Notes to the Abbreviated Accounts for the period ended 31 December 2014

1 Accounting Policies

Basis of measurement and preparation of accounts

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

Turnover policy

Turnover represents the total invoice value, excluding value added tax, of goods sold and services rendered during the year.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Tenant's improvements Over the life of the lease Plant and machinery 15% reducing balance Computer equipment 33% reducing balance Office furniture and fittings 15% reducing balance Motor vehicles 25% reducing balance Other assets 15% reducing balance

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the director compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

Other accounting policies

Investments

Fixed asset investments are stated at cost less provision for diminution in value.

Group Accounts

The financial statements present information about the company as an individual undertaking and

not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 399 of the Companies Act 2006 not to prepare group accounts.
