In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;

The Company is a private company, limited by shares, and incorporated in England and Wales under the Companies Act 2006. The address of the registered office is given on the Company Information page.

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and all the years presented, unless otherwise stated.

Basis of accounting

The financial statements are presented in GBP which is the Company's functional currency and rounded to the nearest £.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 2).

No new accounting standards, or amendments to accounting standards, or IFRIC interpretations that are effective for the year ended 31 December 2021, have had a material impact on the company.

As permitted by FRS 101, the Company has taken advantage of certain disclosure exemptions available under that standard. The key exemptions taken are as follows:

- IAS 1 – Information on management of capital
- IAS 7 – statement of cash flows

- IFRS 7 – disclosures in respect of financial instruments

Where required, equivalent disclosures are given in the group accounts of Education Placement Group Limited. The group accounts of Education Placement Group Limited are available to the public and can be obtained as set out in note 8.

Going concern

The Company's business activities, together with an assessment of the impact of the global COVID-19 pandemic are included in the Directors Report. The director assesses that COVID-19 is unlikely to have any material adverse impact on the Company's financial position.

The director has a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, the financial statements have been prepared on a going concern basis.

1. Accounting policies (continued)

Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using the rates and laws that have been enacted or substantively enacted by the reporting date.

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1 above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Management have considered critical accounting judgements and the key sources of estimation uncertainty within the financial statements. Management have not identified any items requiring separate disclosure.
