Directors' report

The Directors present the financial statements of Palantir UK Limited, which include statements of Comprehensive Income, Statements of financial position and Statements of changes in equity. The Directors have prepared their report under the small company regime.

Principal activity

The principal activity of the Company during the year was the supply of software, consultancy, marketing and research and development support.

Directors

The directors who served during the year were:

G C Myers

F Batlle Perales

Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the profit or loss for that period.

In preparing these financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently.
- Make judgments and accounting estimates that are reasonable and prudent.
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Going concern

The financial statements have been prepared on the going concern basis as the Company has received confirmation from the 3ES Innovation Inc, the immediate parent company, of its intention to continue to provide financial and other support to the extent necessary to enable the Company to continue to pay its liabilities as and when they become due for a period not less than one year from the date of approval of these financial

Directors' report (continues)

statements. The parent company's cashflow forecast for the period January 2023 to June 2024 has been prepared at UK level to assess that operations will continue on a going concern basis. The directors' assessment of going concern for UK operations includes the ability of the parent company to continue to provide support to the Company.

Results and dividends

The profit for the year, after taxation, amounted to £204,395 (2021: £267,730).

No dividends will be distributed for the year ended 31 December 2022. (2021: nil)

Disclosure of information to auditor

The directors confirm that:

- so far as each director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

The auditor, Grant Thornton UK LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

Clay Myers

G C Myers Director Date: 28/6/2023

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PALANTIR UK LIMITED

Opinion

We have audited the financial statements of Palantir UK Limited (the 'company') for the year ended 31 December 2022, which comprise the Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the company to cease to continue as a going concern.

In our evaluation of the directors' conclusions, we considered the inherent risks associated with the company's business model including effects arising from macro-economic uncertainties such as Brexit and Covid-19, the crisis in Ukraine and the UK cost of living crisis, we assessed and challenged the reasonableness of estimates made by the directors and the related disclosures and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period. In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PALANTIR UK LIMITED

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the financial statements are
 prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PALANTIR UK LIMITED

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company
 and industry in which they operate through our general, commercial and sector experience, discussions
 with management and inspection of board minutes. We determined that the following laws and
 regulations were most significant: Financial Reporting Standard 102 'The Financial Reporting Standard
 applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice) and
 Companies Act 2006.
- We enquired of management concerning the company's policies and procedures relating to:
 - The identification, evaluation and compliance with laws and regulations;
 - The detection and response to the risks of fraud; and
 - The establishment of internal controls to mitigate risks related to fraud or non-compliance with laws and regulations.
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur. Audit procedures performed by the engagement team included:
 - identifying and assessing the design effectiveness of controls management has in place to prevent and detect fraud;
 - identifying and testing journal entries, in particular, journal entries with characteristics that meet certain criteria assessed as higher risk; and
 - assessing the extent of compliance with the relevant laws and regulations that are of significance as part of our audit procedures.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it;
- The assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's:

- understanding of, and practical experience with, audit engagements of a similar nature and complexity through appropriate training and participation.
- knowledge of the industry in which the client operates; and
- understanding of the legal and regulatory requirements specific to the company, including the provisions of the applicable legislation.
- The engagement team's communications in respect of potential non-compliance with laws and regulations and fraud included the potential for fraud in revenue recognition through overstatement of costs used to determine management recharges.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Matthew Flowers ACA Senior Statutory Auditor for and on behalf of Grant Thornton UK LLP **Statutory Auditor, Chartered Accountants London Date:** 28/6/2023

NOTES TO ACCOUNTS

1. General Information

Palantir UK Limited is a private company, limited by shares, registered in England and Wales. The Company's registered number and registered office address can be found on the Company Information page.

2. Accounting Policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The Company meets the definition of small company under section A3.11A of FRS102 and has therefore taken advantage of exemption from Statement of Cash Flows – Presentation of a statement of cashflow and related notes and disclosures.

The Company has also taken advantage of an exemption as a small company from presenting strategic report under section 414B of Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The financial statements have been prepared on the going concern basis as the Company has received confirmation from the 3ES Innovation Inc, the immediate parent company, of its intention to continue to provide financial and other support to the extent necessary to enable the Company to continue to pay its liabilities as and when they become due for a period not less than one year from the date of approval of these financial statements. The parent company's cashflow forecast for the period January 2023 to June 2024 has been prepared at UK level to assess that operations will continue on a going concern basis. The directors' assessment of going concern for UK operations includes the ability of the parent company to continue to provide support to the Company.

2.3 Turnover

The main source of revenue relates to a transfer pricing arrangement with the Parent company. The costs of the company are recharged with an agreed mark-up to the Parent company. All revenues and costs are recognised in the same period.

NOTES TO ACCOUNTS

2.4 Grant Income

Grants of a revenue nature are recognised in "other income" within profit or loss in the same period as the related expenditure. This includes the Government Coronavirus Job Retention Scheme ('Furlough'). The Company has not directly benefited from any other forms of government assistance.

2.5 Rental Income

Rental income is recognised in "other income" within profit or loss in the same period as the related expenditure. This relates to the sub-lease of office space.

2.6 Tangible fixed assets and depreciation

Tangible fixed assets are measured at cost less accumulated depreciation, and any accumulated impairment losses. Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Assets	Method	Rate
Equipment	Reducing balance	30%
Fixtures and fittings	Reducing balance	20%

2.7 Business combination

Annually intangible assets are reviewed as to whether there is any indication that an asset may be impaired. If any such indication exists, the entity shall estimate the recoverable amount of the asset. If there is no indication of impairment, it is not necessary to estimate the recoverable amount. Amortisation is provided at the following rates to write off each asset over its estimated useful life. It is based on the foreseeable service of the employees, who were part of the business combination, with the Company.

There are no restated comparatives.

Purchased Goodwill

Straight line over 4 years

2.8 Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. Current or deferred taxation assets and liabilities are not discounted. Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Governments grants, including R&D tax credits, will be recognised when there is reasonable assurance that the company will comply with the conditions attaching to them and they will be received.

2.9 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivables are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the

NOTES TO ACCOUNTS

effective interest method, less any impairment. At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit and loss.

2.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.11 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.12 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange prevailing at the balance sheet date. Transactions in foreign currencies are recorded at the rate prevailing of the date of transactions. All exchange differences are taken to the Profit and Loss account. The functional and presentational currency is British Pounds (GBP).

2.13 Pensions

The Company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund.

2.14 Financial assets and liabilities

Financial assets and liabilities are recognised in the Company's Statement of Financial Position when the Company becomes a party to the contractual provisions of the instrument. Non-derivative financial instruments comprise trade debtors, cash, loans and borrowings and trade creditors.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

Amortisation of goodwill

Annually intangible assets are reviewed as to whether there is any indication that an asset may be impaired. If any such indication exists, the entity shall estimate the recoverable amount of the asset. Management have assessed the goodwill on the balance sheet and the estimated useful life expected is based on the foreseeable service of the employees, who were part of the business combination, with the Company. Management

NOTES TO ACCOUNTS

believe the value has not been impaired and that 4 years represents an appropriate period over which the Company will benefit from the asset.

Critical accounting judgements

In the course of preparing the financial statements, no judgements have been made in the process of applying the Company's accounting policies, other than those involving estimates (which are dealt with separately above), that have had a significant effect on the amounts recognised in the financial statements.

Expense classification

Expenses are reviewed and judgments are made to allocate between cost of sales and administration expense categories depending on the activity. The company's activities are primarily defined as administration.

4. Turnover

Turnover is attributable to geographical markets outside the United Kingdom amounted to 100% for the year (2021: 100%). All the turnover relates to invoicing the parent company in Canada.

5. Employees and Directors

Staff cost were as follows:

Amount in £	2022	2021
Wages and salaries	3,702,434	3,103,899
Social security costs	459,090	380,966
Cost of defined contribution pension scheme	206,781	151,595
Total	4,638,305	3,636,460

The average number of employees, during the year were as follows:

No of employees	2022	2021
Consultancy staff	15	16
Administration staff	35	34
Total	50	50

6. Directors' remuneration

The current directors are deemed to be the only key management personnel of the Company. None of the directors received any remuneration from the Company during the year.

NOTES TO ACCOUNTS

7. Operating profit

The operating profit is stated after charging:

Amount in £	2022	2021
