For the year ending 28 February 2015 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the board on 22 July 2015 and signed on their behalf by

D Lister
Director

BX SERVICES LIMITED

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 28 FEBRUARY 2015

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1b. Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Commercial Vehicles	reducing balance 25%
Equipment	reducing balance 25%

1c. Taxation

Corporation tax payable is provided on taxable profits at the current rates.

Provision is made for deferred taxation in so far as a liability or asset has arisen as a result of transactions that had occurred by the balance sheet date and have given rise to an obligation to pay more tax in the future, or the right to pay less tax in the future. An asset has not been recognised to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities recognised have not been discounted.

1d. Pension Costs

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

1e. Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

1f. Leases

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet at their fair value and depreciated over their expected useful lives. The interest element of leasing payments represents a constant proportion of the capital balance outstanding and is charged to the profit and loss account over the period of the lease. All other leases are regarded as operating leases and the payments made under them are charged to the profit and loss account on a straight line basis over the lease term.
