Going concern

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the directors' report and financial statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

1. Accounting policies

The following accounting policies have been applied in dealing with items which are considered material in relation to the company's financial statements

Basis of preparation and consolidation

The financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

The financial statements contain information about ALL3MEDIA Group Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its ultimate parent undertaking, ALL3MEDIA Holdings Limited.

Going concern

The financial statements are prepared on the going concern basis due to the continued support of the ultimate parent company, ALL3MEDIA Holdings Limited. The company has received confirmation that ALL3MEDIA Holdings Limited intends to support the company for at least one year after these financial statements are signed.

Cash flow statement

The company is a wholly owned subsidiary of ALL3MEDIA Holdings Limited and is included in the consolidated financial statements of ALL3MEDIA Holdings Limited which are publicly available. The ALL3MEDIA Holdings Limited financial statements for the year ended 31 August 2012 contain a consolidated statement of cash flows. Consequently, the company has taken advantage of the exemption available under Financial Reporting Standard 1 (revised 1996) 'cash flow statements' from preparing its own statement of cash flows.

Fixed asset investments

Fixed asset investments are initially stated at cost less any provision for impairment. The carrying values of fixed asset investments are reviewed for impairment if events or changes in circumstances indicate the carrying value may not be recoverable.

Notes to the financial statements for the year ended 31 August 2012 (continued)

Accounting policies (continued)

Taxation

Corporation tax is payable on taxable profits at amounts expected to be paid, or recovered, under the tax rates and laws that have been enacted or substantially enacted at the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exception

Deferred tax assets are recognised only to the extent that the directors consider that it is probable that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the average tax rates that are expected to apply in the years in which timing differences reverse based on tax rates and laws enacted or substantively enacted at the balance sheet date

Translation of foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.
