Trustees are appointed at the Annual General Meeting. Any director of the company is automatically a trustee of the charity.

New trustees are assisted by existing trustees and are directed to Charity Commission publications regarding trustee responsibility.

None of the trustees has any beneficial interest in the company. All of the trustees are members of the company and guarantee to contribute £1 in the event of liquidation of the company.

Objectives and Activities for the Public Benefit

The main objective of the charity, and principal activity of the company, is to provide facilities in the interest of social welfare for the recreation and other leisure time of the inhabitants of Beamminster. This is being achieved following the construction of a Pavilion and Community Centre and the management and maintenance of this facility. The facility was opened in July 2010 and it is being made available for the use of various local sports groups and organisations.

In setting our objectives and planning our activities, the trustees have complied with the duty in section 17(5) of the Charities Act 2011 to give careful consideration to the Charity Commission's general guidance on public benefit. The activities of the charity will benefit the inhabitants of Beamminster by providing and maintaining high quality facilities at the playing fields.

Achievements and performance

The facilities have continued to be used by numerous organisations in Beamminster and the local area. There are a number of organisations that now make regular use of the hall and playing fields. The hall is also frequently hired to individuals for private events. As a result of the pavilion opening back up after Covid-19 the hall hire and rent income have increased, the results of the year reflect this.

The charity holds sufficient reserves to continue to maintain the facilities. The provision of these facilities at the playing field continues to make a real difference to the sports and other clubs that use them and to the community of Beamminster.

Financial Review and Reserves Policy

At the year end the balance sheet shows the charity has a strong financial position.

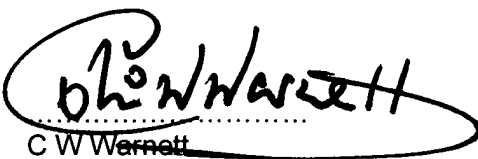

Unrestricted funds include cash reserves of £16,616 (2021: £22,988) which the trustees consider to be more than sufficient to meet the pavilion's running costs for at least six months. Based on current levels of spending these funds would be sufficient to keep the facilities running for approximately four years. Unrestricted cash reserves are at their current level partly due to donations and grants received from local organisations. The trustees are extremely grateful for this financial support.

Risk management

The charity trustees have considered the major risks to which the charity is exposed. They have reviewed those risks and have established systems and procedures to manage them appropriately.

1 Accounting policies (cont'd)

Resources expended

Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Fixed assets

Fixed assets are valued at cost less depreciation. No assets are capitalised under £400.

Depreciation is calculated to write off the cost or valuation of fixed assets over their estimated useful lives at the following rates:-

Freehold interest in land and buildings	– 2% straight line basis
Plant and machinery	– 20% straight line basis

Debtors

Trade debtors are recognised at the settlement amount due.

Cash at bank and in hand

Cash at bank and in hand comprise cash on hand and call deposits that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Creditors

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are recognised at their settlement amount.

Taxation

As a registered charity, the company is exempt from corporation tax and capital gains tax, but not value added tax (VAT). Irrecoverable VAT is included in the costs of those items to which it relates.

The charity only holds basic financial instruments as defined in FRS 102. The financial assets and liabilities of the charity and their measurements are as follows:

Financial assets – trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost. Prepayments are not financial instruments.

The unrestricted fund relates to income received in the form of hire fees for the use of the facilities and unrestricted donations. This fund will be applied in the maintenance of the sports ground facilities.

The restricted fund arose on the receipt of grants specifically to be expended in relation to capital projects to improve the facilities at the Memorial Sports Field in Beamminster. The major project undertaken in relation to these funds was the construction of the new pavilion.

Following the completion of the pavilion incoming resources to restricted funds are donations or grants where the donor or grantor have specified how the resources are to be used by the charity. Expenditure on the restricted fund is the depreciation of the pavilion, plus any additional spend of amounts donated.
