Report of the Directors for the Year Ended 31 December 2012

The directors present their report with the financial statements of the company for the year ended 31 December 2012.

PRINCIPAL ACTIVITY

The principal activity of the company in the year under review was that of developing software and design documentation for satellite receiver.

REVIEW OF BUSINESS

The results for the year are set out in the annexed profit and loss account. The directors consider the state of affairs of the company to be satisfactory.

During the year 2012 the company renewed the branch office in Saint-Petersburg and hired specialist workers in the Head office. Long term business relationships were established with several business partners regarding the design and development of software and hardware for digital satellite receivers. This software and hardware is high quality and meet all customers' needs. The company has met all targets that were established at the beginning of the year.

The company has some risks regarding new directions of business strategy due to change in activity. However the company has created a competitive range of software for different models of digital satellite receivers. The company needs to monitor market demands and prepare a highly qualified marketing policy.

DIVIDENDS

No dividends will be distributed for the year ended 31 December 2012.

FUTURE DEVELOPMENTS

The company is going to widen its business activity and conclude new long term contracts with such companies as Samsung and Humax. Negotiations are in progress now. New prospects such as developing software for television are included in the main business plan. Software for new models of digital satellite receivers will be developed according to market demand with better configuration and features. The management of the company is going to increase turnover and propose new products to the market with value for money characteristics.

EVENTS SINCE THE END OF THE YEAR

Information relating to events since the end of the year is given in the notes to the financial statements.

DIRECTORS

The directors who have held office during the period from 1 January 2012 to the date of this report are as follows:

V Karis - resigned 10 March 2012 W Perry - appointed 10 March 2012

Report of the Directors for the Year Ended 31 December 2012

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

ON BEHALF OF THE BOARD:

M C Smith - Director

Date:

Report of the Independent Auditors to the Members of General Satellite Research & Development Limited

We have audited the financial statements of General Satellite Research & Development Limited for the year ended 31 December 2012 on pages six to sixteen. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page three, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report of the Directors to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Qualified opinion on financial statements arising from limitation in scope

The audit evidence available in respect of carrying value of opening stock of £226,315 was limited because we did not observe the counting of the physical stock as at 31 December 2010. From the company's records, we were also unable to obtain sufficient audit evidence regarding the stock quantity by using the other audit procedures. Except for the financial effects of such adjustments on the profit and loss account for the year ended 31 December 2011, if any, as might have been determined to be necessary had we been able to satisfy ourselves as to the physical stock quantity, in our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements.

Report of the Independent Auditors to the Members of General Satellite Research & Development Limited

Matters on which we are required to report by exception

In respect solely of the limitation on our work relating to stock, described above:

- we have not obtained all the information and explanations that we considered necessary for the purpose of audit; and
- we were unable to determine whether adequate accounting records had been kept.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- the financial statements are not in agreement with the accounting records and returns: or
- certain disclosures of directors' remuneration specified by law are not made.

Steven Landes (Senior Statutory Auditor) for and on behalf of S H Landes LLP Statutory Auditors 3rd Floor, Fairgate House 78 New Oxford Street London

Notes to the Financial Statements for the Year Ended 31 December 2012

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and are in accordance with applicable accounting standards.

The financial statements are presented in Euro.

Preparation of consolidated financial statements

The financial statements contain information about General Satellite Research & Development Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under Section 400 of the Companies Act 2006 from the requirements to prepare consolidated financial statements as it and its subsidiary undertaking are included by full consolidation in the consolidated financial statements of its parent, General Satellite Corporation Limited, a company registered in the UK.

Turnover

Turnover represents the total invoice value, excluding value added tax. Turnover is recognised when the service is provided to the customer.

Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred tax

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Assets and liabilities in foreign currencies are translated into euro at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into euro at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Fixed asset investments

The fixed asset investments are valued at lower of cost or net realisable value.

Amended financial statements

The revised accounts replace the original accounts. They are now the statutory accounts, and the accounts have been prepared as at the date of the original accounts, and not as at the date of the revised and accordingly do not deal with events between those dates.

The original filed accounts were not the final version of the accounts as they did not include transactions in note 13 that were not transactions with related parties.

During the year, the company made purchases from the following related parties:

	•		*	
	·	* **	2012	2011
•	•		€	ϵ
Neotion SA			500,000	Nil
Common control		•		

Page 15

Other creditors include an amount of €2,056 (2011: €2,056) payable to a director, P Chumakov.

Notes to the Financial Statements - continued for the Year Ended 31 December 2012

The above companies are related parties under the definition of FRS 8.

14. POST BALANCE SHEET EVENTS

At the year end the company held £15,203,967 at a Cypriot branch of a Russian bank. In response to the financial crises in Cyprus the Cypriot Ministry of Finance has introduced restrictions on the movement of these funds. Whilst this is not expected to impact on short term funds, it may impact on a fixed term deposit of £15m held with the bank. The term deposit is due to mature in December 2013 and should restrictions still in place, the company will have very restricted access to these funds. It may be forced to place the funds back on deposit until such time as the restrictions are lifted.

15. ULTIMATE CONTROLLING PARTY

The ultimate controlling party is Andrey Tkachenko.

16. RECONCILIATION OF MOVEMENTS IN SHAREHOLDERS' FUNDS
