Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Under that law they have elected to prepare the financial statements in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council, for all periods presented.

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

2 Accounting policies

The following accounting policies have been consistently applied in dealing with items which are considered material in relation to the Company's financial statements.

Basis of accounting

The financial statements have been prepared in accordance with applicable accounting standards, and under the historical cost accounting rules.

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. Financial instruments

Financial assets and liabilities are recognised on the balance sheet when the Company becomes party to the contractual provisions of the instrument. Financial assets are derecognised from the balance sheet when the Company's contractual rights to the cash flows expire or there has been a substantial transfer of the risks and rewards of the financial asset. Financial liabilities are derecognised from the Company's balance sheet when the obligation specified in the contract is discharged, cancelled or expires. At each balance sheet date, the Company assesses whether there is any objective evidence that any financial asset is impaired.

3 Judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised, if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future periods.

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Impairment of investments in joint ventures

Determining whether the Company's investments in joint ventures have been impaired requires estimations of the investments' value in use. The value in use calculations requires the entity to estimate the future cash flows expected to arise from the investments and suitable discount rates in order to calculate present value. The carrying amount of investments in joint ventures at the balance sheet date was £53,600 with no impairment loss recognised in 2017 or 2018.

4 Employees and director's remuneration

The Company did not employ staff at any time during the year nor make any payments in respect of wages and salaries.

The director received no remuneration from the Company during the year (2017: £nil).

The director is employed under service contract with the British Broadcasting Corporation.
