ACCOUNTING POLICIES.

1.1 BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and include the results of the company's operations which are described in the Director's Report all of which are continuing

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 TURNOVER

Turnover represents the invoiced value of sales and work done (adjusted for work in progress where relevant)

1.3 TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided using the rates to reduce by annual instalments the cost, less estimated residual value, of the tangible assets over their estimated useful lives:-

Plant and Machinery

25% Reducing balance

1.4 STOCKS

Stocks are valued at the lower of cost and net realisable value after making due allowances for obsolete or slow-moving stocks. Cost includes all direct costs and an appropriate proportion of variable overheads.

1.5 TAXATION

The charge for taxation is based on the results for the year calculated at the small companies rate as adjusted for disallowable items and claims for capital allowances. Provision is not made for any liability which might arise in the event of assets being realised at Balance Sheet values. The Director is of the opinion that the likelihood of any material liability arising in this respect is remote and no useful purpose would be served by quantifying any such potential liability.
