Notes to the Accounts

for the year ended 31 March 2023

1 Accounting policies

Basis of preparation

The financial statements of the charitable company have been prepared in accordance with the Charities SORP (FRSSE) 'Accounting and Reporting by Charities; Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities (the FRSSE) (effective 1 January 2015)', the Financial Reporting Standard for Smaller Entities (effective January 2015) and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The principal accounting policies adopted in the preparation of the financial statements are set out below.

Fund Accounting

Unrestricted funds are those available for use at the discretion of the charity in furtherance of its general objectives and which have not been designated for other purposes.

Restricted funds are those to be used in accordance with specific restrictions imposed by donors.

Incoming Resources

Incoming resources are included in the SOFA when it is quantifiable with reasonable accuracy.

Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in the financial statements for services donated by volunteers.

Resources Expended

All expenditure is accounted for on an accruals basis.

Donations and Voluntary Income

Donations and voluntary income are accounted for gross when received.

Deferred Income

Incoming resources are shown in the Statement of Financial Activities in the period to which they relate. Where income is received in advance of and subject to certain conditions being met; for example advance payments for room hire, then it is treated as deferred income until those conditions are satisfied.

Grants Receivable

Grants for immediate expenditure are accounted for when they become receivable. Grants received for specific purposes are treated as restricted funds.

Tangible Fixed Assets and Depreciation

Fixed assets for charity use are capitalised at cost, where acquired, or market value as determined by the trustees where donated. They are stated in the financial statements at cost or original value less depreciation.

Depreciation is calculated to write off the cost or valuation of the fixed assets, less their

estimated residual value, over their expected useful lives on the following basis:

Aerobics equipment	7 years
CCTV and security equipment	8 years
Equipment	3 years
Furniture	15 years
Office and computer equipment	3 years

Allocation of costs

Costs are allocated between fundraising costs, direct costs in furtherance of the charity's objects and other expenditure according to the nature of the cost. Where items involve more than one category they are apportioned on a basis consistent with the use of the resource.
