<u>Directors' Report</u> For the Period Ended 31 December 2004

Results for the Period

Income from subscriptions, donations and campaigning fell by £19,840 from £61,778 to £41,938, partly because of the National Railcard Project in 2003 and partly as result of a fall in membership of around 200. Campaigning expenditure at £18,934 was £14,463 lower than the £33,397 in 2003, again reflecting the National Railcard Project in 2003. A gross surplus of £23,004 was achieved compared to £28,381 in 2003.

Operating and administration expenses rose by £15,887 from £50,878 to £66,765. The main contributory factor was the decision by the Board to appoint a part-time fund raiser on a six months contract during the year, with a view to seeking funds both to cover running costs and support publications and other campaigning activity. As a result, around £10,000 was spent on recruitment, salary, payroll costs and business expenses more than in 2003. Regrettably, it proved almost impossible to find donors prepared to fund on going operating costs, as opposed to discrete campaigning projects. A further write down of the cost of the stock of publications held centrally was required. Other operating income also fell by £1,465 from £6,271 to £4,806, with the sales activity, the monthly lottery and the national draw all raising less than in 2003. The operating deficit for the period was £38,955 compared with £16,226 in 2003.

Investment income fell by £2,032 from £3,237 to £1,205, as cash balances were reduced, and the deficit on ordinary activities before tax rose from £12,989 to £37,750. There was no liability to corporation tax in 2004 compared with a small over provision in 2003. The Company incurred a deficit after tax for the period of £37,750, some £24,813 higher than the £12,937 for 2003.

The net assets of the Company fell by £37,802 from £89,979 in the proforma balance sheet for 2003 to £52,177 at 31 December 2004, primarily as a result of the deficit on the profit and loss account and the write down of the stock of publications.

Statement of Directors' Responsibilities

Company law requires the Directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the company and of the surplus or deficit of the Company for that period. In preparing those financial statements, the Directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the Company will continue in business.
