EUROPEAN ASSOCIATION OF SOCIAL ANTHROPOLOGISTS

(A company limited by guarantee)

Report of the Executive Committee for the period

1 August 2006 to 31 December 2007

Structure, Governance and Management

Governing Document

The organisation is a charitable company limited by guarantee, incorporated on 15 July 2004 and registered as a charity on 18 February 2005. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Executive Committee

The directors of the company are also charity trustees for the purposes of charity law and under the company's Articles are known as members of the executive committee. Under the requirements of the Memorandum and Articles of Association the members of the executive committee are elected to serve for a period of two years. They may be elected for a second period of two years, up to a maximum of four years.

Five trustees are elected by postal ballot of the members. The trustees may co-opt two further trustees and the trustees can also appoint a trustee to act as Treasurer. Trustees are required to be members of the Association with the exception of the trustee acting as Treasurer.

Members of the Association fall into the following categories:

Founder Members:- Those who attended the inaugural general assembly of the unincorporated association on 14 January 1989.

Ordinary Members: Eligible by possession of a doctoral degree or equivalent.

Honorary Members:- Distinguished scholars selected by trustees.

Associate Members: - Those who do not meet the criteria for ordinary membership but are actively involved in the pursuit of social anthropology. Associate members cannot stand for election as trustees or vote in elections for trustees.

Objectives and Activities

The company's objects and principal activities are to:-

Advance the education of the public in social anthropology in particular but not exclusively by:

- (a) promoting, undertaking and supporting research and publishing the useful results thereof;
- (b) organising conferences, symposia, workshops and other like events;
- and
- (c) supporting and funding networks of scholars (known as scholarly networks) who are advancing the education of the public in the same, i.e. social anthropology.

Anthropology is the study of the origins of human beings and their cultures worldwide. Social anthropology is that branch of anthropology that deals with human culture and society.

Achievements and Performance

CONFERENCE AND AGM

The Association organises a large conference once every two years. That for 2006 was held at the University of Bristol, 18 – 21 September. To this end, the Executive Committee met before the conference, and also during it, at which time the decision to hold the next conference in Slovenia, at the city of Ljubljana, in August 2008 was taken. The AGM of the Association was held in Paris, on 14 December 2007, held in conjunction with the French society of anthropologists.

PUBLICATIONS - JOURNAL

A decision was made finally to leave Cambridge University Press in September 2006. The journal has therefore been published by Blackwells since January 2007.

PUBLICATIONS - BOOKS

The Association, in conjunction with Berghahn Books, continued work on volumes 6-9 of the EASA series, which we eventually published in 2007.

Financial Review

The principal funding source for the charity is the receipt of membership subscriptions. The current period has continued to see increasing membership, and we will continue to seek ways in which this strong membership base may be maintained. In seeking some diversification of income, we hope that the mooted discussion to move publication of our journal will lead ultimately to a surplus, rather than a cost to the Association, from that activity. As overheads are limited largely to the administration of members (which is sourced through NomadIT), and the occasional meetings of the Executive and Conference Committees, we believe that the finances are sound.

Investment Policy

Aside from retaining a prudent amount in reserves each year most of the charity's funds are to be spent in the short term. No funds at present are available for long term investment.

Reserves Policy

The executive committee has examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby Executive Committee meetings - held 2 to 3 times per year - review current reserves in the light of an overall annual budget.

Responsibilities of the Trustees

Company law requires the trustees to prepare financial statements for each financial period which gives a true and fair view of the state of the affairs of the company and of the income and expenditure of the company for that period. In preparing these the trustees are required to:-

- select suitable accounting policies and apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the company will continue in business

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets for the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

This report was approved by the directors on 22nd January 2008 and signed on its behalf by

Notes to the Financial Statements for the period 1 August 2006 to 31 December 2007

1. Accounting Policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the period.

(a) Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007), the Companies Act 1985 and the Statement of Recommended Practice: Accounting and Reporting by Charities issued in March 2005.

The change in the accounting date was to match the accounts to the membership year, which runs January to December the natural financial cycle of the charity.

(b) Fund accounting

- Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.
- Restricted funds are subjected to restrictions on their expenditure imposed by the donor.

(c) Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Voluntary income is received by way of grants, donations, membership subscriptions and gifts and is included in full in the Statement of Financial Activities when receivable.
- Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.
- Investment income is included when receivable.
- Incoming resources from grants conferences and workshops where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance. This could result in income from the bi-ennial conferences being deferred until the conference takes place.
