liabilities are presented at their anticipated recoverable/payable values.

#### 1.3 Turnover

Turnover comprises revenue recognised by the company in respect of services supplied during the period, exclusive of Value Added Tax and trade discounts.

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Leasehold property improvements-	Evenly over the lease term
Office equipment	- 25% per annum straight line basis

#### 1.5 Operating leases

Rentals under operating leases are charged to the profit and loss account on a straight line basis over the lease term.

#### 1.6 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

#### 1.7 Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in assets of the company after deducting all of its liabilities.
