for the year ended 31st August 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements are prepared under the historical cost convention, and are in accordance with applicable accounting standards.

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible Fixed Assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

	Rate	Basis
Plant and equipment	25%	Reducing balance

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the director, there is reasonable probability that the liability will not arise in the foreseeable future.

Leasing and hire purchase commitments

Assets obtained under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over their useful lives.

The interest element of the rental obligations is charged to profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.
