NOTES TO THE UNAUDITED ABBREVIATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 28 FEBRUARY 2015

1 Accounting policies

Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Going concern

The company has net liabilities which might indicate that it is not a going concern. However, the directors have confirmed that they will continue to support the company for the foreseeable future and that creditors will be paid when they fall due. Based on this, the directors are of the opinion that the going concern basis is appropriate.

Turnover

Turnover represents amounts receivable for ground rents and services.

Financial instruments

Financial instruments are classified and accounted for according to the substance of the contractual arrangement as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
