ALPHA PROSPECTS LIMITED

CHAIRMAN'S STATEMENT

I am pleased to present the financial results for Alpha Prospects Limited for the 12 month period ending 28th February 2020.

The comprehensive loss for the period was £27,364 (2019 £181,755). The results were in line with management expectations. However, the net Balance Sheet value increased by £476,865.

Over the years Alpha has taken share stakes in a range of companies across several sectors but in the last 5 years the Company has concentrated on the energy sector; an area where we have made significant progress.

Share issues

During the period the Company has issued a total of 7,513,148 Ordinary Shares at 5.5p. Warrants totalling 10,612,934 were exercised at a price of 2p.

Post Period

Between 1st March and 31st August 2020 554,545 shares were issued at 5.5p.

Transactions

Clifton Africa

The Company has increased its holding in Clifton Africa, investing a further £66,667, taking its holding to 3.2%. Clifton Africa is a UK company set-up to commercially engage in trading activities throughout Africa by engaging with on-the-ground partners. Its geographical focus includes Cote d' Ivoire, Ghana, Cameroon, Uganda and Kenya.

Redford Day

In August 2019 Alpha invested a further US\$500,000 (£413,323) in Redford Day, LLC satisfied by the issue of 7,713,148 new Alpha Ordinary Shares at a price of 5.5 pence per share. Following the transaction Alpha Prospects has a 3.3% holding in Redford Day, LLC. Redford Day, LLC has a focus on USA start-up businesses, preferably in the early stages of operation.

Active Energy Group

In November 2019 the Company subscribed for £100,000 CULs in Active Energy Group Plc.

Outlook

Alpha currently holds 11 investments including the majority interest in two energy related companies - each at different ends of the energy development cycle:

- *Tasmanian Oil and Gas Australia* - established to develop known oil and gas prospects in Tasmania
- *Plasmoid Power* - a green engine. During 2020/21 the engine will be independently tested for both fuel savings and emissions, following successful in-house bench tests

Finally, on behalf of the Board I would like to take this opportunity of thanking the Company's advisors for their support and assistance throughout the year.

Steven Freudmann

ALPHA PROSPECTS LIMITED

STRATEGIC REPORT

The Directors present their strategic report on the Company for the year ended 28 February 2020

Review of business

Information on the Company's activities is contained in the Chairman's Statement on page 1.

Key performance indicators

Management regularly review financial results compared to budgets and forecasts. In addition, key performance indicators are monitored to highlight any unexpected trends and appropriate action taken if required. These KPIs include:

- The commerciality of each investment is evaluated regularly.
- Costs are monitored against plan and current needs.
- Cash is monitored closely to ensure the Company avoids an overdraft at all times.

Future developments

The Directors believe the business is well positioned to grow over the next 5 years. Our focus is to continue specialising in investing in small companies which we believe will produce both asset and/or profit growth.

Our strategy also recognises that while profits and growth are key, with success comes responsibility and we therefore look to play an important role in supporting the communities our investee companies operate in and being mindful of their impact they have on the environment.

By Alpha investing in a diverse selection of investments, both in industries and regions, the Company view is that it is protected from the business cycle in any one sector.

Alpha plans to continue to grow by acquisition, using its shares as currency until such time as certain investments have been realised for cash or dividends received, at which point the Company will look to commence a progressive dividend policy.

By order of the Board,

C K Foster
Director

ALPHA PROSPECTS LIMITED

DIRECTORS' REPORT

The Directors present their report and the audited financial statements of the Company for the year ended 29 February 2020.

Principal activities

The principal activity of the Company was acquiring or investing in listed and unlisted companies.

Results and dividends

The Directors do not recommend the payment of a dividend for the year.

Directors

The following directors have held office since 1 March 2019:

C K Foster

S Freudmann

Directors' interests

The Directors' interests in the share capital of the Company at the period-end were as stated below:

	Ordinary Shares of 1p 2020	2019
C K Foster	91,451,730	91,451,730
S Freudmann	9,927,454	9,927,454

The interests of Directors (including persons connected with them within the meaning of Section 253 to 255 of the Companies Act 2006) holding office at 29 February 2020 in the options over the share capital of the Company were as follows:

	2020 Number	2019 Number
3 pence options		
C K Foster	6,000,000	6,000,000
S Freudmann	1,300,000	1,300,000

Policy and practice on payment of creditors

The Company's policy is to pay its suppliers, generally, by the end of the month following that in which the suppliers' invoices are received. In respect of the financial year ended 29 February 2020, creditors' days have been calculated at 43 days (2019: 33 days).

Financial Risk Management

The Company's exposure to the variety of financial risks is as follows:

(a) Market Risk

Fair value and cash flow interest rate risk

The company does not have significant cash balances which expose it to movements in market interest rates.

(b) Credit risk

Trade debtors are reviewed on a regular basis and provision is made for doubtful debts when necessary.

(c) Liquidity risk

The Company manages its cash and borrowing requirements in order to maximise interest income and minimise interest expense.

(d) Foreign exchange risk

The Company does not have any direct exposure to foreign exchange risk but indirectly through its investments.

Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising returns to shareholders. It is the current strategy of the Company to finance its activities from existing equity and reserves and by the issue of new equity as required.

ALPHA PROSPECTS LIMITED

DIRECTORS' REPORT

Other risks management

The Company's operations expose it to a variety of financial risks that include the effects of changes in interest rates, liquidity risk and credit risk. A greater proportion of the Company's assets and liabilities are denominated in sterling it has minimal exposure to foreign exchange risk. Given the size of the Company, the Directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards as adopted by the European Union. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the financial performance and cash flows of the Company for that year. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether in preparation of the Company financial statements the Company has complied with IFRS as adopted by the European Union, subject to any material departures disclosed and explained in the financial statements; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

ALPHA PROSPECTS LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 29 FEBRUARY 2020

1. GENERAL INFORMATION

Alpha Prospects Limited (the 'company') is an investment holding company.

The company is a public limited company which was listed on the GXG market until its closure of the marketplace on 18 August 2015 at which point the company de-listed from the market. The company was incorporated and is domiciled in the UK. The address of its registered office is Fisher and Partners, Princes Drive Estate, Coventry Road, Kenilworth, Warwickshire, CV8 2FD

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union, International Financial Reporting Interpretations Committee ("IFRIC") interpretations and the Companies Act 2006 applicable to companies reporting under IFRS. The functional and presentational currency for the financial statements is sterling. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of available for sale financial assets at fair value through the statement of comprehensive income.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

2.1.1 Going concern

The Board has a strategic plan for the next two years which sees the Company towards profitability. Central to this are proposed cash injection, monetisation of available for sale financial assets and fundraising.

Whilst the Directors are presently uncertain as to the outcome of the fundraising, they believe that it is appropriate for the financial statements to be prepared on the going concern basis having considered the forecasts for the twelve-month period from the date of signing these financial statements and believe that the Company's financial resources will be sufficient to enable the Company to continue in operation for the foreseeable future after taking into account the successful and planned fundraising. The financial statements do not include any adjustments that would result if the Company is unable to continue as a going concern.

2.1.2 New and revised standards

The following IFRS and IFRIC Interpretations have been issued and have been applied by the Company in preparing these financial statements:

IFRS 16, 'Leases'

IFRIC 23, 'Uncertainty over income tax treatments'

IFRS 16 Leases has introduced a single, on-balance sheet accounting model for lessees, eliminating the distinction between operating and finance leases.

There are a number of standards, amendments to standards, and interpretations which have been issued by the IASB that are effective in future accounting periods that the group has decided not to adopt early. The most significant of these are as follows, which are all effective for the period beginning 1 January 2020:

IAS 1, 'Presentation of Financial Statements'

IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (Amendment - Definition of Business)

IFRS 3, 'Business Combinations' (Amendment - Definition of Business)

Revised Conceptual Framework for Financial Reporting

ALPHA PROSPECTS LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 29 FEBRUARY 2020

The Directors do not expect that the adoption of the Standards listed above will have a material impact on the Company in future periods.

A number of IFRS and IFRIC interpretations are also currently in issue which are not relevant for the Company's activities and which have not therefore been adopted in preparing these financial statements.

2.2 Property, plant and equipment

All property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

All assets are depreciated in order to write off the costs, less anticipated residual values of the assets over their useful economic lives on a straight line basis as follows:

- Computer equipment: 3 years

2.3 Associates

Associates are all entities over which the group exercises significant influence but does not exercise control. Investments in associates are accounted for using the equity method of accounting and are initially recognised at cost, which includes goodwill identified on acquisition, net of any accumulated impairment loss. The group's share of its associate's profits or losses after acquisition of its interest is recognised in the income statement and cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Where the group's share of losses of an associate equals or exceeds the carrying amount of the investment, the group only recognises further losses where it has incurred obligations or made payments on behalf of the associate.

2.4 Financial assets

The Company classifies its financial assets as either at fair value through profit and loss, or as available for sale financial assets. The Company does not hold any held to maturity financial assets.

The classification is dependent on the purpose for which the financial assets are acquired and is determined by the Directors on initial recognition.

Financial assets at fair value through profit or loss are financial assets which are held for trading. A financial asset is classified as at fair value through profit or loss if it is acquired principally for the purpose of selling in the short term. Derivatives are also classified as held for trading unless they are designated as effective hedges. Such assets are classified as current assets. Financial assets at fair value through profit or loss are shown at fair value at each reporting date with changes in fair value shown in the income statement.

Available for sale financial assets consist of equity investments in other companies where the Company does not exercise either control or significant influence. Available for sale financial assets are shown at fair value at each reporting date with changes in fair value being shown in the statement of comprehensive income.

Where financial assets are quoted the fair value at each reporting date is based on the quoted bid price at that date. Where an available for sale financial asset consists of an equity investment in an unquoted company where a reliable fair value cannot be determined, such investments are shown at cost less impairment.

2.5 Trade and other receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised at fair value subsequently measured at amortised cost using the effective interest method, less any appropriate allowance for estimated irrecoverable amounts.

2.6 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and other short term highly liquid deposits with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

2.7 Share capital

Ordinary shares of the Company are classified as equity. Mandatorily redeemable preference shares and other classes of share where an obligation exists to transfer economic benefits are classified as liabilities.

Costs directly attributable to issue of new shares are shown in equity as a deduction.

ALPHA PROSPECTS LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 29 FEBRUARY 2020

2.8 Reserves

The Company financial statements include the following reserves: share premium account, shares to be issued reserve and retained earnings. Premiums paid on the issue of share capital, less any costs relating to these, are posted to the share premium account. The Company issues share options that are accounted for as share-based payments; this charge is credited to the shares to be issued reserve (see policy on share-based payments). Also the Company classifies the liability elements of convertible loan notes as part of the shares to be issued reserve. Retained earnings reserve records the accumulated losses.

2.9 Trade payables

Trade payables are recognised initially at fair value and are subsequently measured at amortised cost using the effective interest method. As the payment period of trade payables is short future, cash payments are not discounted as the effect is not material.

All borrowings are classified as current unless the Group has an unconditional right to defer payment of the borrowings until at least twelve months from the balance sheet date.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial information in accordance with generally accepted accounting practice, in the case of the Company being IFRS as adopted by the European Union, requires the Directors to make estimates and judgements that affect the reported amount of assets, liabilities, income and expenditure and the disclosures made in the financial statements. Such estimates and judgements must be continually evaluated based on historical experience and other factors, including expectations of future events.

The significant judgements made by management in applying the Company's accounting policies as set out above, and the key sources of estimation, were:

- Impairment of available for sale financial asset: At each reporting date the changes in fair value are shown in the income statement. The bid price on reporting date for quoted assets is used to determine the fair value of the asset. Where fair value cannot be reliably determined for equity investment in an unquoted company, impairment is tested annually.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 29 FEBRUARY 2020

13. LOSS PER SHARE

Basic loss per share is calculated by dividing the loss attributable to equity holders of the company by the weighted average number of ordinary shares in issue during the period.

	2020	2019
Loss attributable to equity holders of the company (£)	(25,262)	(62,362)
Weighted average number of ordinary shares in issue	376,894,354	364,954,696
Basic loss per share (pence per share)	(0.01)	(0.02)

Diluted loss per share is calculated by adjusting the weighted average number of ordinary shares in issue to assume the conversion of all dilutive potential ordinary shares. Due to the loss for the year diluted loss per share is the same as the basic loss per share.
