Trustees Recruitment and training

There are fifteen trustees on the Swarthmore Board. They are recruited from the Swarthmore membership, which is made up of students on the whole. In addition some trustees are targeted with particular skills and others from particular organisations.

There is an induction pack available for all new trustees. The director and other relevant members of the Board of Management Team carry out induction. Relevant training is provided as needed free of charge.

Objectives and activities

Swarthmore is a registered charity originally established in 1909, with historic links to the Quaker movement and named after the original Quaker meeting place. The centre is one of the oldest Quaker movement and named after the original Quaker meeting place. The centre is one of the oldest independent adult education centres in the country with over 2000 student members. We are committed to user participation.

Swarthmore offers a distinct learning atmosphere characterised by an encouragement of "friendly learning". We offer a unique range of integrated learning opportunities for adults housed under one roof. Over 150 courses per year are offered including counselling, arts and crafts, computing, health, dance and music as well as English and maths. There are courses linked to qualifications. We offer a wide range of chances to make a first step, improve career prospects, develop confidence and skills, and to make new friends while learning.

The centre is committed to providing an integrated learning environment, with a range of targeted courses on offer (for example for people with learning disabilities). There are free reduced rate courses and financial support for students who have difficulty paying fees. Class times are flexible, arranged around school hours and courses are located in the building to accommodate mobility needs.

Swarthmore is also a community resource, offering meeting space, a venue for conferences and training events, and studios for hire.

The management of Swarthmore is by the Management Committee otherwise known as the 'Council', which comprises student representatives and co-opted members from a number of local organisations. The Council has the overall responsibility for the strategic direction and management of the Centre. An operations director is appointed by the Council to manage the day-to-day activities of the charity.

Swarthmore works in partnership with other organisations on certain projects. These include a number of projects working with other voluntary organisations and local colleges.

The other services which Swarthmore offers are childcare, the coffee bar and a base for occasional users as well as long established groups what now organise themselves independently.

Swarthmore also offers an independent education advice service that is available for potential students.

There have been no material changes in the overall aims and objectives of the Centre during the year.

There are no specific restrictions on the operation of the Centre and the Management Committee have power to invest where they consider it is appropriate.

Achievements and performance

Swarthmore has continued to develop relationships with a number of partners and external organisations, with the overall aim of seeking to inspire lives through friendly learning, within a commitment to equality of opportunity.

Leeds City Council has contributed during this year the amount of £165,018 for the 12-month period. This has included funding towards our legal responsibility under DDA legislation.

The LSC has contributed £321,312 for the 12-month period. This has been a more challenging year as the grant funding made no allowance for inflation. However despite this we managed to reach our learner numbers as well as our cash target. Notification was given during the year of further financial cuts in the future. The Council has agreed action to be taken so as to begin a process of identifying alternative funding. In addition all expenditure has been reviewed and some areas of spending have been reduced. It has also been agreed that further action will have to be planned for in the coming year.

The Ellen Heaton Lecture took place for the second year on the anniversary of the birthday of Ellen Heaton on the 17 November 2005. Brett Harrison gave a talk on 'Making a New Life - Holocaust Survivors in Yorkshire'. This was part of the international remembrance of the Holocaust. Over 50 people attended this very interesting lecture.

In November 2005 we organised a Memorial Service for Homeless people called 'No Farewell'. Over 120 people attended this very successful event. The Deputy Lord Mayor attended

House 2 refurbishment was completed this year. All 4 ground floor rooms were turned into teaching areas with a Community Capital grant amounting to £25,000. As a result we have moved the UK Online room to more accessible space and provided new IT systems. In addition we have created a resource and teaching area for the Skills for Life programmes again with new IT systems. The entrance hall has also been refurbished as well as the ground floor toilet.

We have been fortunate in receiving a grant from Leeds City Council to address the DDA legislation and to bring the building up to the required standards. This year we have spent over £40,000 on DDA works. This has included a new platform lift in the Art Studio; a refurbished counter area in the coffee bar to allow access for those in wheelchairs; new equipment to cater for DDA needs.

We continue to develop programmes in the local community. Our new ESOL programmes at the Cardigan Centre have attracted a good number of students from the local BME community.

We have worked with other local Community organisations in helping to promote learning. We helped organise a 'Yellow Bus' to tour the area. We have also taken part in local events to promote learning such as Hyde Park Highlights at Burley Lodge.

We have increased our fees again by 5% this year, which is well over the rate of inflation. The pressure for this has come from the LSC who want individuals to pay more for their learning. In addition we have needed to make our Swarthmore courses financially viable. This year the student fee represents a contribution of at least 27.5% for accredited courses.

The Council agreed to raise the hire rate of rooms again by an additional 3% in line with inflation. We have produced attractive literature to enhance our income from lettings.

Leeds City Council's Alternative Programme Unit continues to expand the number of young pupils aged 14-16 years at the centre. The Unit feels that Swarthmore is able to offer a very non-threatening venue for their unusually disturbed young people. This project has continued to develop and now includes other curriculum areas in ICT and Skills for Life. There are some exciting examples of young people who have progressed on to other courses when they reach 16 years. They have also been successful in obtaining external accreditation for their studies.

We have been successful in obtaining a small grant to run a Healthy Living project in the local community

We continue to refurbish our teaching rooms at Swarthmore. Over the past year we have improved the decoration in an additional 5 rooms.

We have obtained funding to create a new interview room for our education advice service. In addition we have created a staff resource room so that tutors can find a quiet area to work.

year ended 31 July 2006

Our local Councillor Penny Ewens obtained funding to provide a further 4 cycle racks outside the front door.

We have had 3 visits this year from the Adult Learning Inspectorate(ALI). First we had a Quality Monitoring visit from ALI in September 2005, which was very positive. In October 2005 we were inspected by ALI as part of the Leeds City Council ACL provision. In May 2006 we had a full inspection by ALI as part of their piloting of their new Phase 2 Inspection. We improved our inspection grades on our previous inspection in 2003. This time we received an average Grade 2 but also have Grade 1's in Equality & Diversity and the Arts.

We have been able to afford pay increases of 3% to all staff this year. This is in line with our plan to increase pay rates in line with inflation every year.

We have been successful in achieving PQASSO level 2 Quality mark this year. In addition our IIP review was successful.

We have been successful in working with Little Woodhouse Community Association in obtaining funding to make improvements to Woodhouse Square. Leeds City Council has found about £50,000 to spend on improvements.

We continue to be grateful to approximately 25 volunteers for the provision of learning support in computing, basic skills, arts, crafts and dance activities. We are also grateful to volunteers who have assisted in fund raising, and to the voluntary members of Swarthmore's Management Committee. Their names are listed on the first page of the accounts.

Financial review

During the year Swarthmore received grants and donations from various sources. These are set out in notes 2-6 to the accounts.

The attached audited financial statement show a surplus on general funds of £58,430 as a result of the Centre's performance in the year.

The balance sheet of Swarthmore as at 31 July 2006 shows that the Centre has net assets of £1,398,902. In preparing the balance sheet as at 31 July 2006, the freehold land and buildings are included at their deemed estimated value to the Centre less depreciation of £1,058,104.

The Centres overall aim is to ensure that any resources which are generated, are retained within the organisation to provide improved services. The centre continues to operate in a changing environment, with many conflicting demands on the Centre's resources. As such, the Management Committee and staff management are aware of the need to prioritise the services that are provided and to ensure that the Centre has sufficient resources to meet any expected demands.

Reserves Policy

The policy of the Management Committee is to maintain freely available funds (that is those not tied up in fixed assets or designated or restricted funds) sufficient to meet expected costs for the next twelve months, so as to ensure that there are sufficient funds available to provide the highest possible standards of education should income levels fall or unexpected maintenance costs arise.

The Management Committee has calculated the level of free reserves required as at 31st July 2006 would be approximately £300,000. The actual free reserves as at 31st July 2006 are approximately £260,000, which is approximately £40,000 short of our target figure.

Whilst the current level of reserves may prove sufficient it is the trustees view that it is prudent to ensure there are sufficient free reserves to provide financial flexibility over the course of future years.

Risk Management

The Management Committee Members hold regular strategic meetings to identify strengths and weaknesses of the Centre and have introduced policies and procedures to deal with possible risks.

Plans for future periods

Swarthmore is entering a period of uncertainty as the new Government policies on funding start to be implemented. There is real concern that changes to the 19+ FE contract will affect what we do as an organisation. However whatever we do we need to remind ourselves of our mission statement and what Swarthmore was founded to do.

Mission Statement: "Swarthmore seeks to inspire lives through learning, friendship and fun within a commitment to equality of opportunity"

Action needed over the next 5 years:

- 1. We need to look for new funding streams
- 2. Consider changing some of the focus of our provision
- 3. Review of our provision to reduce unnecessary expenditure
- 4. Consider any necessary restructure to provide a more efficient organisation

Present Action carried out or being considered:

- 1. Increase student fees in 2006/07 by 12%.
- 2. Process of increasing fees by substantial amounts to be continued
- 3. New projects being carried out: Coaching Skills and LearnDirect
- 4. Restructure of caretakers to provide a better service with staff who can do more necessary maintenance
- Review of the Management Team to be carried out in 2006/07
- 6. Review of the administration team
- 7. Review of the arts technician post which has led to 50% saving on this budget
- 8. New bids made to different funding bodies
- 9. Increase our 14-16 work especially in direct work with schools
- 10. Increase our Skills for Life provision as this is a Government priority
- 11. Increase our Leisure programme in all appropriate areas.
- Cut courses that are not cost effective

Responsibilities of the trustees

The trustees are responsible for preparing the Trustees Annual Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the surplus or deficit of the charity for that period.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will
 continue in operation.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and which enable them to ensure that the financial statements comply with Companies Act 1985. The trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charity's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Depreciation

Computer equipment	-	25% straight line
Fixtures and fittings	-	15% reducing balance
