IOTECH LIMITED
THE DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2007

The directors submit their report together with the audited financial statements for the year ended 31 December 2007

Principal Activity and Business Review

The principal activity of the company is that of a holding company. The principal activities of the group are the manufacture and distribution of specialised coatings and resins.

During the course of the year the group continued to manufacture specialist coatings, speciality chemicals and resins. Total turnover grew by 11% with both margins and operating profit remaining at satisfactory levels.

Sales growth was particularly evident in the UK and the USA operations, although this was not the case in our European operation.

At the year end the group had shareholders' funds of £11.1m including distributable profits of £4.6m. The directors therefore believe the group's position to be satisfactory especially as the group's current assets exceeded its current liabilities by £4.4m.

The directors have assessed the main risks facing the group as increased competition from traditional roofing companies seeking to enter the liquid roofing market and the increasing complexity of the regulatory framework that governs the chemical industry and the costs associated with compliance to that framework, with the competitive threat from less regulated areas of the world remaining high.

The directors will seek to mitigate these threats through the application of research and development to maintain technological advantage.

The directors hope to see continued growth and satisfactory trading results in 2008.

Results and Dividends

The profit on the ordinary activities of the group before taxation for the year amounted to £2,520,000 (2006 £1,446,000). After deducting tax, the profit of £1,508,000 (2006 £835,000) has been transferred to reserves.

The directors do not recommend the payment of a dividend.

Financial risk management objectives and policies

The group and company finance its operations through a mixture of retained profits and, where necessary to fund expansion or capital expenditure programmes, through bank borrowings.

The management's objectives are to

- retain sufficient liquid funds to enable it to meet its day to day obligations as they fall due whilst maximising returns on surplus funds,
- minimise the group and company's exposure to fluctuating interest rates when seeking new borrowings, and
- match the repayment schedule of any external borrowings or overdrafts with the future cash flows expected to arise from the group and company's trading activities.

IOTECH LIMITED
THE DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2007

Financial risk management objectives and policies *(continued)*

Hedge accounting is not used by the group and company

Where appropriate, the group and company's funds are held primarily in short term variable rate deposit accounts. The directors believe that this gives them the flexibility to release cash resources at short notice and also allows them to take advantage of changing conditions in the financial markets as they arise. All deposits are with reputable United Kingdom, United States of America and Belgian banks and the directors believe their choice of bank minimises any risk associated with placing funds in a deposit with such banks.

The group and company's borrowings are in variable and fixed interest loans. The fixed interest loans eliminate any cash flow risk associated with changing interest rates. The directors believe the loss of ability to take advantage of falls in interest rates is more than offset by the certainty of knowing their financial commitments when managing the group and company's trading activities.

Directors

The directors who served during the year were as follows

R L Gorick
M J Gorick
J D Gorick
S H Sullivan

Research and development

The group has a research and development programme for both new products and markets and the improvement of existing products. The group's policy is to write off research and development expenditure in the year in which it is incurred.

Employment of Disabled Persons

The group recognises its responsibilities towards disabled persons and gives full and fair consideration to applicants in positions suited to their own particular abilities where appropriate openings exist. Where employees become disabled in the course of their employment, every effort is made to provide them with continuing employment.

Employee Involvement

During the year management have had a policy of providing employees with information about the group. Regular meetings are held between management and employees to allow a free flow of information and ideas.

IOTECH LIMITED
THE DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2007

Directors' Responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to

- Select suitable accounting policies and then apply them consistently,
- Make judgements and estimates that are reasonable and prudent,
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and the group will continue in business

The directors are responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the group and company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are, individually, aware

- there is no relevant audit information of which the company's auditor is unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

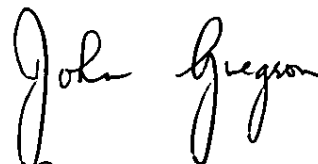

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's and subsidiary companies' websites. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Auditors

Tenon Audit Limited have expressed their willingness to continue in office and a resolution to reappoint them will be proposed at the annual general meeting.

IOTECH LIMITED

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS

FOR THE YEAR ENDED 31 DECEMBER 2007

We have audited the group and parent company financial statements ("the financial statements") of Iotech Limited on pages 7 to 27 for the year ended 31 December 2007. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As described in the statement of directors' responsibilities, the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the group and company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

IOTECH LIMITED

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS

FOR THE YEAR ENDED 31 DECEMBER 2007

Opinion

In our opinion

the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the group's and company's affairs as at 31 December 2007 and of the group's profit for the year then ended,

the financial statements have been properly prepared in accordance with the Companies Act 1985, and

the information given in the Directors' Report is consistent with the financial statements

IOTECH LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2007

1. Principal Accounting Policies

Accounting Convention

The financial statements have been prepared in accordance with applicable Accounting Standards under the historical cost convention

Basis of Consolidation

The consolidated profit and loss account and balance sheet include the financial statements of the company and all of its subsidiary undertakings made up to the balance sheet date. The results of subsidiary undertakings are included in the group financial statements from their effective date of acquisition or up to their effective date of disposal.

The company is exempt from the requirement to present its own profit and loss account under the provisions of Section 230 of the Companies Act 1985.

Turnover

The turnover shown in the profit and loss account represents the value of all goods sold during the period, less returns received, at selling price exclusive of Value Added Tax. Sales are recognised at the point at which the group has fulfilled its contractual obligations and the risks and rewards attaching to the product, such as obsolescence, have been transferred to the customer.

Goodwill

Goodwill, which represents the excess cost of acquisitions of businesses over the fair value attributed to their net assets, is amortised through the profit and loss account by equal instalments over its estimated useful economic life up to a maximum of 20 years. Goodwill previously eliminated against reserves has not been reinstated and will only be charged to the profit and loss account on the subsequent disposal of any business to which it is related.

Intangible Fixed Assets

Intangible fixed assets (including product registration licences and trademarks) are amortised over their estimated useful lives being no more than 10 years.

Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. Cost represents purchase price together with any incidental costs of acquisition. All fixed assets are initially recorded at cost.

Depreciation is calculated to write down the cost less estimated residual value of all tangible fixed assets other than freehold land over their expected useful lives. The principal annual rates and methods used are:

Freehold buildings	2% straight line
Long leasehold properties	20% straight line
Plant and equipment	12.5 – 20% reducing balance
Motor vehicles	25% straight line
Fixtures and fittings	2 – 15% reducing balance or 12.5 – 20% straight line

Freehold land is not depreciated

IOTECH LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2007

1 Principal Accounting Policies *(continued)*

Hire Purchase Agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

Operating Leases

All other leases held are operating leases and the payments made under them are charged to the profit and loss account on a straight line basis over the lease term.

Fixed Asset Investments

Fixed asset investments are stated at valuation. Profits or losses arising from disposals of fixed asset investments are treated as part of the profit from ordinary activities.

Stocks

Stocks are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of production overheads, where applicable.

Deferred Taxation

Deferred taxation is calculated under the liability method at the appropriate rate of tax in respect of all timing differences between profits as computed for tax purposes and profits as stated in the financial statements.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign Currencies

Transactions denominated in foreign currencies are translated at the exchange rates ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies which are included in the balance sheet are translated at the rates of exchange ruling at the balance sheet date. Exchange gains and losses are included in the profit on ordinary activities.

The balance sheets of overseas subsidiary undertakings are translated into sterling at the rates of exchange ruling at the balance sheet date. The profit and loss accounts of such undertakings are consolidated at the average rates of exchange during the period. Exchange adjustments arising from the translation of opening balance sheets are taken to reserves.

Research and development

Research and development expenditure is written off in the year in which it is incurred.

IOTECH LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2007

1. Principal Accounting Policies *(continued)*

Pension Costs

The group operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the group. The annual contributions payable are charged to the profit and loss account.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the group or the company after deducting all of its liabilities.

2. Turnover

The turnover and operating profit for the year was derived from the group's principal activities.

	Group	
	31 December	31 December
	2007	2006
	£'000	£'000
The geographical analysis of turnover is as follows

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2007

8. Tax On Profit On Ordinary Activities

(a) Analysis of tax charge in the year

	31 December	Group
	2007	31 December
	£'000	2006
		£'000
Based on the profit for the period		
Corporation tax at 30% (2006 30%)	884	654
Under provision in prior year	104	22
	<u>988</u>	<u>676</u>
Deferred tax		
Origination and reversal of timing differences	24	(65)
	<u>1,012</u>	<u>611</u>

(b) Factors affecting current tax charge

The current tax assessed for the year is higher than tax on the profit for the year at the standard rate of tax applicable to the group of 30%. The difference is explained below

	31 December	31 December
	2007	2006
	£'000	£'000
Profit on ordinary activities before taxation	<u>2,520</u>	<u>1,446</u>
Tax on the profit before tax at the standard rate of corporation tax in the UK of 30% (2006 30%)	756	434
Tax effect of		
Expenses not deductible for tax purposes	139	31
Capital allowances in excess of depreciation	(12)	(50)
Research and Development deduction	(41)	(36)
Foreign subsidiaries tax losses (utilised)/carried forward	40	221
Adjustments to the tax charge in respect of prior years	104	22
Losses utilised in period	2	-
Losses carried forward	<u>-</u>	<u>54</u>
Current tax charge for the year	<u>988</u>	<u>676</u>

(c) Factors affecting future tax charge

The group's wholly owned United States subsidiaries have tax losses at the U S tax rate to carry forward amounting to £2,300,000 (2006 £3,388,000)

The group's wholly owned Belgium subsidiary has estimated tax losses to carry forward amounting to £300,000 (2006 £Nil)

All assets held under hire purchase or finance lease agreements are secured on the assets concerned.

IOTECH LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2007

18. Derivatives

The group holds financial instruments that qualify as derivatives in order to manage its interest rates

At the year end, the group had bank loans amounting to £1,972,000 (2006 £1,955,000) which have fixed interest rates ranging from 5.2% to 8.05%

Included in the above amount is a loan amounting to £585,000 (2006 £725,000) which is repayable in quarterly instalments up to August 2015. The rate of interest, which is linked to LIBOR, is fixed at 8.05% until August 2008.

A further loan amounting to £341,000 (2006 £411,000) is fixed until 2011 at a rate of 7.9% when the interest rate will be adjusted.

The directors have been unable to establish the fair value for the fixed interest, the derivative element, of these loans.

19. Deferred Taxation

Deferred taxation provided for in the financial statements is set out below and is calculated using a tax rate of 30%.

	Group 31 December 2007 £'000	<i>Group 31 December 2006 £'000</i>
Amount provided		
Accelerated capital allowances	<u>388</u>	<u>364</u>

The movement during the year is set out below

At 1 January 2007	364	429
Movement in the year	<u>24</u>	<u>(65)</u>
At 31 December 2007	<u>388</u>	<u>364</u>

The provision for deferred taxation consists of the tax effect of timing differences of

	Group 31 December 2007 £'000	<i>Group 31 December 2006 £'000</i>
Excess of taxation allowances over depreciation on fixed assets	<u>388</u>	<u>364</u>

The group's wholly owned United States subsidiaries have deferred tax assets amounting to £454,000 (2006 £690,000). These deferred tax assets have not been included in the consolidated financial statements as in the opinion of the directors they are uncertain as to the timing of the recoverability of these assets.
