#### <u>LEIGH PARK GARDEN MACHINERY LTD.</u> NOTES TO THE ACCOUNTS 31<sup>st</sup> JANUARY 2013

#### 1. ACCOUNTING POLICIES

- (a) The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities.
- (b) Turnover represents net invoiced sales of goods and services excluding V.A.T.
- (c) The Freehold Property is Let at a Commercial Rent and is regarded as an Investment Property, and is included at Cost.
- (d) Depreciation is provided at rates varying between 5% and 15% on cost. No Depreciation is provided on Freehold Land so as to give a true and fair view.
- (e) The accounts do not include a cash flow statement because the Company is exempt from the requirement to prepare such a statement under Financial Reporting Standard No. 1.
- (f) Stocks and Work in Progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items.
- (g) Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the Directors, there is a reasonable probability that the liability will not arise in the foreseeable future.
- (h) Where the Company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a 'finance lease'. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated over its estimated useful life or the terms of the lease, whichever is shorter. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account, and the capital element which reduces the outstanding obligation for future instalments.

All other leases are accounted for as 'operating leases' and the rental charges are charged to the profit and loss account on a straight line basis over the life of the lease. Rents receivable on the freehold investment property under the terms of an operating lease are included in the profit and loss account on a receivable basis.
