WORTHINGTON INDUSTRIAL PRODUCTS LIMITED

NOTES (Forming part of the Accounts)

1) Principal Accounting Policies

The following accounting policies have been consistently applied in dealing with items which are considered material in relation to the company's financial statements:

a) Basis of Accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

b) Depreciation

Depreciation has been calculated so as to write off the cost of tangible fixed assets over their estimated useful lives as follows:

Plant and Machinery	- 10%-25% on net book value
Motor Vehicles	- 25% on net book value

c) Stocks and Work In Progress

These are valued at the lower of cost and net realisable value. Cost comprises material, direct labour and an appropriate proportion of overhead expenses. Net realisable value is based on selling price less further costs to completion and disposal.

d) Deferred Taxation

Deferred taxation is accounted for on all material timing differences using the liability method unless such timing differences can be anticipated with reasonable probability to continue for the foreseeable future.

e) Leased Assets

Assets held under operating leases are not capitalised. Payments made to lessors are allocated to the accounting period to which they relate.

f) Pension Contributions

The company's contractual pension scheme comprises trustee administered funds independent of the company's finances. Contributions are charged to the profit and loss account in the accounting period in which they are paid.
