1. Statutory Information

Registered Office: Griffins

Tavistock House South

Tavistock Square

London WC1H 9LG

Company Number 03915200

Administrator Mr T J Bramston

Date of Appointment 06 October 2009

2. Introduction

Further to my appointment as Administrator upon the making of my application whilst in office as Liquidator in the same matter under the provision of Paragraph 38 of Schedule B1 of the Insolvency Act 1986, this is my progress report pursuant to Rule 2 47 of the Insolvency Rules 1986

This report provides an update on the progress of the Administration and should be read in conjunction with my previous reports

3. Receipts and Payments Accounts

The Receipts and Payments account for the period 06 October 2010 to 05 April 2011 is at Appendix A to this report

4. Realisation of Assets

I can advise that since my last report, I have sold the Lola related Spares realising £25,000 00

I have also sold the office furniture previously stored at the Company's former trading address being 1 Cavendish Place, London W1G 0QF which realised £10,500

In relation to the Ferrari related cars and supporting equipment, my agents are actively negotiating the final terms for the sale of these assets. However, due to the complex nature of these negotiations and associated matters, the process has taken longer than expected

These assets are material in nature and their sale is crucial for there to be sufficient funds to enable me to pay outstanding disbursements for the Administration and the preceding Liquidation process

In the absence of this sale being concluded, the alternative option would have to be a sale by auction which shall of course be considered should all other options be exhausted. However, I have been advised by my agents that the net realisable value of the assets would be significantly less than a sale as a whole.

5. Creditors

The total of creditors' claims to date is £101,865,299.93

Unfortunately, due to the current offers being proposed, it is unlikely that there will be sufficient funds to allow for a distribution to unsecured creditors. I have advised creditors of the position in my last progress report issued on 06 October 2010.

6. Office Holder's Remuneration and Expenses

As previously advised, a Creditors' Committee was appointed on 30 October 2010 and they approved my remuneration during my time as Liquidator in reference to time properly given by myself and my staff in attending to matters arising in the winding up

For my time in office as Administrator, the Creditors' Committee authorised me to draw my remuneration in reference to time properly given by myself and my staff in attending to the matters arising in the Administration up to £100,000 00 without further approval

For my time in office as Liquidator the time recorded by myself and my staff totals £105,092 08, which represents 428 67 hours at an average charge out rate of £245 16 per hour

For my current appointment as Administrator the time recorded by myself and my staff totals £253,167 91, which represents 939 48 hours at an average charge out rate of £269 48 per hour

The Time Costs Analysis is at Appendix B and this provides details of the activity costs, incurred by staff grade to date, together with details of current charge out rates for both my appointment as Liquidator and subsequently Administrator

Since my last report, I can confirm that there has been a considerable effort in trying to secure a sale of the Company's assets, which has involved a lot of negotiations with appointed agents and third parties. Several meetings have also been necessary to agree required strategy and overall consensus with the current purported lien holders and a great deal of creditor and media interest. This is reflected in the time cost records since my last report.

I can advise that I have not drawn any fees for either appointment due to there being insufficient funds and all disbursements to date have been borne by Griffins or paid to our agents from the sale of the office furniture and Lola parts as a gesture for their

ongoing financial commitment to maintain the storage of the assets and bearing all other costs involved with the realisation of assets. I have been advised that these costs currently stand at circa £100,000

7. Administration Extension

Although every effort has been made to attempt to realise the assets as a whole prior to the anniversary of the Administration, due to unforseen and persistent delays from third parties, I took the decision to extend the Administration by a further 6 months ending on 06 October 2011 by making an application to Court The application was made on 07 March 2011 and was granted on 15 March 2011. I have attached a Notice of Extension of the Administration for your reference which can be found at Appendix C to this report.

The decision was reached on the grounds that due to current ongoing negotiations with the potential purchasers, to allow the Administration to lapse and revert back to Liquidation could prejudice the position and affect the sale process

8. Other matters

I will report again following the next six months of the Administration or sooner if the Administration is complete

Yøurs faithfully

TJ Bramston Administrator
