NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 NOVEMBER 2017

1 Statutory information

Aftab Ali Limited is a private company, limited by shares, registered in England and Wales, registration number 05289427. The registered office is 354 Westdale Lane, Mapperley, Nottingham, NG3 6ET.

2 Compliance with accounting standards

The accounts have been prepared in accordance with the provisions of FRS 102 Section 1A Small Entities. There were no material departures from that standard.

3 Accounting policies

These financial statements for the year ended 30 November 2017 are the first financial statements that comply with FRS 102 Section 1A Small Entities. The date of transition is 1 December 2015.

The transition to FRS 102 Section 1A Small Entities has resulted in a small number of changes in accounting policies to those used previously.

The nature of these changes and their impact on opening equity and profit for the comparative period are explained in the notes below.

Basis of preparation

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets.

Presentation currency

The accounts are presented in £ sterling.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. Turnover from the sale of goods is recognised when goods have been delivered to customers such that risks and rewards of ownership have transferred to them. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax assets and liabilities are not discounted.
