Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year.

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 MARCH 2013

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable UK accounting standards

Foreign currencies

Foreign investments which are financed mainly by foreign borrowings are converted into sterling at the rates of exchange ruling at the balance sheet date. The gain or loss on the movement in the exchange rate is taken to a foreign equity reserve. Exchange gains or losses in respect of foreign borrowings are offset against the gains or losses arising from the foreign investments and recognised in the foreign equity reserve. Gains or losses on foreign borrowings in excess of the gains and losses on foreign investments are taken to the profit and loss account.

Other assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. These exchange differences are taken into account in arriving at the operating profit.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

2. GOING CONCERN

The directors believe that the Company is a going concern which is dependent upon the long term success of its investment. Despite the negative results of company's investment, AMST, the directors of AMST are confident that ultimately the Company will be successful and this is due to it having been awarded a major contract in 2008 along with a 15 year maintenance contract with the Singapore government. The directors of C&C Hitech Holdings Limited have reviewed this information and believe that this will ensure the investments long term success and therefore supports the going concern basis. In the short term, C&C Hitech Holdings Limited is dependent upon the continuing financial support of its shareholder, C&C Alpha Group Limited and other companies within the C&C Alpha Group.
